Chronicles of Old Boston Charles Bahne 2012-04-01 Discover one of America's most historic cities through 30 dramatic true stories spanning Boston's 400-year history, and then visit the places where history happened on walking tours of the city's historic neighborhoods. Boston expert Charles Bahne reveals some of the city's most shocking moments, from a murder mystery on the Harvard campus to the mistake that sent two million gallons of molasses pouring down Commerce Street. Other essays explore major historic events including the Boston Tea Party and the ride of Paul Revere to the establishment of the Red Sox and Fenway Park. The book also contains stories about John Hancock, Charles Bulfinch, Fredrick Law Olmsted, Alexander Graham Bell, Isabella Stewart Gardner, the Kennedys, and more.

Indian New England Before the Mayflower Howard S. Russell 1983-06-01 Provides a history of the New England Indians and examines their food, housing, and lifestyle

The New England Mind Perry MILLER 2009-06-30 The New England Mind: From Colony to Province is one of Perry Miller's masterworks, exploring the intellectual history of the Puritans through a deep investigation of the thought of the Puritan divines. In this book, as well as

its predecessor *The New England Mind: The Seventeenth Century*, Miller asserts a single intellectual history for America that could be traced to the Puritan belief system.

The English Exploration of America 1901

Saints and Strangers Joseph A. Conforti 2006-01-09 A history of colonial New England, this work synthesizes the scholarship to explore how Puritan saints and "strangers" to Puritanism participated in the making of colonial New England. Aimed at general readers and college students as well as historians, it shows that New England was neither as Puritan nor as insular as most familiar stories imply.

Military History of the United States (Early Exploration through American Civil War) Rodger Woltjer

An Indigenous Peoples' History of the United States

Roxanne Dunbar-Ortiz 2014-09-16 New York Times Bestseller Now part of the HBO docuseries "Exterminate All the Brutes," written and directed by Raoul Peck Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it

with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, *An Indigenous Peoples' History of the United States* is an essential resource providing historical threads that are crucial for understanding the present. In *An Indigenous Peoples' History of the United States*, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative. *An Indigenous Peoples' History of the United States* is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature.

The History of North America: Discovery and exploration, by A. Brittain, in conference with G.E. Reed Guy Carleton Lee 1903

Before Brooklyn Ted Reinstein 2021-11-01 In the April of 1945, exactly two years before Jackie Robinson broke the color barrier in major league baseball, liberal Boston City Councilman Izzy Muchnick persuaded the Red Sox to try out three black players in return for a favorable vote to allow the team to play on Sundays. The Red Sox

got the councilman's much-needed vote, but the tryout was a sham; the three players would get no closer to the major leagues. It was a lost battle in a war that was ultimately won by Robinson in 1947. This book tells the story of the little-known heroes who fought segregation in baseball, from communist newspaper reporters to the Pullman car porters who saw to it that black newspapers espousing integration in professional sports reached the homes of blacks throughout the country. It also reminds us that the first black player in professional baseball was not Jackie Robinson but Moses Fleetwood Walker in 1884, and that for a time integrated teams were not that unusual. And then, as segregation throughout the country hardened, the exclusion of blacks in baseball quietly became the norm, and the battle for integration began anew.

Yankee's New England Adventures Editors of Yankee Magazine 2018-05-01 The experts at New England's iconic Yankee magazine have distilled nearly a century of experience and knowledge into the guide you have been waiting for. Yankee's New England Adventures is the go-to source for in-depth travel information, with the same stunning photography and practical know-how they bring to you every month. Whether you are interested in exploring the vibrant culture of tiny villages or big cities, eating outstanding meals in colonial inns or vintage diners, rambling through art museums or up steep wooded hills, this is the guide for you. An island stuck in the 19th century? A walk-in, stained-glass globe? A place where you can eat Thanksgiving dinner every day of the year? From the golden dunes of Nantucket to the alpine tundra of the White Mountains, from the blue waters of Lake Champlain to the green grass of Boston Common, travelers and residents alike will find over 400

local secrets, out-of-the-way places, and unique experiences in all six states of this remarkable region of America. Live the Yankee lifestyle and get on the road with Yankee's New England Adventures.

