Discusses man's changing concepts of time through history, from primitive societies through the great ancient civilizations and European history up to the present day. The Book of Disquiet: The Complete Edition 2017-08-29 Fernando Pessoa For the first time—and in the best translation ever—the complete Book of Disquiet, a masterpiece beyond comparison The Book of Disquiet is the Portuguese modernist master Fernando Pessoa’s greatest literary achievement. An “autobiography” or “diary” containing exquisite melancholy observations, aphorisms, and ruminations, this classic work grapples with all the eternal questions. Now, for the first time the texts are presented chronologically, in a complete English edition by master translator Margaret Jull Costa. Most of the texts in The Book of Disquiet are written under the semi-heteronym Bernardo Soares, an assistant bookkeeper. This existential masterpiece was first published in Portuguese in 1982, forty-seven years after Pessoa’s death. A monumental literary event, this exciting, new, complete edition spans Fernando Pessoa’s entire writing life.

The Selected Poetry of Pier Paolo Pasolini 2014-08-20 Pier Paolo Pasolini Most people outside Italy know Pier Paolo Pasolini for his films, many of which began as literary works—Arabian Nights, The Gospel According to Matthew, The Decameron, and The Canterbury Tales among them. What most people are not aware of is that he was primarily a poet, publishing nineteen books of poems during his lifetime, as well as a visual artist, novelist, playwright, and journalist. Half a dozen of these books have been excerpted and published in English over the years, but even if one were to read all of those, the wide range of poetic styles and subjects that occupied Pasolini during his lifetime would still elude the English-language reader. For the first time, Anglophones will now be able to discover the many facets of this singular poet. Avoiding the tactics of the slim, idiosyncratic, and aesthetically or politically motivated volumes currently available in English, Stephen Sartarelli has chosen poems from every period of Pasolini’s poetic oeuvre. In doing so, he gives English-language readers a more complete picture of the poet, whose verse ranged from short lyrics to longer poems and extended sequences, and whose themes ran not only to the moral, spiritual, and social spheres but also to the aesthetic and sexual, for which he is most known in the United States today. This volume shows how central poetry was to Pasolini, no matter what else he was doing in his creative life, and how poetry informed all of his work from the visual arts to his political essays to his films. Pier Paolo Pasolini was “a poet of the cinema,” as James Ivory says in the book’s foreword, who “left a trove of words on paper that can live on as the fast-deteriorating images he created on celluloid cannot.” This generous selection of poems will be welcomed by poetry lovers and film buffs alike and will be an event in American letters.

On Tyranny 1991 Leo Strauss On Tyranny is Leo Strauss's classic reading of Xenophon's dialogue, Hiero or Tyrannicus, in which the tyrant Hiero and the poet Simonides discuss the advantages and disadvantages of exercising tyranny. This edition includes a translation of the dialogue, a critique of the commentary by the French philosopher Alexandre Kojève, Strauss's restatement of his position in light of Kojève's comments, and finally, the complete Strauss-Kojève correspondence. "Through [Strauss's] interpretation Xenophon appears to us as no longer the somewhat dull and flat author we know, but as a brilliant and subtle writer, an original and profound thinker. What is more, in interpreting this forgotten dialogue, Strauss lays bare great moral and political problems that are still ours." —Alexandre Kojève, Critique "On Tyranny is a complex and stimulating book with its 'parallel dialogue' made all the more striking since both participants take such unusual, highly provocative positions, and so force readers to face substantial problems in what are often wholly unfamiliar, even shocking ways." —Robert Pippin, History and Theory "Every political scientist who tries to disentangle himself from the contemporary confusion over the problems of tyranny will be much indebted to this study and inevitably use it as a starting point."—Eric Voegelin, The Review of Politics Leo Strauss (1899-1973) was the Robert Maynard Hutchins Distinguished Service Professor of Political Science at the University of Chicago.

