Summer Light, and Then Comes the Night 2021-09-07 Jon Kalman Stefansson A NEW YORK TIMES GLOBETROTTER PICK! Sometimes, in small places, life becomes bigger. SUMMER LIGHT AND THEN COMES THE NIGHT is a profound and playful masterwork from one of Iceland's most beloved authors that explores the dreams and desires of ordinary people in a rural town. In a village of only four hundred inhabitants, life could seem unremarkable. Yet in this remote town, a new road to the city has change on everyone's minds. There is the beautiful, elusive Elisabet who cuts a surprisingly svelte path at The Knitting Company. Neighbors Kristin and Kjartan who seem...normal, but for their explosive passion that bewilders even themselves (and ignites the spectacular revenge of Kjartan's wife). And then the most successful businessman in town decides to ditch his Range Rover and glamorous wife in exchange for Latin books and stargazing. Unexpected, warm, and humorous, Stefansson explores the dreams and desires of these everyday people, and reveals the magic of life in all of its progress, its complacency, its ugliness and, ultimately, beauty. Never Let Go 2013-10-31 Scarlett Edwards Inspired by true events...The first day of college gives every girl a chance to reinvent herself. I go and screw mine up by meeting the most gorgeous guy I've seen in five years while talking to my cat. But Andrew Crouner is far from judgmental. By the end of our interaction, he has me smitten by his easy manner and kind smile. And from the way his eyes linger on me before he leaves, I start to think that maybe I've caught his attention, too. I let myself believe that luck may finally be on my side. That is, until I stumble on my roommate, and her overnight guest: Spencer Ashford. Lean, tattooed, and sexy as sin, Spencer is exactly the type I need to avoid. I would have no trouble with that... were it not for his swift and inexplicable interest in me. Suddenly, I go from a girl with next-to-no experience with boys to one caught in the crosshairs of two completely different men. Andrew's interest is wholesome and sweet. Spencer's is edgy and raw. My choice should be easy. But there are always complications, and sometimes, matters of the heart take the least expected turns.

Psychomagic 2010-06-18 Alejandro Jodorowsky A healing path using the power of dreams, theater, poetry, and shamanism • Shows how psychological realizations can cause true transformation when manifested by concrete poetic acts • Includes many examples of the surreal but successful actions Jodorowsky has prescribed to those seeking his help While living in Mexico, Alejandro Jodorowsky became familiar with the colorful and effective cures provided by folk healers. He realized that it is easier for the unconscious to understand the language of dreams than that of rationality. Illness can even be seen as a physical dream that reveals unresolved emotional and psychological problems. Psychomagic presents the shamanic and genealogical principles Jodorowsky discovered to create a healing therapy that could use the powers of dreams, art, and theater to empower individuals to heal wounds that in some cases had traveled through generations. The concrete and often surreal poetic actions Jodorowsky employs are part of an elaborate strategy intended to break apart the dysfunctional persona with whom the patient identifies in order to connect with a deeper self. That is when true transformation can manifest. For a young man who complained that he lived only in his head and was unable to grab hold of reality and advance toward the financial autonomy he desired, Jodorowsky gave the prescription to paste two gold coins to the soles of his shoes so that all day he would be walking on gold. A judge whose vanity was ruling his every move was given the task of dressing like a tramp and begging outside one of the fashionable restaurants he loved to frequent while pulling glass doll eyes out of his pockets. The lesson for him was that if a tramp can fill his pockets with eyeballs, then they must be of no value, and thus the eyes of others should have no bearing on who you are and what you do. Taking his patients directly at their words, Jodorowsky takes the same elements associated with a negative emotional charge and recasts them in an action that will make them positive and enable them to pay the psychological debts hindering their lives.

Auntie Mame 2002-02-05 Patrick Dennis With a wit as sharp as a vodka stinger and a heart as free as her spirit, Auntie Mame burst onto the literary scene in 1955--and today remains one of the most unforgettable characters in contemporary fiction. Wildly successful when it was first published in 1955, Patrick Dennis' Auntie Mame sold over two million copies and stayed put on the New York Times bestseller list for 112 weeks. It was made into a play, a Broadway and a Hollywood musical, and a fabulous movie starring Rosalind Russell. Since then, Mame has taken her rightful place in the pantheon of Great and Important People as the world's most beloved, madcap, devastatingly sophisticated, and glamorous aunt. She is impossible to resist, and this hilarious story of an orphaned ten-year-old boy sent to live with his aunt is as delicious a read in the twenty-first century as it was in the 1950s. Follow the rollicking adventures of this unflappable flapper as seen through the wide eyes of her young, impressionable nephew and discover anew or for the first time why Mame has made the world a more wonderful place. "Outrageous, hilarious, ribald, sophisticated, slapsatiric." The Denver Post

