Celine 2018-01-02 Peter Heller NATIONAL BESTSELLER • From the author of The River and The Dog Stars comes another "gorgeously wrought story—equal parts character study and mystery—a young woman asks Celine, a badass Brooklyn private eye, to investigate the death of her father, a nature photographer" (Entertainment Weekly). Celine is not your typical private eye. With prep school pedigree and a pair of opera glasses for stakeouts, her methods are unconventional but extremely successful. Working out of her jewel box of an apartment nestled under the Brooklyn Bridge, Celine has made a career out of tracking down missing persons nobody else can find. But when a young woman named Gabriela employs her expertise, what was meant to be Celine's last case becomes a scavenger hunt through her own memories, the secrets there and the surprising redemptions. Gabriela's father was a National Geographic photographer who went missing in Wyoming twenty years ago and while he was assumed to have been mauled by a grizzly his body was never found. Celine and her partner set out to Yellowstone National Park to follow a trail gone cold but soon realize that somebody desperately wants to keep this case closed. Combining ingenious plotting with crystalline prose and sweeping natural panoramas, Peter Heller gives us his finest work to date. Look for Peter Heller's new novel, The Last Ranger, coming soon!

Hig's wife is gone, his friends are dead, and he lives in the hangar of a small abandoned airport with his dog, Jasper, and a mercurial, gun-toting misanthrope named Bangley. But when a random transmission beams through the radio of his 1956 Cessna, the voice ignites a hope deep inside him that a better life exists outside their tightly controlled perimeter. The Guide 2021-08-24 Peter Heller NATIONAL BESTSELLER • The best-selling author of The River returns with a heart-racing thriller about a young man who is hired by an elite fishing lodge in Colorado, where he uncovers a plot of shocking menace amid the natural beauty of sun-drenched streams and forests. Freedom and Dissatisfaction in the Works of Agnes Heller 2016-12-27 Lucy Jane Ward In this book, Lucy Jane Ward argues that although contemporary scholarship tends to divide Agnes Heller's work chronologically in terms of her "Marxist" and subsequent "post-Marxist" periods, a closer reading reveals her work as a continuing engagement both with and against Marx's idea of the human being rich in need.

Life Work 2012-03-13 Donald Hall Distinguished poet Donald Hall reflects on the meaning of work, solitude, and love "The best new book I have read this year, of extraordinary nobility and wisdom. It will remain with me always."—Louis Begley, The New York Times "A sustained meditation on work as the key to personal happiness. . . . Life Work reads most of all like a first-person psychological novel with a poet named Donald Hall as its protagonist. . . . Hall's particular talents ultimately [are] for the memoir, a genre in which he has few living equals. In his hands the memoir is only partially an autobiographical genre. He pours both his full critical intelligence and poetic sensibility into the form."—Dana Gioia, Los Angeles Times "Hall . . . here offers a meditative look at his life as a writer in a spare and beautifully crafted memoir. Devoted to his art, Hall can barely wait for the sun to rise each morning so that he can begin the task of shaping words."—Publishers Weekly (starred review) "I [am] delighted and moved by Donald Hall's Life Work, his autobiographical tribute to sheer work--as distinguished from labor--as the most satisfying and ennobling of activities, whether one is writing, canning vegetables or playing a dung fork on a New Hampshire farm."—Paul Fussell, The Boston Globe "Donald Hall's Life Work has been strangely gripping, what with his daily to do lists, his ruminations on the sublimating power of work. Hall has written so much about that house in New Hampshire where he lives that I'm beginning to think of it less as a place than a state of mind. I find it odd that a creative mind can work with such Spartan organization (he describes waiting for the alarm to go off at 4:45 AM, so eager is he to get to his desk) at such a mysterious activity (making a poem work) without getting in the way of itself."—John Freeman's blog (National Book Critics Circle Board President)

