Fragments of a Love Story 2011-09-01 Llewellyn Vaughan-Lee The mystical path is the most intoxicating and paradoxical, difficult, and even dangerous journey one can ever take. Fragments of a Love Story is a series of personal writings describing the passionate love, heartache, and confusion that belong to this journey. In particular Llewellyn Vaughan-Lee explores what for him is a central paradox: what belongs to the individual, the "I" who makes the journey, and what belongs to God. Whose journey really is it? He discusses this primary mystical question from his own experiences of 40 years travelling the mystical path within the context of the Sufi tradition. Some of these passages are very personal, heartfelt, full of contradictions and difficulties he has experienced. Other passages are more objective, more detached, placing his experiences and questions clearly within this ancient mystical tradition. In this way he shows how the Sufi path is lived today by a contemporary mystic. Fragments of a Love Story takes the reader beneath the surface into the heart of the mystical relationship with the Divine, which for the Sufi is the relationship of lover and Beloved. He describes how this secret love affair is within the heart of each of us, waiting to come alive, unique to each of us, and yet how confusing it can be, especially for our rational Western consciousness.This book is about the story of the soul and the passion that exists within the core of our being, and how demanding and difficult it is to live this love affair. But it also describes the beauty, wonder, and power of the divine love that awakens within the heart -- a love that is within each of us. Llewellyn Vaughan-Lee is a Sufi teacher and author, and these writings come from his own experience of the Sufi path.

For Love of the Real 2015-11-01 Llewellyn Vaughan-Lee "Llewellyn Vaughan-Lee's explanation in For Love of the Real of how to turn away from self-centeredness in the face of reality will appeal to readers who seek to lead a meaningful life." —H.H. DALAI LAMA At the root of every mystical calling is the search for what is Real. For Love of the Real follows this call, detailing the inner journey to Absolute Truth. Readers are guided through traditional experiences of the path—emptiness and the void, oneness, and communion with nature, for example. Particular direction is given for how contemporary seekers can—and must—engage with challenges unique to our times, such as extreme materialism and ecological devastation. For Love of the Real responds to the vital need for humanity to remember its own divine nature and restore mystical truth as the foundation of our inner and outer lives. Based upon forty years of following the mystical path, Llewellyn Vaughan-Lee grounds this work in his own inner experiences and spiritual scripture. This is an intense evocation of the contribution that spiritual awareness can make, a clear and compelling call for humanity to return to the Real. "A penetrating, heartfelt look into Absolute Reality..." —LAMA PALDEN, Buddhist teacher and founder of Sukhasiddhi Foundation "Just what we need within the context of our ordinary lives in this modern day and age." —ARI GOLDFIELD, Buddhist teacher, author, and psychotherapist "... its message speaks to people from many different traditions and backgrounds who aspire to lead lives of greater meaning, fulfillment, and depth. [The] emphasis on such topics as emptiness and manifestation, the inseparability of relative and ultimate reality, our utter interconnectedness, and the transformative power of love, and his call to service, echo teachings dear to my own tradition of vajrayana Buddhism. Like Llewellyn, I believe that a shift of consciousness is possible, and in fact essential, if we are to regain what we have lost and heal our connection with the sacred, with mother earth, and with our fellow beings." —ACHARYA JUDY LIEF, Naropa University Buddhist teacher and author in the Tibetan Buddhist and Shambhala traditions

The Circle of Love 1999-03-18 Llewellyn Vaughan-Lee The circle of divine love is always present within the heart. The journey of the mystic is to retrace this circle and so experience the oneness that is hidden within us. In The Circle of Love, Llewellyn Vaughan-Lee continues his work of providing a contemporary understanding of Sufism, drawing us into this mystery of the soul. He describes the way of mystical prayer and of listening with the heart. He offers valuable insight into power and the spiritual life: how to use one's power to break free of restrictions and live the joy of one's divine nature. He explores the primordial question of why we so easily forget our origin in God. Finally, The Circle of Love takes us deep into the mystical secret of being lost in God, to the center of the circle where the lover merges into the Beloved and the heart's deepest truth is revealed. "... Vaughan-Lee calls us back to the circle of love where nothing is excluded." —Spirituality & Practice

