

Displacement, Impoverishment and Exclusion 2020-11-02 Sujit Kumar Mishra This book is all about the nexus of “state, development intervention and the development community” where the main objective of the development intervention is to enhance the revenue of the State’s economy. The institutional parameters are instrumental in this success. However, these mechanisms are limited to few stages of development, giving very little space to the development communities. This book is intended to present the contemporary research outcomes on the cross-cutting theme of development induced displacement. Please note: This title is co-published with Aakar Books, New Delhi. Taylor & Francis does not sell or distribute the Hardback in India, Pakistan, Nepal, Bhutan, Bangladesh, Maldives and Sri Lanka.
