For Relaxation, Fun, and Stress  
Relief I love coloring and when  
color books became the new  
trend I was delighted. Coloring  
has become the new knitting or  
crocheting for adults around the  
world. Now you don't have to  
get your children's color books  
out or doodle on paper, you can  
have your own adult coloring  
book. It keeps your hands busy  
and your mind focused. So get  
your crayons or better yet, a  
great set of colored pencils, and  
color your way to happiness  
and you'll get a great picture  
out of the deal! Better than  
medication and a lot cheaper  
than a therapist. Here are some

great reasons why you will love  
this book. \* Stress Buster -  
Stress is a leading cause of  
disease around the world. It is  
associated with heart disease,  
strokes and high blood  
pressure. Coloring reduces  
stress! \* Sense of  
Accomplishment - We are not  
all crafty artistic people, but that  
doesn't mean we can't  
accomplish something artsy and  
looks great. Get that sense of  
accomplishment when you  
finish your first fantastic page. \*  
Break Time - Take a break  
even if it's only for a few  
minutes. Coloring lets you  
escape your everyday work  
schedule to relax doing  
something simplistic, but

Great Time Filler - How many times have you sat in the car waiting for someone, or at the doctor's office waiting for your name to be called. You can feel your stress level climbing to the boiling point. Coloring is a healthier alternative to allowing your stress level to get out of control. It is a great way to pass the time away.