Love is a Fire 2001-07-15 Llewellyn Vaughan-Lee Based on live talks and meetings with Llewellyn Vaughan-Lee, this is an introduction to the passion and wisdom of the Sufi path of love. The call of the heart and how it draws us back to divine union is one of mankind's greatest secrets, and for the Sufi, this love is a fire that burns away all traces of separation. Vaughan-Lee teaches how to live this burning and describes stages of the path of love on the soul's journey home. Love Is a Fire includes descriptions of the "friends of God," early Sufi saints who burned with the fire of divine love, including Rumi, Ibn 'Arabi, and Rabi'a. It also introduces elements of the path and important tools that purify the wayfarer: tauba, the moment of the turning of the heart when the soul remembers its divine origin; dhikr, the central Sufi practice of remembrance of God through repetition of the name of God or a sacred phrase; meditation, a way of drowning thoughts in the fire of love; and dreamwork, a way of listening and attuning to the mystery of what is hidden within us—the stories of our deeper selves. This book is also available as an audio recording, Love is a Fire and I am Wood, published by Sounds True. "... forged in the fire of the heart, this is a book for all those who are looking for the direct way to connection with the Eternal Now. Simply to read this fine expression of a lifetime's longing is to feel aligned with the Divine Ground." —Anne Baring, coauthor, The Divine Feminine "... a gift to all seekers, whatever path they are on." —Andrew Harvey, author, Light Upon Light: A Celebration of Rumi

The 77 Fragments of my lovestory 2019-03-25 The 77 Fragments of my Lovestory is an intimate collection of 77 poems. Throughout the poems, the author illustrates her disappointments in love starting as a child. She illustrates the imagery of never feeling loved and accepted by her family; as well as the disappointment in going through the fear of sexual child abuse while being an example as the oldest of ten children. Anxious to move on with her life, she illustrates running from her past by attending college and never looking back; only to be catapulted in bitterness and unforgiveness towards her family which became reflective in her relationships. In the end, the author concludes that everything she always wanted to experience in love is found in Jesus Christ; and that he was always present loving and protecting her in all that she had been through. Whereby, finally finding her true love.

Within the Heart of Hearts 2015-05-01 Llewellyn Vaughan-Lee Within the Heart of Hearts is a journey into the mystical secrets of the heart. Designed to be read like a medieval book of hours, it uses prose, poetry, and images as a series of meditations on the stages of love's mystical journey, from the initial experience of searching and the heart's longing, to the ecstatic union with God, the lover united with the Beloved. This simple but powerful description of the Sufi journey reminds us of this living tradition of divine love. Beautiful images speak directly to the soul, as do the poems that touch the heart. Here is the poetry of Rumi, Hafiz, Ibn 'Arabi, and other Sufi masters placed within the context of the stages of the heart's opening to God. Speaking the universal language of love, they allow each of us to feel the mystery, wonder, and bliss that belongs to the heart of hearts, the mystical secret that is hidden within us. They draw us deep within our own heart, where this intoxicating relationship of lover and Beloved takes place. The popularity of Rumi has shown a thirst in the West for mystical love. This small book is a way to drink deeply of this wine of love, this tradition of lovers of God. Written by a contemporary Sufi, Within the Heart of Hearts is based upon a lived experience of the Sufi path and the inner experiences of the heart. "... a gentle and uplifting introduction to the mystical ground of being, weaving the voices of legendary Sufi poets such as Rumi, Hafiz, Rabi'a, Ghalib, Abu Sa'id, and Nizami. Reading this book is like sitting in a circle of ancient pilgrims as they share their inner journeys on a mountain at sunrise." —MARK NEPO, author, The Endless Practice and The Book of Awakening "Llewellyn Vaughan-Lee has a gift. He dives into the deep ocean of classical Sufi teachings, and comes up again and again with pearls of beauty that speak to our hearts today. This is more than merely translating, it is that rare ability to re-present teachings here and now. Recommended for spiritual seekers who are drawn to the path of Divine love." —Prof OMID SAFI, Ph.D, Director of Duke University's Islamic Studies Center;

