Ancient Egyptian Legends
Margaret A. Murray

2012-10-01 IN this book
the legends of the Gods
of ancient Egypt have
been retold. Legends,
which were current in
the "morning of the
world," preserved to the
present day engraved on
stone and written on
papyri. Legends like
"The Princess and the
Demon," "The King's
Dream," "The Coming of
the Great Queen," "The
Book of Thoth," "The
Legend of Osiris," "The
Scorpions of Isis" and
many more. These legends
have been told in a way
that only Margaret
Murray could retell
them, adhering strictly
to the story, but
arranging the words and
phrases according to the
English language; but
retaining, as far as
possible, the
expressions and
metaphors of the Ancient
Egyptians. The book is
intended in its entirety
for consumption by the
general public, but
especially for those
interested in the
religion and
civilisation of ancient
Egypt. Though the book
is intended for the
unscientific reader,
some provision for the
more serious student has
been made in the Notes
at the end. In these the
origin of the legend has
been provided including
the book or books in
which that original is
published, and the book
where the translation
into a modern language
by one of the great
scholars of the day can
be found. Also included
is an index of the names
of the Egyptian gods.

The Ancient Egyptian Doctrine of the Immortality of the Soul

Alfred Wiedemann 1895
Egyptian Magic (Classic Reprint) Ernest Alfred Wallis Budge 2017-07-11
Excerpt from *Egyptian Magic* A study of the remains of the native religious literature of ancient Egypt which have come down to us has revealed the fact that the belief in magic, that is to say, in the power of magical names, and spells, and enchantments, and formulae, and pictures, and figures, and amulets, and in the performance of ceremonies accompanied by the utterance of words of power, to produce supernatural results, formed a large and important part of the Egyptian religion. And it is certain that, notwithstanding the continuous progress which the Egyptians made

high intellectual development to which they eventually attained, this belief influenced their minds and, from the earliest to the latest period of their history, shaped their views concerning things temporal as well as spiritual in a manner which, at this stage in the history of the world, is very difficult to understand.
