American Encounters Angela L. Miller 2008 "Contextual in approach, this text draws on socio-economic and political studies as well as histories of religion, science, literature, and popular culture, and explores the diverse, conflicted history of American art and architecture. Thematically interrelating the visual arts to other material artifacts and cultural practices, the text examines how artists and architects produced artwork that visually expressed various social and political values."--Publisher's website.

Ahon C2009 National Volume 1 Student Edition 2007-07-15 This edition was developed specifically for courses covering up to the Civil War or Reconstruction. The text can also be used for the first part of a two-year American history course.

The American Nation James West Davidson 1999-01-01 A set of textbooks for United States history from earliest Indian civilizations to the present, with maps, charts, activities, study questions, and review chapters.

U.S. History P. Scott Corbett 2023-04-02 Printed in color. U.S. History is designed to meet the scope and sequence

requirements of most introductory courses. The text provides a balanced approach to U.S. history, considering the people, events, and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). U.S. History covers key forces that form the American experience, with particular attention to issues of race, class, and gender.

American Environmental History Dan Allosso 2017-12-14 An expanded, new and improved American Environmental History textbook for everyone! After years of teaching Environmental History at a major East Coast University without a textbook, Dr. Dan Allosso decided to take matters into his own hands. The result, American Environmental History, is a concise, comprehensive survey covering the material from Dan's undergraduate course. What do people say about the class and the text? "This was my first semester and this course has created an incredible first impression. If all of the courses are this good, I am going to really enjoy my time here. The course has completely changed the way I look at the world." (Student in 2014 class) "One of the few classes I'm really sad is ending, the subject matter is fascinating and Dan is a great guide to it. His approach should be required of all students as it teaches an appreciation for a newer and better way of living." (Student in 2014 class) "Allosso's lectures are fantastic. The best I have ever had. So impressed. The material is always extremely interesting and well-presented." (Student in 2015 class) "It is just a perfect course that I think should be mandatory if we want to save our planet and live responsibly." (Student in 2015 class) "A rare gem for an IB ESS teacher or any social studies teacher looking for an 11th or 12th grade supplementary text that aims to provide an historical context for the environmental reality in America today. Highly recommended." (District Curriculum Coordinator, 2016) "I was so impressed with this material that I am using it as a supplement for a course I teach at my college." (History and Environmental Studies Professor, 2017) Beginning in prehistory and concluding in the present, American Environmental History explores the ways the environment has affected the choices that became our history, and how our choices have affected the environment. The dynamic relationship between people and the world around them is missing from mainstream history. Putting the environment back into history helps us make sense of the past and the present, which will help guide us toward a better future. More information and Dan's blog are available at environmentalhistory.us

The American Nation Mark C. Carnes 2011-11-21 This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. The American Nation's pedagogical mission is to show readers how history connects to the experiences and expectations that mark their lives. The authors pursue that mission through a variety of distinctive features, including an innovative art program and provocative chapter-opening questions and essays to engage readers.

A History of the Book in America David Paul Nord 2015-12-01 The fifth volume of A History of the Book in America addresses the economic, social, and cultural shifts affecting print culture from World War II to the present. During this period factors such as the expansion of government, the growth of higher education, the climate of the Cold War, globalization, and the development of multimedia and digital technologies influenced the patterns of consolidation and diversification established earlier. The thirty-three contributors to the volume explore the evolution of the publishing industry and the business of bookselling. The histories of government publishing, law and policy, the periodical press, literary criticism, and reading--in settings such as schools, libraries, book clubs, self-help programs, and collectors' societies--receive imaginative scrutiny as well. The Enduring Book demonstrates that the corporate consolidations of the last half-century have left space for the independent publisher, that multiplicity continues to define American print culture, and that even in the digital age, the book endures. Contributors: David Abrahamson, Northwestern University James L. Baughman, University of Wisconsin-Madison Kenneth Cmiel (d. 2006) James Danky, University of Wisconsin-Madison Robert DeMaria Jr., Vassar College Donald A. Land, People, Nation Anna Uhl Chamot 2009 Based on the CALLA model, the "Land, People, Nation" series is an effective tool for students to acquire English and academic content simultaneously. It also serves as a valuable alternative for students experiencing difficulty with a basal social studies text. New in the Second Edition: Alignment with national history standards, including correlations to assist in lesson planning. Explicit instruction on learning strategies. The inclusion of CALLA Phases (Preparation, Presentation, Practice, Self-evaluation, and Expansion) on each page of the student text. Website listings to assist instructors in integrating technology into the program.

Prentice Hall the American Nation James West Davidson 2005

The American Yawp Joseph L. Locke 2019-01-22 "I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

The American Nation Andrew Davidson 2002-06-01

Lies My Teacher Told Me James W. Loewen 2008 Criticizes the way history is presented in current textbooks, and suggests a more accurate approach to teaching American history.

The American nation James West Davidson 2003

America James West Davidson 2005-11 Prentice Hall America: A History of Our Nation is a multiple media program designed to engage today's students in the exciting story of our nation's past. Built around meeting the way you teach and the way your students learn, the program provides different pathways into the content for all levels and types of learners, while providing cutting-edge teacher support developed to provide a "wow!" factor at each stage of instruction. The program is built around Essential Questions designed to stimulate conversation, emphasize source analysis, hands-on learning, and critical thinking with a goal of helping students to achieve an enduring understanding of America's past. Authors James West Davidson, Michael B. Stoff, and Grant Wiggins, co-author of Understanding by Design, focus on the "why" of history--helping students make meaning of what happened long ago and why it remains important to us today. The Survey Edition supports all American History courses from the beginnings to the modern day.