The Return of the Feminine and the World Soul 2009-11-01 Llewellyn Vaughan-Lee The feminine holds the mystery of creation. This simple and primordial truth is often overlooked, but at this time of global crisis, which also carries the seeds of a global transformation, we need to reawaken to the spiritual power and potential of the feminine. Feminine qualities belong to both men and women, and they draw us into the depths within us, into the mysteries of the soul whose wisdom is called Sophia. Without the feminine nothing new can be born, nothing new can come into existence—we will remain caught in the materialistic images of life that are polluting our planet and desecrating our souls. We need to return to the core of our being, to where the sacred comes into existence. And the mystical feminine holds the key to this work of redemption and transformation. Over the past two decades Llewellyn Vaughan-Lee has given different teachings on the feminine and the anima mundi, the World Soul. They are compiled here for the first time. “Llewellyn Vaughan-Lee presents us with a clear picture of the Feminine which is now essential to building a new vision and value for our dear planet earth.” —MARION WOODMAN, Ph.D., Jungian Analyst and author “This book is the work of an alchemist—a vitally important contribution to the Great Work of rescuing the human soul from the darkness that currently shrouds it. In this dangerous transitional time, where ignorance, confusion and cruelty abound, its theme of the need for us to recover and comprehend the Feminine is of absolute and urgent relevance. Few people are able to define and evoke the Feminine in the way that Llewellyn Vaughan-Lee does; in poetic and beautiful prose, he speaks directly from his soul to ours, acting as advocate for the longing of the anima mundi, the World Soul, to be welcomed once again into our lives and our culture. He knows that this is the time of humanity’s awakening: each one of us participates in the mystery of the light hidden within us and within all nature that is being awakened. For exploring this mystery so directly and deeply and with such insight, he deserves our deepest gratitude. Women and men alike will welcome and treasure this book.” —ANNE BARING, co-author, The Myth of the Goddess: Evolution of an Image and The Dream of the Cosmos: A Quest for the Soul

One with the One 2021-03-21 Emily Jean Entwistle Emily Jean Entwistle, a former executive and material girl with a mystical bent, was badly damaged by a childhood rife with sexual and psychological abuse. In one with the One, she shares a story of transformation because of a soul level agreement to evolve through suffering into wholeness and joy. Entwistle chronicles her path to wholeness, offering details of her life. She was adopted into a frightening home and was a virtual prisoner until age eighteen. She was to die and go to heaven just when she reached tenuous stability as an adult. She returned from heaven, back to her broken body for the sake of another and was taught through service that the greatest law of life is love. In this memoir, she tells how conscious communion with God can be experienced by anyone. While her story illustrates how this happened to her, it offers guidance on how others can experience this, too. Through her trials and triumphs, Entwistle has learned that we are eternal beings floating in a sea of love. Her journey from darkness to light teaches the truth that we are co-creators being led back, with the greatest love of all, to conscious communion with God.

Prayer of the Heart in Christian and Sufi Mysticism 2012-05-01 Llewellyn Vaughan-Lee "... parallels the prayer practices of Sufi and Christian mysticism with ease.... Vaughan-Lee's prayerful prose is poetic, inclusive, and intelligent." —Publishers Weekly Prayer of the Heart in Christian & Sufi Mysticism guides the reader through the stages of mystical prayer. Mystical prayer is a way to create a living relationship with the Divine within the heart. Drawing on Christian and Sufi sources such as St. Teresa of Avila, Attar, St. John of the Cross, and Rumi, as well as from his own experience, Llewellyn Vaughan-Lee describes how prayer is first born of need, but then takes one deep within the heart, into the stages of Union and Ecstasy. Through mystical prayer, one is drawn beyond any words into the interior silence of real communion with God. Here, in the silence within the heart, a meeting and merging takes place that carries us beyond our self into the mystery of divine presence, into the secret nature of love's oneness. Prayer of the Heart in Christian and Sufi Mysticism explores the inner listening of the heart, and the secret of 'pray without ceasing' in which we discover how prayer becomes alive within the heart. Finally there is a chapter on the need at this time to pray for the Earth. How can we pray for the well-being of the Earth? How can we include the Earth in our prayers and our heart? This little book is an offering of the heart that brings together the Christian and Sufi mystical traditions in the oneness of love to which they belong. It will benefit any practitioner of prayer, anyone who is drawn to discover a relationship with God within their heart. "... with the understated simplicity of a true spiritual master, Llewellyn Vaughan-Lee seamlessly weaves these complementary traditions into a single tapestry of singular power and beauty... this book offers yet another profound contribution to the collective evolution of our hearts." —Rev. Cynthia Bourgeault, from the Foreword "... draws together the Christian and Sufi traditions of mystical prayer ... Vaughan-Lee's clearly written little guide will be gratifying and absorbing for those interested in mysticism and alternate routes toward the love of God." —Library Journal "... an excellent book ... As we recover more and more of the ancient contemplative traditions, we are finding immense similarities in goal, practice, and effects. At the mystical level, we are seemingly talking about the same experience, despite our different vocabularies and styles! Llewellyn Vaughan-Lee makes this sacred journey both clear and inviting." —Fr. Richard Rohr, Franciscan Priest, author, and founder Center for Action and Contemplation