Economy of the Unlost 2009-04-11 Anne Carson The ancient Greek lyric poet Simonides of Keos was the first poet in the Western tradition to take money for poetic composition. From this starting point, Anne Carson launches an exploration, poetic in its own right, of the idea of poetic economy. She offers a reading of certain of Simonides' texts and aligns these with writings of the modern Romanian poet Paul Celan, a Jew and survivor of the Holocaust, whose "economies" of language are notorious. Asking such questions as, What is lost when words are wasted? and Who profits when words are saved? Carson reveals the two poets' striking commonalities. In Carson's view Simonides and Celan share a similar mentality or disposition toward the world, language and the work of the poet. Economy of the Unlost begins by showing how each of the two poets stands in a state of alienation between two worlds. In Simonides' case, the gift economy of fifth-century b.c. Greece was giving way to one based on money and commodities, while Celan's life spanned pre- and post-Holocaust worlds, and he himself, writing in German, became estranged from his native language. Carson goes on to consider various aspects of the two poets' techniques for coming to grips with the invisible through the visible world. A focus on the genre of the epitaph grants insights into the kinds of exchange the poets envision between the living and the dead. Assessing the impact on Simonidean composition of the material fact of inscription on stone, Carson suggests that a need for brevity influenced the exactitude and clarity of Simonides' style, and proposes a comparison with Celan's interest in the "negative design" of printmaking: both poets, though in different ways, employ a kind of negative image making, cutting away all that is superfluous. This book's juxtaposition of the two poets illuminates their differences—Simonides' fundamental faith in the power of the word, Celan's ultimate despair--as well as their similarities; it provides fertile ground for the virtuosic interplay of Carson's scholarship and her poetic sensibility.

He wrote under several identities, which he called heteronyms: Albet Caeiro, Alvaro de Campos, Ricardo Reis, and Bernardo Soares. He wrote fine poetry under his own name as well, and each of his "voices" is completely different in subject, temperament, and style. This volume brings back into print the comprehensive collection of his work published by Ecco Press in 1986.

Get Us Out of Here!! 2002-12-01 Nicky Eltz Dear Reader,What you are now holding is a most interesting book. The wold beyond is speaking. It is offering advice, asking for help and giving answers. It exists and speaks about life -- our life here on earth and of possible consequences of our behaviour. It tells us that it is not the same to be humble, loving, good, merciful, loyal and honest as it is to be proud, loveless, bad, merciless, betraying and dishonest. Atdeath this is not forgotten but rather remembered in total clarity. Not only is the punishment, or better yet the cleansing, spoken about; but also the length of this cleansing is so very much more.Then you ask yourself, is it possible?In the Catholic church one speaks about a transitory state which for a very long time has been referred to as Purgatory. Despite there being different theories, this state is always taken seriously. One needs it because one can only come before God cleansed and pure.

Voicing the Word 2004 Marina Spunta Drawing on the recent renewal of interest in the debate on orality and literacy this book investigates the varying perceptions and representations of orality in contemporary Italian fiction, providing a fresh perspective on this rich and fast-developing debate and on the study of the Italian literary language. The book brings together a number of complementary approaches to orality from the fields of linguistics, literary and media studies and offers a detailed analysis of a broad variety of authors and texts that appeared over the last three decades - ranging from internationally acclaimed writers such as Celati, Duranti and Tabucchi, through De Luca and Baricco, to the latest generation of writers, such as Campo, Ballestra and Nove. By exploring the complementary facets of Italian orality, and its diachronical developments since the seventies, this study questions the traditionally dichotomic approach to the study of orality and literacy and posits a more flexible, cross-modal approach that accounts for the increasing hybridisation of text forms and media and for the greater interaction between the spoken and the written as well as their representations.

Marriage Alliance in Late Medieval Florence 1994 Anthony Molho Molho (European history, Brown U.) shows that the propertied families of late-medieval and early-modern Florence maintained their power and influence through arranged marriage and the dowry. While elsewhere in Europe the elite were toppling under the onslaught of commerce and personal freedom, in Florence they married carefully within a narrow and well-defined class, used dowries as both speculation and instruments of manipulation, and remembered every detail for a long time. Is Europe Christian? 2020-03 Olivier Roy As Europe wrangles over questions of national identity, nativism and immigration, Olivier Roy interrogates the place of Christianity, foundation of Western identity. Do secularism and Islam really pose threats to the continent's 'Christian values'? What will be the fate of Christianity in Europe? Rather than repeating the familiar narrative of decline, Roy challenges the significance of secularized Western nations' reduction of Christianity to a purely cultural force- relegated to issues such as abortion, euthanasia and equal marriage. He illustrates that, globally, quite the opposite has occurred: Christianity is now universalized, and detached from national identity. Not only has it taken hold in the Global South, generally in a more socially conservative form than in the West, but it has also 'returned' to Europe, following immigration from former colonies. Despite attempts within Europe to nationalize or even racialize it, Christianity's future is global, non-European and immigrant-as the continent's Churches well know. This short but bracing book confirms Roy's reputation as one of the most acute observers of our times. It represents a persuasive and novel vision of religion's place in national life today.

