With an introduction by novelist Jon McGregor. The novel describes, in the first-person, a three-week voyage aboard a deep-sea fishing trawler in the Barents Sea, not unlike the one Johnson undertook in preparation to write the book.

Christie Malry's Own Double-entry 1985 Bryan Stanley Johnson A disaffected young man, Christie Malry, is a simple man who learns the principles of double-entry book-keeping while taking an evening class in accountancy and working in the local bank. He begins to apply these principles to his own life, revenging himself against society in an increasingly violent manner for perceived 'debits'. Debit: the unpleasantness of the bank manager is the first on an ever-growing list; Credit: scratching the façade of the office block. All accounts are settled in the most alarming way.

Albert Angelo 1987 Bryan Stanley Johnson Albert Angelo is by vocation an architect and only by economic necessity working as a substitute teacher. He is failing as a teacher and failing to fulfill himself as an architect. And then, too, he is pained by the memory of a failed love affair.

House Mother Normal 2016-08-23 B.S. Johnson A wild, experimental, polyphonic novel, recounting a typical day of diminishing returns at a nursing home House Mother Normal, subtitled "A Geriatric Comedy," is the English writer B. S. Johnson's fifth novel. Unusual in both its subject and structure, this novel is a remarkable study of old age, stripped of sentimentality and spiked with bizarre language and perceptions. Made up of eight monologues describing a single day at a nursing home, House Mother Normal explores the failing minds of the elderly with precision, humor, and unflagging compassion, and Johnson achieves, with inventiveness and escalating absurdity, a vivid multidimensional effect.

The 1970s: A Decade of Contemporary British Fiction 2014-02-27 Nick Hubble How did social, cultural and political events in Britain during the 1970s shape Contemporary British Fiction? Exploring the impact of events like the Cold War, miners' strikes and Winter of Discontent, this volume charts the transition of British fiction from post-war to contemporary. Chapters outline the decade's diversity of writing, showing how the literature of Ian McEwan and Ian Sinclair interacted with the experimental work of B.S. Johnson. Close contextual readings of Welsh,

Scottish, Northern Irish and English novels map the steady break-up of Britain. Tying the popularity of Angela Carter and Fay Weldon to the growth of the Women's Liberation Movement and calling attention to a new interest in documentary modes of autobiographical writing, this volume also examines the rising resonance of the marginal voices: the world of 1970s British Feminist fiction and postcolonial and diasporic writers. Against a backdrop of social tensions, this major critical reassessment of the 1970s defines, explores and better understands the criticism and fiction of a decade marked by the sense of endings.

Afterlives of Abandoned Work 2018-12-27 Matthew Harle Afterlives of Abandoned Work considers the relevance of unfinished projects to literary history and criticism, looking beyond famous posthumous work to investigate the abandoned everyday, from scrapped plans and rejected ideas to half-written novels or unfinished artistic works. It traces how the reading of abandoned creative endeavor—whether arriving in the form of a rejection letter, a disagreement with a collaborator, or the simple act of walking away from one's desk—can change the way we think about cultural production, the creative process, and the intellectual construction of everyday life. Over five distinct journeys through a variety of archives, from major research libraries to the unique collections of individual enthusiasts, Matthew Harle draws surprising connections between literary studies, media studies, and visual arts, exploring unfinished projects from Thomas Pynchon, Muriel Spark, B.S. Johnson, Harold Pinter, and others. Rooted in literary criticism, Afterlives of Abandoned Work reads unbuilt buildings, unfiled screenplays, and unpublished novels and radio sketches as forms of text that can help us consider the enduring fragmentation and anecdotal construction of cultural form, as well as expand literary criticism's approach to the archive.

Well Done God! 2019-01-24 B S Johnson To commemorate the eightieth anniversary of his birth, two of the foremost scholars of B S Johnson, Professor Philip Tew and Dr Julia Jordan, have joined forces with Jonathan Coe, author of the prize-winning biography, Like a Fiery Elephant, to offer a selection of his greatest uncollected or unavailable writing. Well Done God! includes his major prose work, Aren't You Rather Young to be Writing Your Memoirs?, six plays and a selection of his remarkable journalism. B S Johnson is a truly unique British writer, a cult figure whose original and experimental fiction has, since his tragically early death in 1973, been rediscovered by many subsequent generations of writers and readers. In many ways the heir to Joyce and Beckett, Johnson played with form and narrative across many genres: novels, plays, poetry and memoir.

Reading the graphic surface 2018-02-28 Glyn White This book critically engages with the visual appearance of prose fiction where it is manipulated by authors, from alterations in typography to the deconstruction of the physical form of the book. It reappraises the range of effects it is possible to create through the use of graphic devices and explores why literary criticism has dismissed such features as either unreadable experimental gimmicks or, more recently, as examples of the worst kind of postmodern decadence. Through the examination of problematical texts which utilise the graphic surface in innovative and unusual ways, including Samuel Beckett's Watt, B. S. Johnson's Albert Angelo, Christine Brooke-Rose's Thru and Alasdair Gray's Lanark, this book demonstrates that an awareness of the graphic surface can make significant contributions to interpretation.