Darkening of the Light 2013-11-01 Llewellyn Vaughan-Lee OVER THE LAST decade or more we have become increasingly aware of how our materialistic, energy-intensive civilization has been destroying the fragile balance of the web of life that has sustained humanity and all living beings for millennia. Yet, while spiritual teachings tell us that the events in the outer world are a reflection of changes taking place in the inner worlds, we appear to have little awareness of how this outer darkening is reflected within. This book, written between 2004 and the winter of 2012, tells the story of these inner changes that belong to our spiritual destiny and the fate of our planet. It is a witness to the darkening of the light of the sacred, reflected in our continued ecological destruction, and what this might mean to our shared destiny. With this darkening comes the danger that we may lose the opportunity for the global awakening that was possible at the beginning of the new millennium. This story of our collective destiny, however painful, needs to be heard if we are to take responsibility for the Earth and reclaim our sacred role as guardians of the planet. "I bow to the courage in this book. Here Llewellyn Vaughan-Lee has allowed himself to hear the cry of the Earth. He has been brave enough to face and to feel the immensity of the loss. He has dared to share that with us and to hope we can wake up to save what's left of our world and our souls." —JOANNA MACY, Co-author, Active Hope: How to Face the Mess We're in Without Going Crazy "I was very moved by Llewellyn Vaughan-Lee's reflections." —MARY EVELYN TUCKER, Co-director, Yale Forum on Religion and Ecology "... insightfully calls us to action now to avoid further devastation of our planet—of the Earth which is our home. We can no longer afford to remain in a collective trance ignoring how the Earth is responding to our behavior. Llewellyn inspires us to turn within and engage in the work needed to transform our world. This book is a gem!" —SANDRA INGERMAN, MA, author Soul Retrieval and Medicine for the Earth,

Moshkel Gosha 2005-04-01 Llewellyn Vaughan-Lee Through this ancient Persian story of a prickly-bush digger and his daughter who discover magical stones that bring wealth and disaster, this tale explores the different ways to nourish and care for the soul. As an invitation to the dimensions of love, power, and divine sustenance, Moshkel Gosha's magical story shows how to value and protect a deep longing for inner truth in the contemporary age. The accompanying commentary highlights the story and applies its principles to the spiritual needs and challenges of the contemporary world. "This little book is a priceless jewel. It is such a joy to read age-old truths set in the context of another language and other customs, and to have the essence of these truths translated so beautifully and powerfully into a language we can all understand." —Robert Johnson, author He, She, Inner Work, and Balancing Heaven & Earth "Moshkel Gosha is a mysterious Sufi story with different levels of meaning. This commentary gives many valuable insights into the hidden significance of this story. It shows how an ancient Sufi teaching story contains the answer to one of today's most important psychological and spiritual questions: how to let the healing and transformative power of the inner world become a part of our everyday life." —Irina Tweedie, author, Daughter of Fire: A Diary of a Spiritual Training with a Sufi Master "Those seeking a rich inner life will find this little book deeply rewarding. Joseph Campbell showed us the power of myth to help us understand ourselves, now Llewellyn Vaughan-Lee guides us to the world within as revealed in a magical tale." —Jonathan Young, PhD, Psychologist and Founding Curator, Joseph Campbell Archives Center for Story & Symbol

The Signs of God 2001-04-06 Llewellyn Vaughan-Lee The Signs of God explores the importance of mystical consciousness at this time of global transition. In the depths of the heart is hidden the secret purpose of creation, which is the key to our present time of transformation. The work of the mystic is to make this key accessible to humanity, and so open the doors of revelation. The possibilities of the future are present but veiled, the joy of life is waiting to return. The mystic can help us to awaken to the oneness that is essential to life, and to recognize the signs of God that will guide us and reveal our true purpose.