Psychonarratology 2003-01-13 Marisa Bortolussi Psychonarratology is an approach to the empirical study of literary response and the processing of narrative. It draws on the empirical methodology of cognitive psychology and discourse processing as well as the theoretical insights and conceptual analysis of literary studies, particularly narratology. The present work provides a conceptual and empirical basis for this interdisciplinary approach that is accessible to researchers from either disciplinary background. An integrative review is presented of the classic problems in narratology: the status of the narrator, events and plot, characters and

characterization, speech and thought, and focalization. For each area, Bortolussi and Dixon critique the state of the art in narratology and literary studies, discuss relevant work in cognitive psychology, and provide a new analytical framework based on the insight that readers treat the narrator as a conversational participant. Empirical evidence is presented on each problem, much of it previously unpublished.

The Gift of Death 1996-06 Jacques Derrida In The Gift of Death, Jacques Derrida's most sustained consideration of religion to date, he continues to explore questions introduced in Given Time about the limits of the rational and responsible that one reaches in granting or accepting death, whether by sacrifice, murder, execution, or suicide. Derrida analyzes Patocka's Heretical Essays on the History of Philosophy and develops and compares his ideas to the works of Heidegger, Levinas, and Kierkegaard. A major work, The Gift of Death resonates with much of Derrida's earlier writing and will be of interest to scholars in anthropology, philosophy, and literary criticism, along with scholars of ethics and religion. "The Gift of Death is Derrida's long-awaited deconstruction of the foundations of the project of a philosophical ethics, and it will long be regarded as one of the most significant of his many writings."—Choice "An important contribution to the critical study of ethics that commends itself to philosophers, social scientists, scholars of religion . . . [and those] made curious by the controversy that so often attends Derrida."—Booklist "Derrida stares death in the face in this dense but rewarding inquiry. . . . Provocative."—Publishers Weekly

All Our Yesterdays 2016-11-01 Natalia Ginzburg From “one of the most distinguished writers of modern Italy” (New York Review of Books), a classic novel of society in the midst of a war. This powerful novel is set against the background of Italy from 1939 to 1944, from the anxious months before the country entered the war, through the war years, to the allied victory with its trailing wake of anxiety, disappointment, and grief. In the foreground are the members of two families. One is rich, the other is not. In All Our Yesterdays, as in all of Ms. Ginzburg’s novels, terrible things happen—suicide, murder, air raids, and bombings. But seemingly less overwhelming events, like a family quarrel, adultery, or a deception, are given equal space, as if to say that, to a victim, adultery and air raids can be equally maiming. All Our Yesterdays gives a sharp portrait of a society hungry for change, but betrayed by war. During the period described in the novel, Natalia Ginzburg was married to the writer Leone Ginzburg. Because of his underground activities, he was interned under Mussolini’s reign, along with his family, in a restricted area in the Abruzzi. When the Ginzburgs later moved to Rome, Leone was arrested and tortured by the fascists, and killed, leaving Natalia alone to raise her three children. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Geometry of the Passions 2018-08-08 Remo Bodei The passions have long been condemned as a creator of disturbance and purveyor of the temporary loss of reason, but as Remo Bodei argues in Geometry of the Passions, we must abandon the perception that order and disorder are in a constant state of collision. By means of a theoretical and historical analysis, Bodei interprets the relationship between passion and reason as a conflict between two complementary logics. Geometry of the Passions investigates the paradoxical conflict-collaboration between passions and reason, and between individual and political projects. Tracing the roles passion and reason have played throughout history, including in the political agendas of Descartes, Hobbes, and the French Jacobins, Geometry of the Passions reveals how passion and reason may be used as a vehicle for affirmation rather than self-enslavement.