The Damned Utd 2014-04-01 David Peace "Probably the best novel ever written about sport." —The Times (UK) He was a real-life, working-class hero known as the "British Muhammad Ali"—because he had a big mouth and wasn't afraid to use it. But Brian Clough wasn't a boxer, he was a soccer coach, known for taking backwater teams and making them into champions. In towns where people had little else, the hard-drinking and scrappy Clough was a hero. He was especially beloved for telling it like it was on behalf of small-town teams everywhere—calling out the stars who played dirty, rival coaches he suspected of bribing referees, and the league that let them get away with it. And then one day Clough was offered a job coaching the big-city team he'd called the dirtiest—the perennial powerhouse Leeds United. The Damned Utd tells the story of the legendary Clough's tumultuous forty-four days trying to turn around a corrupt institution without being corrupted himself—the players who wouldn't play, the management that looked the other way, the wife and friends who stood by him as he fought to do the right thing. The inspiring story behind the movie of the same name, The Damned Utd has been called by The Times of London, "The best novel ever written about sport."

How Fiction Works 2008-07-22 James Wood What makes a story a story? What is style? What's the connection between realism and real life? These are some of the questions James Wood answers in How Fiction Works, the first book-length essay by the preeminent critic of his generation. Ranging widely—from Homer to David Foster Wallace, from What Maisie Knew to Make Way for Ducklings—Wood takes the reader through the basic elements of the art, step by step. The result is nothing less than a philosophy of the novel—plainspoken, funny, blunt—in the traditions of E. M. Forster's Aspects of the Novel and Strunk and White's The Elements of Style. It sums up two decades of insight with wit and concision. It will change the way you read.

Description in Literature and Other Media 2007-01 Werner Wolf In contrast to narrative, description is a much less researched phenomenon, and where it so far has found attention at all, scholars have almost always discussed it with fiction in mind. The all but exclusive concentration on literature has hitherto obscured the fact that description transcends literature and indeed the verbal media in general and is not only a transgeneric but also a transmedial phenomenon that can be found in many other media and arts. This book is a pioneering interdisciplinary study of description since it for the first time undertakes to close this research lacuna by highlighting description and its relevance with reference to a wide spectrum of arts and media. The volume opens with a detailed introductory essay, which aims at clarifying the descriptive as a basic semiotic form of organizing signs from a theoretical perspective but also provides a first overview of the uses of description as well as its problematics in fiction, painting and instrumental music. In the main part of the book, nine contributions by scholars from various disciplines explore description in individual media and different cultural epochs. The first section of the book is dedicated to literature and related (partly) verbal media and includes a typological and historical survey of description in fiction as well as discussions of its occurrence in poetry, nature writing, radioliterature and film. The second part deals with the (purely) visual media and ranges from a presentation of the descriptive techniques used in Durer's graphic reproductions to general reflections on 'the descriptive?' in the visual arts as well as in photography. A third section on description in music provides a perspective on yet another medium. The volume, which is the second one in the series 'Studies in Intermediality?', is of relevance to students and scholars from various fields: intermedial studies, literary and film studies, history of art, and musicology. B S Johnson and Post-War Literature 2014-07-30 M. Ryle A collection of essays on the 1960s experimental writer B.S. Johnson, this book draws together new research on all aspects of his work, and, in tracing his connections to a wider circle of continental, British and American avant-garde writers, offers exciting new approaches to reading 1960s experimental fiction.

Like a Fiery Elephant 2013-03-07 Jonathan Coe In his heyday, during the 1960s and early 1970s, B. S. Johnson was one of the best-known young novelists in Britain. A passionate advocate for the avant-garde in both literature and film, he became famous -- not to say notorious -- both for his forthright views on the future of the novel and for his idiosyncratic ways of putting them into practice. But in November 1973 Johnson's lifelong depression got the better of him, and he was found dead at his north London home. He had taken his own life at the age of forty. Jonathan Coe's biography is based upon unique access to the vast collection of papers Johnson left behind after his death, and upon dozens of interviews with those who knew him best. As unconventional in form as one of its subject's own novels, it paints a remarkable picture -- sometimes hilarious, often overwhelmingly sad -- of a tortured personality; a man whose writing tragically failed to keep at bay the demons that pursued him.

Like a Fiery Elephant 2005-04-28 Jonathan Coe The most critically acclaimed literary biography published in the UK in 2004, tells the story of B.S. Johnson, one of Britain's most innovative, passionate, and controversial writers of the 1960s and 70s, an unflinching advocate for the avant-garde who worked firmly in the tradition of Joyce and Beckett.

Trawl 2023-06-29 B S Johnson With an introduction by novelist Jon McGregor. The novel describes, in the first-person, a three-week voyage aboard a deep-sea fishing trawler in the Barents Sea, not unlike the one Johnson undertook in preparation to write the book. Isolating himself from the world he knows, as well as from the ship's crew, the narrator reflects on past events and relationships, hoping for some kind of redemption. This convincingly authentic and harrowing attempt to get to the heart of the human condition is one of Johnson's finest novels. In his heyday, during the 1960s and early 1970s, B S Johnson was one of the best-known novelists in Britain. A passionate advocate for the avant-garde, he became famous for his forthright views on the future of the novel and for his unique ways of putting them into practice. Convinced that 'telling stories is telling lies' and that he should write about 'nothing else but what happens to me', Johnson produced Trawl.