Working with Oneness 2002-05-02 Llewellyn Vaughan-Lee Humanity has been given access to the secrets of oneness, but we need to learn how to work with them. Working with Oneness brings mysticism into the center of the marketplace, into the world of business and technology, and shows how we can work with it in everyday life. The dynamic energy of oneness has the potential to heal the planet and revolutionize life more than we can imagine, but it requires our individual participation and awareness to become fully alive. The energy of oneness is already present but waiting to be lived, and Llewellyn Vaughan-Lee provides a blueprint for working consciously with this energy. As we understand how our consciousness affects the whole fabric of life, the potential for real global change comes alive. Llewellyn Vaughan-Lee stresses the need to change from hierarchical, patriarchal power structures to organic patterns that allow for the free flow of energy and ideas. Through these patterns the dynamic energy of oneness can become part of everyday life. Working with Oneness includes a number of additional important topics, including: the changing energy structure of the planet and how to work with it; the power of individual consciousness; the danger of the desire for spiritual security; the return of joy to everyday life; the awakening of the heart of the world; a new understanding of magic; the use of the imagination; and mystical participation in life with the energy of oneness. Working with Oneness offers guidance on how to work with the energy of oneness, to learn how to participate in life free of the patterns of the past, so that the divine can come alive in every moment of every day. Working with Oneness is mystical activism at its most potent. "There is a growing and eager audience waiting for a vision of unity consciousness... Working with Oneness offers a salutary antidote to worn-out antagonisms. It challenges readers to join other kindred souls in a mystical activism that can bring new hope to humanity." —Spirituality & Health "A book filled with wonder and the kind of insights that can leap out to your heart and gladden you for having read them. It's words are simple and straightforward—always a blessing—but its message it the most vital and important for the time in which we live. I recommend it." —David Spangler, author, Blessings: the Art and the Practice

A Lover's Discourse 1978 Roland Barthes "Barthes's most popular and unusual performance as a writer is "A Lover's Discourse," a writing out of the discourse of love. This language primarily the complaints and reflections of the lover when alone, not exchanges of a lover with his or her partner is unfashionable. Thought it is spoken by millions of people, diffused in our popular romances and television programs as well as in serious literature, there is no institution that explores, maintains, modifies, judges, repeats, and otherwise assumes responsibility for this discourse . . . Writing out the figures of a neglected discourse, Barthes surprises us in "A Lover's Discourse" by making love, in its most absurd and sentimental forms, an object of interest." Jonathan Culler

The Unknown She 2003-03-01 Hilary Hart Is there a mystical consciousness particularly natural to women? And if so, what role is it playing in the spiritual evolution of our world? To answer these questions, Hilary Hart traveled across the world meeting with contemporary mystics from a variety of traditions including Lakota Sioux, Sufism, Buddhism, and West-African shamanism. The revelations of feminine wisdom offered from these encounters are not conceptual teachings, but vivid examples of lived spirituality expressed sometimes through simple ways of being, sometimes through profound mystical experiences. Revolutionary and remarkably practical, The Unknown She offers a startling new look at women's unique mystical orientation and its place in the evolution of our universal consciousness. "... for serious students of mystical traditions and women's spirituality, this challenging book offers rewards not found in more conventional works." —Publishers Weekly "... a profound exploration of what may become the most important development in the 21st Century: the return of the feminine voice in spiritual experience." —Tsultrim Allione, author, Women of Wisdom A wonderful book! A geologist discovers a three-minute video recorded by his wife before she died. A tree lopper's heart falls in a forest. A working mum contemplates taking photographs of her late husband down from her fridge. A girl writes a last letter to the man she loves most, then sets it on fire. A palliative care nurse helps a dying woman converse with the angel at the end of her bed. A renowned 100-year-old scientist ponders the one great earthly puzzle he was never able to solve: 'What is love?' Endless stories. Human stories. Love stories. Inspired by a personal moment of profound love and generosity, Trent Dalton, bestselling author and one of Australia's finest journalists, spent two months in 2021 speaking to people from all walks of life, asking them one simple and direct question: 'Can you please tell me a love story?' The result is an immensely warm, poignant, funny and moving book about love in all its guises, including observations, reflections and stories of people falling into love, falling out of love, and never letting go of the loved ones in their hearts. A heartfelt, deep, wise and tingly tribute to the greatest thing we will never understand and the only thing we will ever really need: love. It's the kind of book that has some impact on the reader ... a Chaucerian endeavour, a rich caravanserai of real, living people with something important to tell.' Sydney Morning Herald

Working with Refugee Families 2020-08-06 Lucia De Haene The field of refugee family research and intervention forms a growing field of scientific study, focussing on the refugee family as the central niche of coping with, and giving meaning to, trauma, cultural uprooting, and exile. This important new book develops an understanding of the role of refugee family relationships in post-trauma healing and provides an in-depth analysis of central clinical-therapeutic themes in refugee family psychosocial interventions. Expert contributions from across transcultural psychiatry, psychology, psychotherapy and social work have provided chapters on post-trauma reconstruction in refugee family relationships, trauma care for refugee families, and intersectoral psychosocial interventions with refugee families. This exploration of refugee family systems in both research and clinical practice aims to promote a systemic perspective in health and social services working with families in refugee mental health care.

