The Influence of Social Media on Mental Health

Social media have turned into an essential component of our day-to-day lives, specifically for the younger age group. We employ it to interact, to disseminate, to learn, to divert, and to convey our thoughts. But what exactly could be the consequences of online platforms on our psychological well-being? In what way does it affect our mood, our self-esteem, our relations, our health, and our actions? This work aims to address these queries, by reviewing the most recent research and proof on the issue. It is going to delve into the beneficial and harmful facets of online platforms, the hazard factors and defensive factors, the measures and approaches, and the future paths and ramifications. It is going to also offer useful suggestions and advice for participants, caregivers, instructors, and experts, on the way to use social media in a healthy and accountable way.