Hermeneutics and Reflection 2013-12-11 Friedrich-Wilhelm von Herrmann Friedrich-Wilhelm von Herrmann is known as a major figure in phenomenological and hermeneutics research: he was Martin Heidegger’s personal assistant for the last ten years of Heidegger’s life, and assistant to Eugen Fink, who in turn was primary assistant to Edmund Husserl. However, his own philosophical commentaries and readings of Heidegger’s work are not familiar to many in the English-speaking world. Von Herrmann’s Hermeneutics and Reflection, translated here from the original German, represents the most fundamental and critical reflection in any language of the concept of phenomenology as it was used by Heidegger and by Husserl. It provides a careful rendition of Husserl’s essential contribution to phenomenology, then draws a clear demarcation between Husserl’s reflective phenomenology and Heidegger’s hermeneutic phenomenology. While showing the fullest respect for Husserl’s phenomenology, Hermeneutics and Reflection offers a full-fledged critique of Husserl from the perspective of Heidegger’s hermeneutic phenomenology.

The Eloquence of Ghosts 2010 Florian Mussgnug Giorgio Manganelli (1922-1990), one of Italy’s most radical and original writers, went further than most in exploring the creative possibilities of hybrid genres and open forms. Ostentation, theatricality, and a love of drapery and verbal excess are defining features of his body of work, which ranges from prose fiction, literary criticism, and drama to travel writing, treatises, commentaries, and imaginary interviews. This study examines the wealth of Manganelli’s imagination - his grotesque animals, speaking corpses, and melancholy spectres - and argues that his spectacular eloquence was shaped by an exceptional awareness of literary and philosophical models. Following Manganelli's lead, the author addresses issues such as the boundaries of meaningful language, the relationship between literary and visual texts, fantasy and realism, and the power of literature to express the apprehensions and intimations of human consciousness.

The Dry Heart 2019-06-25 Natalia Ginzburg Finally back in print, a frighteningly lucid feminist horror story about marriage The Dry Heart begins and ends with the matter-of-fact pronouncement: “I shot him between the eyes.” As the tale—a plunge into the chilly waters of loneliness, desperation, and bitterness—proceeds, the narrator’s murder of her flighty husband takes on a certain logical inevitability. Stripped of any preciousness or sentimentality, Natalia Ginzburg’s writing here is white-hot, tempered by rage. She transforms the unhappy tale of an ordinary dull marriage into a rich psychological thriller that seems to beg the question: why don’t more wives kill their husbands?

No Way 1973 Natalia Ginzburg No Way is a very short novel, bare and bleak as bones. Its ominous English title is appropriate enough for its mood, except for the easy current slanginess of that phrase, mouthed by so many of us now on trivial occasions.

Myth and Symbol in Ancient Egypt 1978 Robert Thomas Rundle Clark This classic study remains the best single introduction to the Egyptian mythological world. The Marriage Bargain 1985 Marion A. Kaplan This eye-opening book covers over a thousand years of Western history and exposes the controls that noble, bourgeois, and propertied peasant families exerted over daughters (and sons) to ensure the continuity of existing social relations. It details the broader economic and social structures within which young women married and the degree to which the institution of the dowry--the marriage bargain--structured courtship and marriage. This provocative volume addresses important issues of women's status and their roles in the family, the family economy, and the economy at large.

Eric Hobsbawm: A Life in History 2019-02-07 Richard J. Evans At the time of his death at the age of 95, Eric Hobsbawm (1917-2012) was the most famous historian in the world. His books were translated into more than fifty languages and he was as well known in Brazil and Italy as he was in Britain and the United States. His writings have had a huge and lasting effect on the practice of history. More than half a century after it appeared, his books remain a staple of university reading lists. He had an extraordinarily long life, with interests covering many countries and many cultures, ranging from poetry to jazz, literature to politics. He experienced life not only as a university teacher but also as a young Communist in the Weimar Republic, a radical student at Cambridge, a political activist, an army conscript, a Soho 'man about town', a Hampstead intellectual, a Cambridge don, an influential journalist, a world traveller, and finally a Grand Old Man of Letters. In A Life in History, Richard Evans tells the story of Hobsbawm as an academic, but also as witness to history itself, and of the twentieth century's major political and intellectual currents. Eric not only wrote and spoke about many of the great issues of his time, but participated in many of them too, from Communist resistance to Hitler to revolution in Cuba, where he acted as an interpreter for Che Guevara. He was a prominent part of the Jazz scene in Soho in the late 1950s and his writings played a pivotal role in the emergence of New Labour in the late 1980s and early 1990s. This, the first biography of Eric Hobsbawm, is far more than a study of a professional historian. It is a study of an era.