Critical Practice 2019-02-21 Martin McQuillan This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com. What is the relationship between theory and practice in the creative arts today? In Critical Practice, Martin McQuillan offers a critical interrogation of the idea of practice-led research. He goes beyond the recent vocabulary of research management to consider the more interesting question of the emergence of a cultural space in which philosophy, theory, history and practice are becoming indistinguishable. McQuillan considers the work of a number of writers and thinkers who cross the divide between theoretical and creative practice, including Alain Badiou and Terry Eagleton, and the longer tradition of 'theory-writing' that runs through the work of Hélène Cixous, Roland Barthes and Louis Althusser. His aim is to elucidate the contemporary ramifications of a relationship that has been contested throughout the long history of philosophy, from Plato's dialogues to Derrida's 'Envois'.

The Memories That We Leave Behind 2016-09-30 Ronald Black Within our lives we feel happiness, sorrow and pain, sometimes even all at once. There are many times when we do not understand the way that we feel. There are times when we want to strengthen the relationships in the lives that we live but pride is what we still feel. Sometimes we are breaking apart even when it is very painful in our hearts. Sometimes we would whether live with misery than reconcile with the ones that we love. There will always be mistakes made in the lives that we live. We need to work pass the problems in our lives to find a solution. I know that we can still feel hurt but we can overcome the feeling when we look deeply into our hearts. There will always be a love that we will feel for the ones that we love. Accepting this is the one true constant that can strengthen our relationships. I hope that with the reading of this poetry you will be given an insight. We do not live in a perfect world, but we are a diamond or a pearl. We are all special in our own ways. We all deserve to be loved every day.

Blindly 2012-08-21 Claudio Magris Who is the mysterious narrator of Blindly? Clearly a recluse and a fugitive, but what more of him can we discern? Baffled by the events of his own life, he muses, "When I write, and even now when I think back on it, I hear a kind of buzzing, blathered words that I can barely understand, gnats droning around a table lamp, that I have to continually swat away with my hand, so as not to lose the thread." Claudio Magris, one of Europe's leading authors and cultural philosophers, offers as narrator of Blindly a madman. Yes, but a pazzo lucido, a lucid madman, a single narrative voice populated by various characters. He is Jorgen Jorgenson, the nineteenth-century adventurer who became king of Iceland but was condemned to forced labor in the Antipodes. He is also Comrade Cippico, a militant anti-communist, imprisoned for years in Tito's gulag on the island Goli Otok. And he is the many partisans, prisoners, sailors, and stowaways who have encountered the perils of travel, war, and adventure. In a shifting choral monologue—part confession, part psychiatric session—a man remembers (invents, falsifies, hides, screams out) his life, a voyage into the nether regions of history, and in particular the twentieth century.

Keats's Odes 2022-11-08 Anahid Nersessian "When I say this book is a love story, I mean it is about things that cannot be gotten over-like this world, and some of the people in it." In 1819, the poet John Keats wrote six poems that would become known as the Great Odes. Some of them-"Ode to a Nightingale," "To Autumn"-are among the most celebrated poems in the English language. Anahid Nersessian here collects and elucidates each of the odes and offers a meditative, personal essay in response to each, revealing why these poems still have so much to say to us, especially in a time of ongoing political crisis. Her Keats is an unflinching antagonist of modern life-of capitalism, of the British Empire, of the destruction of the planet-as well as a passionate idealist for whom every poem is a love poem. The book emerges from Nersessian's lifelong attachment to Keats's poetry; but more, it "is a love story: between me and Keats, and not just Keats." Drawing on experiences from her own life, Nersessian celebrates Keats even as she grieves him and counts her own losses-and Nersessian, like Keats, has a passionate awareness of the reality of human suffering, but also a willingness to explore the possibility that the world, at least, could still be saved. Intimate and speculative, this brilliant mix of the poetic and the personal will find its home among the numerous fans of Keats's enduring work.

Debussy and the Fragment 2006 Linda Cummins Rather than solid frames, some less than perfect aesthetic objects have permeable membranes which allow them to diffuse effortlessly into the everyday world. In the parallel universes of music and literature, Linda Cummins extols the poetry of such imperfection. She places Debussy's work within a tradition thriving on anti-Aristotelian principles: motley collections, crumbling ruins real or fake, monstrous hybrids, patchwork and palimpsest, hasty sketches, ellipses, truncated beginnings and endings, meandering arabesques, irrelevant digressions, auto-quotations. Sensitive to the intermittences of memory and experience and with a keen ear for ironic intrusion, Cummins draws the reader into the Western cultural past in search of the surprisingly ubiquitous aesthetic of the unfinished, negatively silhouetted against expectations of rational coherence. Theories popularized by Schlegel and embraced by the French Symbolists are only the first waypoint on an elaborately illustrated tour reaching back to Petrarch. Cummins meticulously applies the derived results to Debussy's scores and finds convincing correlations in this chiasmatic crossover.

