Quando in Italia si facevano i computer

Giorgio Garuzzo

2015-11-07 Grazie alla lungimiranza di Adriano Olivetti negli anni 1950 e 1960 l'Italia sviluppò una propria industria dei grandi computer elettronici, ottenendo eccellenti risultati con la gamma "Elea", avanzata e competitiva con i concorrenti americani. La scomparsa prematura dei creatori dell'impresa e l'insipienza del mondo imprenditoriale e finanziario italiano pose fine a quella straordinaria intrapresa. L'Autore di questa autobiografia, allora giovane progettista al lavoro nei grandi centri di ricerca di Borgolombardo e Pregnana, descrive azienda, macchine e protagonisti di quel periodo d'oro dell'elettronica informatica italiana. Il testo si pone come la continuazione, ma a ritroso nel tempo, del libro, anch'esso autobiografico, che l'Autore scrisse sulla Fiat degli anni 1976-1996 ("Fiat - I segreti di un'epoca" reperibile come e-book). Usando il medesimo approccio narrativo, non si esime dal toccare anche temi scottanti, denunciando senza remore le debolezze dell'oligarchia finanziaria del Paese che condusse

grandi temi socio-economici del tempo, dal "miracolo economico" con l'emigrazione di massa dal sud e dalle montagne, fino all' "autunno caldo" del 1969. Si spinge fino a valutare quanti guai avrebbero potuto essere risparmiati all'Italia se l'illuminata visione di un capitalismo etico e moderno, come propugnato da Adriano Olivetti, avesse prevalso, invece della miope speculazione di industriali e finanzieri e del parassitismo dirigistico di sindacalisti e politici. Il ciclo storico si conclude idealmente con l'ultimo capitolo che racconta della cessione della telefonia Olivetti, che l'Autore visse nel 1996 da vicepresidente dell'azienda d'Ivrea guidata da Carlo De Benedetti, ormai prossima alla fine.

The Children's Home

Charles Lambert

2016-01-05 In a sprawling estate Morgan Fletcher, the disfigured heir to a fortune of mysterious origins, spends his days in quiet study, avoiding his reflection in mirrors and the lake at the end of his garden. Two children, Moira and David, appear, and Morgan gives them free reign of the mansion he shares with his housekeeper Engel. Then more children begin to show up. The Summer Proposal Vi Keeland 2022-01-10 A new, sexy standalone from #1 New York Times Bestseller, Vi Keeland. The first time I met Max Yearwood was on a blind date. Max was insanely gorgeous, funny, and our chemistry was off the charts. He also had the biggest dimples I'd ever laid eyes on. Exactly what I needed after my breakup. Or so I thought... Until my real date arrived. Turned out, Max wasn't who I was there to meet. He only pretended to be until my real date

showed up. To say I was disappointed would be an understatement. Before he left, he slipped me a ticket to a hockey game a few blocks away, in case things didn't work out on my actual date. I tossed the ticket into my purse and went about trying to enjoy the man I was supposed to meet. But my real blind date and I had no connection. So on my way home, I decided to take a chance and stop by the game. When I arrived, the seat next to me was empty. Disappointed again, I decided to leave at the end of the period. Just before the buzzer, one of the teams scored, and the entire arena went crazy. A player's face flashed up on the Jumbotron. He was wearing a helmet, but I froze when he smiled. You guessed it: Dimples. Apparently, my fake blind date hadn't invited me to watch hockey with him, he'd invited me to

play. And so began my adventure with Max Yearwood. He was everything I needed at the time—fun, sexy, up for anything, and only around for a few months since he'd signed with a new team three-thousand miles away. Max proposed we spend the summer helping me forget my ex. It sounded like a good plan. Things couldn't get too serious when we had an expiration date. Right? Though, you know what they say about the best-laid plans.