Big Lonesome 2017-02-28 Joseph Scapellato An inventive, ranging debut story collection from a writer hailed by Charles Yu as "a stunningly original voice--warm, bleak, dark, ecstatic, full of silences and power and life" Reinventing a great American tradition through an absurdist, discerning eye, Joseph Scapellato uses these twenty-five stories to conjure worlds, themes, and characters who are at once unquestionably familiar and undeniably strange. Big Lonesome navigates through the American West—from the Old West to the modern-day West to the Midwest, from cowboys to mythical creatures to everything in between—exploring place, myth, masculinity, and what it means to be whole or to be broken. Though he works in the tradition of George Saunders and Patrick deWitt—writing subversive, surreal, and affecting stories that unveil the surprising inner lives of ordinary people and the mythic dimensions of our everyday lives—"Scapellato's Big Lonesome is unlike anything else you've ever read" (Robert Boswell).

Kook 2010-07-13 Peter Heller With grit, poetry, and humor, Peter Heller, acclaimed author of The River and The Whale Warriors recounts his remarkable journey of discovery—of surfing, an entirely new challenge; of the ocean's beauty and power; of the strange surf subculture; of love; and, most of all, of how to seek adventure while crafting a meaningful life. Author of the New York Times bestselling novel The Dog Stars Winner of the National Outdoor Book Award for Literature Having resolved to master a big-hollow wave—that is, to go from kook (surfese for beginner) to shredder—in a single year, Heller travels from Southern California down the coast of Mexico in the company of his girlfriend and the eccentric surfers they meet. Exuberant and fearless, Heller explores the technique and science of surfing the secrets of its culture, and the environmental ravages to the stunning coastline he visits. As Heller plumbs the working of his own heart and finds joy in both love and surfing, he affords readers vivid insight into this fascinating world, with all of its perils and pleasures, its absurdity and wonder. Exhilarating, entertaining, and moving, Kook is a love story between a man and his surfboard, a man and his girlfriend, a not-so-old man and the sea.

The Whale Warriors 2007-09-18 Peter Heller Author of the New York Times bestselling novel The Dog Stars For the crew of the eco-pirate ship the Farley Mowat, any day saving a whale is a good day to die. In The Whale Warriors, veteran adventure writer Peter Heller takes us on a hair-raising journey with a vigilante crew on their mission to stop illegal Japanese whaling in the stormy, remote seas off the forbidding shores of Antarctica. The Farley is the flagship of the Sea Shepherd Conservation Society and captained by its founder, the radical environmental enforcer Paul Watson. The Japanese, who are hunting endangered whales in the Southern Ocean Whale Sanctuary, in violation of several international laws, know he means business: Watson has sunk eight whaling ships to the bottom of the sea. For two months, Heller was aboard the vegan attack vessel as it stalked the Japanese whaling fleet through the howling gales and treacherous ice off the pristine Antarctic coast. The ship is all black, flies under a Jolly Roger, and is outfitted with a helicopter, fast assault Zodiacs, and a seven-foot blade attached to the bow, called the can opener. As Watson and his crew see it, the plight of the whales is also about the larger crisis of the oceans and the eleventh hour of life as we know it on Earth. The exploitation of endangered whales is emblematic of a terrible overexploitation of the seas that is now entering its desperate denouement. The oceans may be easy to ignore because they are literally under the surface, but scientists believe that the world's oceans are on the verge of total ecosystem collapse. Our own survival is in the balance. With Force 8 gales, monstrous seas, and a crew composed of professional gamblers, Earthfirst! forest activists, champion equestrians, and ex-military, the action never stops. In the ice-choked water a swimmer has minutes to live. The Japanese factory ship is ten times the tonnage of the Farley. The sailors on board both ships know that there will be no rescue in this desolate part of the ocean. Watson presses his enemy while Japan threatens to send down defense aircraft and warships, Australia appeals for calm, New Zealand dispatches military surveillance aircraft, the U.S. Office of Naval Intelligence issues a piracy warning, and international media begin to track the developing whale war. For the Sea Shepherds there is no compromise. If the charismatic, intelligent Great Whales cannot be saved, there is no hope for the rest of the planet. Watson aims his ship like a slow torpedo and gives the order: "Tell the crew, collision in two minutes." In 35-foot seas, it is a deadly game of Antarctic chicken in which the stakes cannot be higher.