Zola, The Body Modern 2017-07-05 Susan Harrow Emile Zola's reputation as a landmark European novelist is undisputed. His monumental achievement, the novel cycle Les Rougon-Macquart: Histoire sociale et naturelle d'une famille sous le Second Empire (1871-1893), fixed his status as a major writer in the naturalist tradition. Is there any more to be said? Susan Harrow answers boldly in the affirmative, challenging the commonplace view that Zola's writing is predictable, prolix and transparent (what Barthes called 'readerly', for which read 'tedious'). Harrow exposes the modernist and postmodernist strategies which surface in the Rougon-Macquart novels, and reveals Zola's innovatory representation of the body captured here at work, at war, at play, at rest, and in arresting abstraction. Informed by critical thought from Barthes and Deleuze to Michel de Certeau and Anthony Giddens, Zola, the Body Modern offers a model for how we can revitalize our understanding of the canonical nineteenth-century European novel, and learn to travel more flexibly between parameters of century, style and aesthetics.

Using Literature in English Language Education 2018-08-23 Janice Bland Covering Green's The Fault in Our Stars, Collins' The Hunger Games, Selznick's The Invention of Hugo Cabret, Rowling's Wizarding World, Staake's Bluebird and Winton's Lockie Leonard, contributors consider how literature can be used for teaching literary literacy, creative writing, intercultural learning, critical pedagogy and deep reading in school settings where English is the teaching medium. Leading scholars from around the world explore pedagogical principles for English Language Teaching (ELT) widening children's and teenagers' literacy competences as well as their horizons through insightful engagement with texts. From challenging picturebooks for primary and secondary students, to graphic novels, to story apps, film and drama, as well as speculative fiction on provocative topics, recent research on literature education in ELT settings combines with cognitive criticism in the field of children's, young adult and adult literature.

Lolita fragments of a love story reflections on~Common Oral Health Problems in Adolescents

Adolescents face many oral health problems which may require them to visit a dentist or any other healthcare professional. Irregular teeth growth is a common problem and adolescents with braces are a common sight. Another problem is wisdom teeth extraction or the removal of the third molar. Dental cavities are yet another common problem in adolescents. Orthodontics is a specialty in dentistry which deals with correction, development and prevention of irregular teeth, jaw and bite. Orthodontics also helps to correct jaw disorders and facial abnormalities. If a general dentist feels abnormalities in the adolescent, he/she will refer the patient to an orthodontist. The American Dental Association suggests that every adolescent above the age of seven should get an orthodontic evaluation done. Problems which require orthodontic treatment are crowded or crooked teeth, extra teeth, missing teeth, under-bite, overbite, jaw joint disorder, and incorrect or misaligned jaw position.

To get braces or any other orthodontic treatments, the appropriate age is ten to fourteen years. But regardless of the age, the same physical and biological process is used in correcting and moving the teeth alignments. Braces are also known as fixed orthodontic appliances. There are three types of braces used to move and reposition the teeth. The first consists of brackets which are made out of plastic or metal. They are either of tooth color or clear and are bonded onto the teeth. The second type is the lingual type of brackets which are attached to the back teeth and cannot be seen while talking. *Obsession fragments of a love story reflections on.*When adolescents wear braces they have to take certain precautions in order to avoid any more oral health complications. The most important precautionary measure is to brush the teeth regularly after every meal. Since the food can be easily lodged in braces, it is a good idea to brush carefully with soft bristles toothbrush and fluoride toothpaste. In the morning, the adolescent must floss between the braces and teeth. Food stuffs which are sticky or hard must be avoided as they are very difficult to remove. Foods like caramel, chew candy, popcorn, and nuts must be avoided. Cleaning must be done by the orthodontist or general dentist, every five to six months.

