*Under Arturo's Star* Stefania Lucamante 2006 Elsa Morante has long been recognized internationally as one of the most significant, innovative, and

important writers of the 20th century Italy. Nonetheless, there has, to date, been no full-length study in English dedicated to her work. Critical perspectives on Morante's literary achievement have shifted dramatically in

recent years, and while this volume proposes to offer the first comprehensive evaluation of Morante to appear outside Italy, it also aims to take into account modern critical and theoretical developments. The authors' aim is to underline Morante's centrality in a broader context which goes beyond Italian national frontiers and deserves critical attention across a range of transcultural disciplines, departing from the traditional realm of philological analysis to encompass approaches informed by cultural and interdisciplinary studies. This volume gives a comprehensive insight into current thinking on and understanding of Elsa Morante's work. This book places her work in a much wider context of European culture, and traces her influence on a younger generation of writers.

**Writing and Performing Female Identity in Italian Culture** Virginia Picchiotti 2017-01-28 This volume investigates the ways in which Italian women writers, filmmakers, and performers have represented female identity across genres from the immediate post-World War II period to the turn of the twenty-first century. Considering genres such as prose, poetry, drama, and film, these essays examine the vision of female agency and self-actualization arising from women artists' critique of female identity. This dual approach reveals unique interpretations of womanhood in Italy spanning more than fifty years, while also providing a deep investigation of the manipulation of canvases historically centered on the male subject. With its unique coupling of generic and thematic concerns, the volume contributes to the ever expanding female artistic legacy, and to our understanding of postwar Italian women's evolving relationship to the narration of history, gender roles, and these artists' use and revision of generic convention to communicate their vision.

**Economy of the Unlost** Anne Carson 2009-04-11 The ancient Greek lyric poet Simonides of Keos was the first poet in the Western tradition to take money for poetic composition. From this starting point, Anne Carson launches an exploration, poetic in its own right, of the idea of poetic economy. She offers a reading of certain of Simonides' texts and aligns these with writings of the modern Romanian poet Paul Celan, a Jew and survivor of the Holocaust, whose "economies" of language are notorious. Asking such questions as, What is lost when words are wasted? and Who profits when words are saved? Carson reveals the two poets' striking commonalities. In Carson's view Simonides and Celan share a similar mentality or disposition toward the world, language and the work of the poet. *Economy of the Unlost* begins by showing how each of the two poets stands in a state of alienation between two worlds. In Simonides' case, the gift economy of fifth-century b.c. Greece was giving way to one based on money and commodities, while Celan's life spanned pre- and post-Holocaust worlds, and he himself, writing in German, became estranged from his native language. Carson goes on to consider various aspects of the two poets' techniques for coming to grips with the invisible through the visible world. A focus on the genre of the epitaph grants insights into the kinds of exchange the poets envision between the living and the dead. Assessing the impact on Simonidean composition of the material fact of inscription on stone, Carson suggests that a need for brevity influenced the exactitude and clarity of Simonides' style, and proposes a comparison with Celan's interest in the "negative design" of printmaking: both poets, though in different ways, employ a kind of negative image making, cutting away all that is superfluous. This book's juxtaposition of the two poets illuminates their differences--Simonides' fundamental faith in the power of the word, Celan's ultimate despair--as well as their similarities; it provides fertile ground for the virtuosic interplay of Carson's scholarship and her poetic sensibility.

Analyzing a wide range of traditional stories, from the tales of Sindbad to "The Three Little Pigs," "Hansel and Gretel," and "The Sleeping Beauty," Bettelheim shows how the fantastical, sometimes cruel, but always deeply significant narrative strands of the classic fairy tales can aid in our greatest human task, that of finding meaning for one's life.

The Iguana is a superb performance." "New York Times Book Review

**The World Saved by Kids** Elsa Morante 2016 First published in 1968, *The World Saved By Kids* was written in the aftermath of deep personal change and in the context of what Elsa Morante called the 'great youth movement exploding against the funereal machinations of the organized contemporary world'. Greeted by Pier Paolo Pasolini as 'a political manifesto written with the grace of a fairy tale' and by Antonio Porta as one of the most important books of the decade, *The World Saved By Kids* has Morante display true mastery of tone, rhythm and imagery as she works elegy, parody, storytelling, song and several more forms into an act of language magic through which Gramsci and Rimbaud, Christ and Antigone, Mozart and Simone Weil and a host of other figures join the sassy, vulnerable neighbourhood kids in a renewal of the word's timeless, revolutionary power to explore and celebrate life's insoluble paradox. Morante gained international recognition and critical acclaim for her novels *Menzogna e sortilegio* (to date untranslated except for a heavily abridged version), *History*, *Arturo's Island* and *Aracoeli*--but always considered the 'unclassifiable' *World Saved By Kids* her best book and the one that most closely spoke her spirit.

photography, and reportage from around the world. Its aim, to break down barriers and introduce the essence of the place. Packed with essays and investigative journalism; original photography and illustrations; charts, and unusual facts and observations, each volume offers a unique insight into a different culture, and how history has shaped the place into what it is

today. Brimming with intricate research and enduring wonder, The

Passenger is a love-letter to global travel. IN THIS VOLUME, Arundhati

Roy, Prem Shankar Jha, Tishani Doshi explore the contradictory, terrible

with the West, India has been subject to great mystification as the survival of ancient rituals, and its variety of languages and cultures, continues to

fascinate the world. This narrative is intertwined with a newer one that

sees the frenetic change of a society at the forefront of innovation.

Success stories coexist alongside stories of daily struggle. A large slice of

the population still does not have access to drinking water, and agriculture

(still the main source of livelihood for most of the 1.3 billion people who

live there) is threatened by climate change. India is a country that does not

know how to eradicate one of the most infamous forms of classism/racism:

the caste system. From the resistance of the Kashmiri people to that of

atheists – hated by all religious communities – from the dances of the

'hijra' in Koovagam to the success of the female wrestler Vinesh Phogat,

learn about the contradictory, terrible and joyful chaos that lies at the heart of India.
