2015-07-16 Louise Stapely Updated for 2015. Even though my Law of Attraction journey began 6 years ago, I only really started to consistently practice it at the beginning of 2013. There were always 2 areas in my life that I was never really happy about - money and career. I decided to put what I had learned over the last 6 years to the test. What has happened in my life in that short time is nothing short of a miracle. I am now financially free and have quit my full time job. My income continues to rise and I have never been happier. Consistently focusing on these practical exercises kept my attention on the end result and that is the real to key to success. This book provides you with the practical know how to manifest whatever it is you choose in your life, whether that is financial freedom, better relationships, your dream home, better health, loving friendships, a successful business or a healthy, happy family. Death Waits in the Dark

2020-08-04 Mark Edward Langley It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys’ killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the

rest of his life.