The wisdom teeth or third molars can grow in people of the age fifteen to twenty five. These teeth cause problem, because most of the mouths are too small to adjust new teeth and hence they need to be removed. If the wisdom tooth has place to grow, without affecting other teeth, they can be left to themselves. But if the adolescent experiences pain, facial swelling, mouth infection and gum-line swelling, then they should be extracted immediately. They can also destroy the second molars and impact other tooth. Various gum and jaw diseases can be caused. There can be a tumor development; cysts development and plaque build up. Hence, a surgery is performed to remove the tooth or teeth. The gum tissue covering the wisdom tooth is removed and the connective tissue connecting the tooth to the bone is detached. The tooth is then removed and the opening is sutured. A general dentist can perform wisdom tooth surgery in the local office using anesthesia.

Five times common than asthma is tooth cavities. The tooth above the gum line is made up of enamel, the hardest tissue within the human body. The tooth below the gum-line comprise of nerves, roots and dentin. Dentin is another type of tissue and isn't as hard as the enamel. The acid which leads to tooth decay is produced by bacteria. These acids, along with dietary sugar, attach the enamel and eat away the minerals within the enamel, until a cavity is formed. This is known as tooth cavity. The biggest prevention against dental cavities is brushing teeth twice a day and even better, after every meal with fluoride toothpaste and soft bristle toothbrush. Carbonated drinks must be avoided strictly and must be replaced with fruit juices and sugary food must be avoided. Intake of fluoridated water also helps a lot or fluoride supplements can be used as replacement.

Read Only : fragments of a love story reflections on There are basically two types of diabetes that will affect an adolescent. It is type 1 diabetes and type 2 diabetes. Type 1 diabetes affects the immune system's function as the systems attacks the pancreas' insulin producing cells, also known as the beta cells. Because of this, the pancreas loses the ability to manufacture insulin. This is the reason why people with type 1 diabetes take insulin everyday. The symptoms are weight loss, increase in urination & thirst, blurred vision, tiredness and constant hunger. And if the adolescent isn't treated at the right time, he/she can slip in to diabetic coma which can endanger his/her life. In type2 diabetes, the body is incapable of properly using the insulin produced by the body and requires insulin from an external source, too. The symptoms of type 2 diabetes are similar to type 1 diabetes. The teenager feels sick, tired, nauseated, and thirsty. The wounds will recover very slowly; he/she will get infections frequently, will develop blurred vision and will experience weight loss.

Parents play a vital role in determining the problem. They should constantly observe their child for eating disorders or signs of depression. Although cigarette, drugs and alcohol should be avoided by all adolescents and children, it is even more important that youngster with diabetes should stay away from these things as they can worsen the situation. A person with diabetes, who switches to smoking, is at risk of developing cardiovascular diseases and circulatory problems. Consumption of alcohol can cause hypoglycemia or low blood sugar. It is the duty of the parents to make their child aware of the possible risk they would face if they start to smoke, drink alcohol or take drugs.

Children and adolescents, who have diabetes, face many challenges while trying to lead a normal life. They have to think twice before doing simple things as going to a party, playing sports and even when staying over with friends. This is because they require to intake oral medication or insulin. Their blood sugar level must be checked many times through out the day. Also, at gatherings, they have to avoid many food items. Because of this they will feel different from the crowd and can feel left out. Not only does diabetes pose behavioral challenges, but also emotional challenges.

*Concepts fragments of a love story reflections on:***How does sticking needles into your body help manage the stress?**

In traditional Chinese medicine, much of the treatments depend on an understanding of the balance in our bodies and its internal organs. The sicknesses we sometimes develop are seen to be caused by imbalances in our lifestyles and environment. Stress is also affected by this imbalance. That is why when there is something wrong with your body, youd typically have less of an ability to deal with stress. Youd get more irritable and find it really to difficult to relax.

By sticking these very thin needles past the surface of our skin, the acupuncturist stimulates nerves in our body. These nerves send signals to our brain and scientists believe that the brain then releases its natural painkillers into our system. This immediately causes a feeling of relaxation for many people.

The needles could also help your body by stimulating its circulation. With the circulation between the organs of the body improved, a lot of the bodys wastes could be cleansed properly. Your organs would also receive the full benefit of the oxygen from your lungs making its way into the cells of your body without any blockages. This makes your organs much healthier and leaves you feeling much better in the long term as well.

In order for chi to course through the body unobstructed, there has to be a balance between the strengths of yin and yang. In ancient Chinese philosophy, yin and yang represent the forces of the universe- yin is for feminine, while yang is for masculine. Every single thing in the universe is believed to contain both yin and yang for harmony.

When the yin and yang are not balanced, chi cannot stream through the body liberally. Therefore, the meridian points through which chi courses through need to be stimulated. This is done by the insertion of hair-thin, disposable needles in specific areas on a person's body to induce bodily harmony and bring about healing.