New England's General Stores Ted Reinstein 2017-10-13 Explore the fabric of America over hot coffee and penny candy. Step through the wooden doors of a New England general store and step back in time, into a Norman Rockwell painting and into the heart of America. New England's General Stores offers a nostalgic picture of this colonial staple and, fortunately, steadfast institution of small towns from Connecticut to Maine. This is where children of each generation take their first allowance to buy their very own penny candy. Locals have swapped stories at these counters from gossip to whispers of revolution. In tough times, the general store treated customers like family, extending credit when no one else would. Stubborn as New Englanders themselves, the general store has refused to become a mere sentimental relic of an earlier age.

Old Country Stores of New Hampshire Bruce D. Heald 2013-04-09 Often hidden on the back roads and byways of the Granite State, country stores are an essential and beloved part of the state's character. Developed from trading posts as travelers settled throughout the state, they are recognizable for their vast array of merchandise and a fragrant blend of tobacco, spices and coffee. The country store became the center of the community, where residents could play checkers, mail letters, attend town meetings and shop. They are still fixtures in many towns today, including the Brick Country Store in Bath, considered to be the oldest in the United States, dating back to 1790; Fadden's General Store and Sugarhouse in North Woodstock, which produces

award-winning maple syrup; and the Old Country Store in Moultonborough, which had its beginnings as a tavern. Historian Bruce D. Heald, PhD, chronicles New Hampshire's historic country stores and the keepers behind these unique local landmarks.

The Traprock Landscapes of New England Peter M. LeTourneau 2017-01-03 Stunning photography and fact-filled text reveal new perspectives on southern New England's most unique natural region. A picturesque journey through the traprock highlands from New Haven, Connecticut to Amherst, Massachusetts, this book captures the majesty of wild windswept cliffs, panoramic summit vistas, and intimate details of the natural world through the eyes of an artist and the mind of a scientist. By tracing the influence of natural history on cultural development in the Connecticut Valley, the authors present a compelling argument that the rocky highlands are landscapes of national significance, where the particular combination of geology, geography, water resources, climate, and human settlement fostered vital developments in Early American science, education, agriculture, manufacturing, technology, and the creative arts. Through vibrant color photographs of high alpine crags and lush forests, thundering waterfalls and splashing cascades, and close-up views of the rocks, flowers, and birds, *The Traprock Landscapes of New England* presents the incomparable beauty of the region as never before. Overflowing with information, long-time fans, first-time visitors, nature lovers, rock climbers, history buffs, land use managers, and many others will find plenty to satisfy in the detailed text and captions, crisp photos, historical images, informative maps, and more. Showcasing popular locales, and revealing "secret spots," this must-have resource will

encourage old friends and newcomers alike to visit the rugged crags once called "the boldest and most beautiful" landscapes in New England.

New England's Roadside Ecology Tom Wessels 2021-09-14 New England's preeminent ecologist reveals 30 landscapes of spectacular natural beauty that are easily accessible from nearby roadsides.

Scenic Driving New England Stewart M. Green 2019-05-01 Pack up the car and enjoy gorgeous drives through some of the most spectacular scenery the area has to offer. This series of indispensable highway companions maps out short trips for exploring scenic byways and back roads. Whether you embark on an adventure that winds along mountainsides, cuts through open fields, or shows off the shoreline, the road trips in our *Scenic Driving* guides will transform your passenger seat into a front row seat to experience natural beauty at its finest. Inside you'll find: Itineraries from 20 to more than 200 miles Route map for each drive In-depth descriptions of attractions Optional side trips to museums, parks, and landmarks Tips on lodging, camping, dining, travel services, and best driving seasons

Exploring American History D. H. Montgomery 2007-08
Wicked Pissed Ted Reinstein 2016-04-01 From sports to politics, food to finance, aviation to engineering, to bitter disputes over simple boundaries themselves, New England's feuds have peppered the region's life for centuries. They've been raw and rowdy, sometimes high minded and humorous, and in a place renowned for its deep sense of history, often long-running and legendary. There are even some that will undoubtedly outlast the region's ancient low stone walls. Ted Reinstein, a native New Englander and local writer, offers us fascinating stories, some known, others not so much,

from the history of New England in this fun, accessible book. Bringing to life many of the fights, spats, and arguments that have, in many ways, shaped the area itself, Reinstein demonstrates what it really means to be Wicked Pissed.