Soul of the Rhino 2009-09-01 Hemanta Mishra A spirited yet humble account of one man's scientific career and personal journey to save the endangered rhinoceros in his native Nepal In early 2006, National Public Radio reported that "A promising conservation effort to save one of Nepal's signature endangered species is now in serious trouble, due primarily to poachers taking advantage of fighting between government forces and Maoist insurgents." This was devastating news indeed to author and scientist Hemanta Mishra, who has spent the better part of his adult life struggling to save the Indian Rhino from extinction in his native Nepal. The Soul of the Rhino is the spirited yet humble account of Mishra's unique personal journey. Fresh out of university in the 1970s, Mishra embarks on his conservation work with the help of an ornery but steadfast elephant driver, the Nepalese royal family, and handfuls of like-minded scientists whose aim is to protect the animal in the foothills of the Himalayas. Yet, in spite of decades spent creating nature reserves and moving rhinos to protected areas, arm-wrestling politicians, and raising awareness for the cause, Mishra is still fearful about the future of the Indian Rhino. To this day, Nepal is overrun by armed insurgents, political violence, and poachers who could kill off this magnificent creature for good. Filled with candor and bittersweet humor, Mishra re-creates his journey on behalf of the rhino, an ugly yet enchanting, terrifying yet delicate creature. The first book of its kind to delve into the multi-layered political labyrinth of South Asian wildlife conservation, and one man's endurance in the face of it all, The Soul of the Rhino is sure to win over your heart and soul. "A mix of Western science and Eastern mythology, [this book] could be called 'Zen and the Art of Rhinoceros Maintenance'." —New York Post "[Mishra's] a gutsy, committed man and a charming writer—and the rhinos could have no faster friend."—National Geographic Adventure "Unusual, fascinating, and important. The Soul of the Rhino . . . provides not only a rare insight into the personality and behavior of the highly endangered and little-known Asian rhino, but an equally absorbing picture of the people who share its habitat." —Dr. Jane Goodall, DBE; founder, the Jane Goodall Institute; UN Messenger of Peace "[Mishra] describes his contacts with everyone from poacher and foreigner to bureaucrat, royalty and rhino. I enjoyed The Soul of the Rhino immensely." —George B. Schaller, Wildlife Conservation Society "This is the first book of its kind that proves that nature conservation in Asia does not only depend upon good Western science. But, like politics in America, it is an art." —Lodi Gyari, Special Envoy of His Holiness the Dalai Lama "For anyone interested in wildlife, the Himalayan region, Hindu and Buddhist culture, this book is a delight." —Kenneth Nebenzahl, director of the American Himalayan Foundation, member of the WWF-US Council

Saving the Wild South 2021-10-19 Georgann Eubanks The American South is famous for its astonishingly rich biodiversity. In this book, Georgann Eubanks takes a wondrous trek from Alabama to North Carolina to search out native plants that are endangered and wavering on the edge of erasure. Even as she reveals the intricate beauty and biology of the South's plant life, she also shows how local development and global climate change are threatening many species, some of which have been graduated to the federal list of endangered species. Why should we care, Eubanks asks, about North Carolina's Yadkin River goldenrod, found only in one place on earth? Or the Alabama canebrake pitcher plant, a carnivorous marvel being decimated by criminal poaching and a booming black market? These plants, she argues, are important not only to the natural environment but also to southern identity, and she finds her inspiration in talking with the heroes the botanists, advocates, and conservationists young and old on a quest to save these green gifts of the South for future generations. These passionate plant lovers caution all of us not to take for granted the sensitive ecosystems that contribute to the region's long-standing appeal, beauty, and character.

