Collected Dog Stories Rudyard Kipling 2008-09-23 Rudyard Kipling here turns his hand to the canine world. Each delightful story centres around a particular dog - whether 'Toby Dog', - 'The Black Aberdeen', or 'A Sea Dog' - and reveals the creature's relation to his human counterpart. The works demonstrate once again Kipling's remarkable skill at delighting adults and children alike.

Rudyard Kipling, the Jungle Book Rudyard Kipling 2018-08-20 The Jungle Book, collection of stories by Rudyard Kipling, published in 1894. The Second Jungle Book, published in 1895, contains stories linked by poems. The stories tell mostly of Mowgli, an Indian boy who is raised by wolves and learns self-sufficiency and wisdom from the jungle animals. The book describes

the social life of the wolf pack and, more fancifully, the justice and natural order of life in the jungle. Among the animals whose tales are related in the work are Akela the wolf; Baloo the brown bear; Shere Khan, the boastful Bengal tiger who is Mowgli's enemy; Tabaqui the jackal, Shere Khan's obsequious servant; Kaa the python; Bagheera the panther; and Rikki-tikki-tavi the mongoose.

Kipling: Poems Rudyard Kipling 2013-10-23 Beloved for his fanciful and engrossing children's literature, controversial for his enthusiasm for British imperialism, Rudyard Kipling remains one of the most widely read writers of Victorian and modern English literature. In addition to writing more than two dozen works of fiction, including *Kim* and *The Jungle Book*, Kipling was a prolific

poet, composing verse in every classical form from the epigram to the ode. Kipling's most distinctive gift was for ballads and narrative poems in which he drew vivid characters in universal situations, articulating profound truths in plain language. Yet he was also a subtle, affecting anatomist of the human heart, and his deep feeling for the natural world was exquisitely expressed in his verse. He was shattered by World War I, in which he lost his only son, and his work darkened in later years but never lost its extraordinary vitality. All of these aspects of Kipling's poetry are represented in this selection, which ranges from such well-known compositions as "Mandalay" and "If" to the less-familiar, emotionally powerful, and personal epigrams he wrote in response to the war.

If Christopher Benfey
2019-07-09 A New York Times
Notable Book of 2019 A unique
exploration of the life and work
of Rudyard Kipling in Gilded
Age America, from a celebrated
scholar of American literature
At the turn of the twentieth
century, Rudyard Kipling
towered over not just English
literature but the entire
literary world. At the height of
his fame in 1907, he was
awarded the Nobel Prize for
Literature, becoming its
youngest winner. His influence
on major figures—including
Freud and William James—was
pervasive and profound. But in
recent decades Kipling’s
reputation has suffered a
strange eclipse. Though his
body of work still looms large,
and his monumental poem
“If—” is quoted and referenced
by politicians, athletes, and
ordinary readers alike, his
unabashed imperialist views

have come under increased
scrutiny. In If, scholar
Christopher Benfey brings this
fascinating and complex writer
to life and, for the first time,
gives full attention to Kipling’s
intense engagement with the
United States—a rarely
discussed but critical piece of
evidence in our understanding
of this man and his enduring
legacy. Benfey traces the
writer’s deep involvement with
America over one crucial
decade, from 1889 to 1899,
when he lived for four years in
Brattleboro, Vermont, and
sought deliberately to turn
himself into a specifically
American writer. It was his
most prodigious and creative
period, as well as his happiest,
during which he wrote The
Jungle Book and Captains
Courageous. Had a family
dispute not forced his
departure, Kipling almost
certainly would have stayed.
Leaving was the hardest thing
he ever had to do, Kipling said.
“There are only two places in
the world where I want to live,”
he lamented, “Bombay and

either." In this fresh examination of Kipling, Benfey hangs a provocative "what if" over Kipling's American years and maps the imprint Kipling left on his adopted country as well as the imprint the country left on him. It proves there is relevance and magnificence to be found in Kipling's work.

Imperial Subjects, Imperial Space John McBratney 2002 Why was Rudyard Kipling so drawn in his fiction to the figure of the foreign-born Briton--what Kipling called the "native-born"? The answer lies in McBratney's "Imperial Subjects, Imperial Space, the first full-length study of a

figure central to Kipling's major imperial fiction: the "native-born." In these narratives Kipling sees the native-born fulfilling two important roles: model imperial servant and ideal imperial citizen. The special abilities that allow the native-born to play these roles derive from his identity as neither exclusively British nor simply "native." This study also provides the most thorough analysis of that figure's hybrid, "casteless" selfhood in relation to shifting attitudes toward racial identity during Britain's "New Imperialism." In its endeavor to place the liminal subject within a particular moment in British discourses about race and nation, this book illuminates both the complexities of subject construction in the late Victorian and Edwardian periods and the struggles today over identity formation in the postcolonial world.

Poetry for historians Carolyn Steedman 2018-04-13 This is a book about the conflict between history and poetry - and historians and poets - in Atlantic World society from the end of the seventeenth century to the present day. Blending historiography and theory, it proceeds by asking: what is the point of poetry as far as historians are concerned? The focus is on W. H. Auden's Cold War-era history poems, but the book also looks at other poets from the seventeenth century onwards, providing original accounts of their poetic and historical educations. An important resource for those teaching undergraduate and postgraduate courses in historiography and history and theory, Poetry for historians will also be of relevance to courses on literature in society

Laureate of the British Empire. Yet his writing reveals a ferociously independent figure at times violently opposed to the dominant political and literary tendencies of his age. Arranged in chronological order, this diverse selection of his poetry shows the development of Kipling's talent, his deepening maturity and the growing sombreness of his poetic vision. Ranging from early, exhilarating celebrations of British expansion overseas, including 'Mandalay' and 'Gunga Din', to the dignified and inspirational 'If -' and the later, deeply moving 'Epitaphs of the War' - inspired by the death of Kipling's only son - it clearly illustrates the scope and originality of his work. It also offers a compelling insight into the Empire both at its peak and during its decline in the early years of the twentieth century.

They are words to provoke: to action. To inspire. To recite. To revile. To reconcile or reconsider the legacy and benefits of colonialism.