Peter's War Joyce Lee Malcolm 2009-02-03 A riveting narrative of a New England slave boy caught up in the American Revolution A boy named Peter, born to a slave in Massachusetts in 1763, was sold nineteen months later to a childless white couple there. This book recounts the fascinating history of how the American Revolution came to Peter's small town, how he joined the revolutionary army at the age of twelve, and how he participated in the battles of Bunker Hill and Yorktown and witnessed the surrender at Saratoga. Joyce Lee Malcolm describes Peter's home life in rural New England, which became increasingly unhappy as he grew aware of racial differences and prejudices. She then relates how he and other blacks, slave and free, joined the war to achieve their own independence. Malcolm juxtaposes Peter's life in the patriot armies with that of the life of Titus, a New Jersey slave who fled to the British in 1775 and reemerged as a feared guerrilla leader. A remarkable feat of investigation, Peter's biography illuminates many themes in American history: race relations in New England, the prelude to and military history of the Revolutionary War, and the varied experience of black soldiers who fought on both sides.

The Generall Historie of Virginia John Smith 2006

Breaking Bread Debra Spark 2022-05-24 Nearly 70 renowned New England writers gather round the table to talk food and how it sustains us—mind, body, and soul A collection of essays by top literary talents and food writers,

Breaking Bread celebrates local foods, family, and community, while exploring how what's on our plates engages with what's off: grief, pleasure, love, ethics, race, and class. Here, you'll find Lily King on chocolate chip cookies, Richard Russo on beans, Jennifer Finney Boylan on homemade pizza, Susan Minot on the non-food food of her youth, and Richard Ford on why food doesn't much interest him. Nancy Harmon Jenkins talks scallops, and Sandy Oliver the pleasures of being a locavore. Other essays address a beloved childhood food from Iran, the horror of starving in a prison camp, the urge to bake pot brownies for an ill friend, and the pleasure of buying a prized chocolate egg for a child. Profits from this collection will benefit Blue Angel, a nonprofit combating food insecurity by delivering healthy food from local farmers to those in need.

English Colonies in America ...: The Puritan colonies
John Andrew Doyle 1889

Inventing New England Dona Brown 1997-11-17 Quaint, charming, nostalgic New England: rustic fishing villages, romantic seaside cottages, breathtaking mountain vistas, peaceful rural settings. In *Inventing New England*, Dona Brown traces the creation of these calendar-page images and describes how tourism as a business emerged and came to shape the landscape, economy, and culture of a region. By the latter nineteenth century, Brown argues, tourism had become an integral part of New England's rural economy, and the short vacation a fixture of middle-class life. Focusing on such meccas as the White Mountains, Martha's Vineyard, Nantucket, coastal Maine, and Vermont, Brown describes how failed port cities, abandoned farms, and even scenery were churned through powerful marketing engines promoting nostalgia. She also examines the irony

of an industry that was based on an escape from commerce but served as an engine of industrial development, spawning hotel construction, land speculation, the spread of wage labor, and a vast market for guidebooks and other publications.