Hell Or High Water 2005-01-01 Peter Heller The great adventure tales of man against nature have already been told the race to the South Pole; the first ascent of Everest; Shackleton's escape from Antarctica. Each continent has yielded up its treasure, and there are few such epic challenges left. But deep in the Tsangpo Gorge a team of extreme kayakers found their Everest. The Tsangpo Gorge cuts through the eastern end of the Himalayas to form the deepest, most remote river canyon on earth. Three times deeper than the Grand Canyon, hemmed in by 7500 metre plus peaks, and sacred to Tibetan Buddhists, the Tsangpo is revered as the last remaining extreme adventure challenge. An attempt in 1998 failed, ending in the death of one of the team. In 2002, despite the dangers, seven of the world's top expeditionary kayakers, including New Zealander Mike Abbott, paddled against the furious currents of Tibet's Tsangpo River and into the throat of the gorge. Led by filmmaker Scott Lindgren, the kayakers launched a grand, 19th century-style river expedition on a scale not seen since Lewis and Clark. Supported by an international team of eighty including Nepali sherpas, a Buddhist lama, a great Tibetan explorer, and author and adventurer Peter Heller they were prepared to go fifty days through the Himalayan winter without re-supply. It would become a thirty-seven day epic taking the paddlers through the most dangerous sustained white water ever and into the heart of the mythical Shangri-la, an isolated world of dense forests, ancient prayer caves and golden panthers. Along the way they were forced to traverse a terrifyingly steep mountain pass of snow and ice, kayaks slung across their backs; negotiate with corrupt officials; stare down violent, mutinous porters; and confront their own inner demons and fears. Hell or High Water takes you on a heart-stopping, awe-inspiring journey into a near-inaccessible world of death-defying white water and international river cowboys. A place so remote, so veiled in mystery and steeped with religious significance that one of its earliest explorers called it the very end of the earth'.

Horizons West 2019-07-25 Jim Kitses When first published in 1969, Horizons West was immediately recognised as the definitive critical account of the Western film and some of its key directors. This greatly expanded new edition is, like the original, written in a graceful, penetrating and absorbingly readable style. It provides definitive critical analysis of the six greatest film-makers of the Western genre: John Ford, Anthony Mann, Budd Boetticher, Sam Peckinpah, Sergio Leone and Clint Eastwood. And it offers illuminating accounts of such classic Westerns as The Searchers, Pat Garrett and Billy the Kid, Once Upon a Time in the West, Shane and many more. Among the completely new material in this edition is Kitses's magisterial account of the work of the greatest of Western directors, John Ford. Kitses also assesses how the Western has been challenged by revisionist historical accounts of the West and the Western, and by movement such as feminism, postmodernism, multiculturalism and psychoanalysis. The product of a lifetime's labour and love, Horizons West is a landmark of scholarship and interpretation devoted to, what is for many, Hollywood's signature genre. It provides a compelling account of the powerful mythology of America's past as forged by Western films and the men who made them.

The Peabody Picture Vocabulary Test 4th Edition (PPVT-4) is a widely recognized vocabulary evaluation that has been in operation for nearly 50 years. Developed by Lloyd M. Dunn and Douglas M. Dunn, the evaluation is designed to evaluate vocabulary comprehension for American English. It is swift and simple to conduct, conserving important time so that concentration can be set on executing successful approaches.

The PPVT-4 assessment material encompasses a broad range of receptive vocabulary levels, spanning from pre-kindergarten through adult age. The assessment questions extensively include words that depict 20 topic fields (e.g., actions, vegetables, tools), parts of speech (nouns, verbs, attributes), and home and school vocabulary.

The assessment offers two identical versions which hold distinct vocabulary words, making sure that the individual has not "mastered" the test. One form can be utilized before intervention to evaluate people's vocabulary comprehension and the other edition can be employed for re-testing to evaluate and record improvement. The PPVT-4 also features a distinctive Growth Scale Value (GSV) which is responsive to small changes over time.