New England Weather, New England Climate Gregory A. Zielinski 2005-06 A comprehensive, accessible guide to a subject near and dear to every New Englander's heart: the weather

French Exploration and Settlements in North America, and Those of the Portuguese, Dutch, and Swedes, 1500-1700 1884

The English in America John Andrew Doyle 1887
Colonial Ecology, Atlantic Economy Strother E. Roberts 2019-04-11 Focusing on the Connecticut River Valley—New England's longest river and largest watershed—Strother Roberts traces the local, regional, and transatlantic markets in colonial commodities that shaped an ecological transformation in one corner of the rapidly globalizing early modern world. Reaching deep into the interior, the Connecticut provided a watery commercial highway for the furs, grain, timber, livestock, and various other commodities that the region exported. *Colonial Ecology, Atlantic Economy* shows how the extraction of each commodity had an impact on the New England landscape, creating a new colonial ecology inextricably tied to the broader transatlantic economy beyond its shores. This history refutes two common misconceptions: first, that globalization is a relatively new phenomenon and its power to reshape economies and natural environments has only fully been realized in the modern era and, second, that the Puritan founders of New England were self-sufficient ascetics who sequestered themselves from the corrupting influence of the wider world. Roberts argues, instead, that colonial New England was an integral part of Britain's expanding imperialist commercial economy. Imperial planners envisioned New England as a region able to

provide resources to other, more profitable parts of the empire, such as the sugar islands of the Caribbean. Settlers embraced trade as a means to afford the tools they needed to conquer the landscape and to acquire the same luxury commodities popular among the consumer class of Europe. New England's native nations, meanwhile, utilized their access to European trade goods and weapons to secure power and prestige in a region shaken by invading newcomers and the diseases that followed in their wake. These networks of extraction and exchange fundamentally transformed the natural environment of the region, creating a landscape that, by the turn of the nineteenth century, would have been unrecognizable to those living there two centuries earlier.

Travels with Charley in Search of America John Steinbeck 1997-04-01 An intimate journey across America, as told by one of its most beloved writers A Penguin Classic In September 1960, John Steinbeck embarked on a journey across America. He felt that he might have lost touch with the country, with its speech, the smell of its grass and trees, its color and quality of light, the pulse of its people. To reassure himself, he set out on a voyage of rediscovery of the American identity, accompanied by a distinguished French poodle named Charley; and riding in a three-quarter-ton pickup truck named Rocinante. His course took him through almost forty states: northward from Long Island to Maine; through the Midwest to Chicago; onward by way of Minnesota, North Dakota, Montana (with which he fell in love), and Idaho to Seattle, south to San Francisco and his birthplace, Salinas; eastward through the Mojave, New Mexico, Arizona, to the vast hospitality of Texas, to New Orleans and a shocking drama of desegregation; finally, on the last leg, through Alabama, Virginia,

Pennsylvania, and New Jersey to New York. Travels with Charley in Search of America is an intimate look at one of America's most beloved writers in the later years of his life—a self-portrait of a man who never wrote an explicit autobiography. Written during a time of upheaval and racial tension in the South—which Steinbeck witnessed firsthand—Travels with Charley is a stunning evocation of America on the eve of a tumultuous decade. This Penguin Classics edition includes an introduction by Jay Parini. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Three Episodes of Massachusetts History Charles Francis Adams 1892

New England Notebook Ted Reinstein 2013-05-21 Looking to

buy some medieval armour? In the mood for an orchestra of typewriters? Perhaps you'd like to sift through handcrafted cashmere scarves while chatting up Indiana Jones' lovely co-star? Know where to find America's oldest baseball diamond, New England's smallest town, or Grover Cleveland's impossibly-young (and spitting-image) grandson (think about it)? New England Notebook offers the answers to these questions and more in a blend of the region's most singular and noteworthy nuggets of history, people, and culture. This is a collection of colorful facts, stories and anecdotes, plus a savvy selection of unusual eats, goods, services and events. Whether it's finding a little-known museum of Titanic

memorabilia, an underwater escape artist, or the smallest bar, both casual readers and dedicated lovers of all things New England will share a hearty—and humorous—sense of, “Who knew?” Written by a native New Englander and WCVB on-air reporter, New England Notebook goes beyond the merely curious, though it offers plenty of intriguing tidbits, unusual museums, fascinating characters, and many pieces of trivia and little-known facts.