The First Crusade 2012-01-26 Thomas Asbridge 'A nuanced and sophisticated analysis... Exhilarating' Sunday Telegraph Nine hundred years ago, one of the most controversial episodes in Christian history was initiated. The Pope stated that, in spite of the apparently pacifist message of the New Testament, God actually wanted European knights to wage a fierce and bloody war against Islam and recapture Jerusalem. Thus was the First Crusade born. Focusing on the characters that drove this extraordinary campaign, this fascinating period of history is recreated through awe-inspiring and often barbaric tales of bold adventure while at the same time providing significant insights into early medieval society, morality and mentality. The First Crusade marked a watershed in relations between Islam and the West, a conflict that set these two world religions on a course towards deep-seated animosity and enduring enmity. The chilling reverberations of this earth-shattering clash still echo in the world today. '[Asbridge] balances persuasive analysis with a flair for conveying with dramatic power the crusaders' plight' Financial Times

World Development Report 2019 2018-10-31 World Bank Work is constantly reshaped by technological progress. New ways of production are adopted, markets expand, and societies evolve. But some changes provoke more attention than others, in part due to the vast uncertainty involved in making predictions about the future. The 2019 World Development Report will study how the nature of work is changing as a result of advances in technology today. Technological progress disrupts existing systems. A new social contract is needed to smooth the transition and guard against rising inequality. Significant investments in human capital throughout a person's lifecycle are vital to this effort. If workers are to stay competitive against machines they need to train or retool existing skills. A social protection system that includes a minimum basic level of protection for workers and citizens can complement new forms of employment. Improved private sector policies to encourage startup activity and competition can help countries compete in the digital age. Governments also need to ensure that firms pay their fair share of taxes, in part to fund this new social contract. The 2019 World Development Report presents an analysis of these issues based upon the available evidence.

21 Rituals to Change Your Life 2017-03-14 Theresa Cheung Aristotle said 'you are what you repeatedly do'. Most of us have no idea that what we repeatedly do creates our lives, we think our future is shaped by big events, the decisions we make, the thoughts we have but, this book will show you that it is your daily actions that are the key. Over the last few decades neuroscientists and psychologists have discovered that there is more power in 'I do' than 'I think'. However, if an action is repeated enough times it becomes habit but habits lack thought, consideration and presence. To effect long-lasting meaningful change our actions need to be filled with a sense of personal meaning and power – they need to be ritualized. Creating personal ritual in our lives allows us to bring the presence of the sacred into the everyday. The rituals in this book have been designed as symbolic acts providing a framework for anyone to use to create positive change in their lives. The 7 morning rituals are designed to help you 'wake with determination', the 7 afternoon rituals focus on 'living on purpose', and the 7 evening rituals are about 'retiring with satisfaction'.

Much of the class involves hands on learning and project work. This book acts as the primary reference for methods taught in the class. It's now available to students and non-students alike.

Women Who Run with the Wolves 1995-08-22 Clarissa Pinkola Estés Phd NEW YORK TIMES BESTSELLER • One million copies sold! "A deeply spiritual book [that] honors what is tough, smart and untamed in women."—The Washington Post Book World Book club pick for Emma Watson's Our Shared Shelf Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society's attempt to "civilize" us into rigid roles has muffled the deep, life-giving messages of our own souls. In Women Who Run with the Wolves, Dr. Clarissa Pinkola Estés unfolds rich intercultural myths, fairy tales, folk tales, and stories, many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

The Evaluation Enterprise 2018-06-27 Jan-Eric Furubo Today, evaluation is part of governing systems and is supported by powerful institutions. It is taken for granted that evaluation leads to betterment. However, evaluation itself is seldom analyzed from a critical perspective. In this book, Jan-Eric Furubo and Nicoletta Stame have assembled an international line-up of distinguished experts and emerging scholars to fill this void. Examining the evaluation from a critical – or evaluative – perspective, each contribution in this book offers a systematic and critical insight into the broader relationship between evaluation and society. Divided into three parts, the various chapters

ask questions such as: What are the consequences of the institutionalization of evaluation? Has the professionalization of evaluators favored their action in the public interest? Is the money spent on evaluation worth it? Is the market of evaluation allowing real competition for the best services? The answers to these questions demonstrate that the constitutive effects of the social practice of evaluation can also be the suppression of other forms of knowledge and the favoring of certain notions about societal development and political and administrative processes.

Memoirs of an Italian Terrorist 2003-02-11 Giorgio When government consultant Professor Marco Biagi was assassinated in Italy by the New Red Brigades in the aftermath of September 11, the country was transported back 30 years to the violent "Years of Lead." In the 1970s Neo-Fascists planted bombs, Marxist-Leninists kneecapped and assassinated, and ordinary Italians were afraid to go to their offices in the morning. There were over 500 killed by terrorists in those years, thousands wounded, burned, scarred; there are hundreds in jail or who have done time, and thousands still out there, like "Giorgio," having lived decades as clandestine soldiers. The most shocking document of that unstable era and one of the primary source documents in the history of terrorism is this anonymous firsthand narrative of a life devoted to the bloody cause of The Red Brigades. In candid and grim detail, "Giorgio" tells of his "transition to living underground." He coldly narrates his mundane routine that prefigures the methods of al-Qaeda: the long patient shadowing of potential targets (never victim, always "target"), the clinical monitoring of the news for opportunities for destruction, and the relentless study of target companies to identify the strategic personnel to kneecap or assassinate. He describes the succession of events that took him from simple troublemaking to full-fledged terrorism, from a gleeful "proletarian expropriation" of Levis from a Milanese

"jeanseria" to shooting at the police in a famous demonstration in which one policeman was killed, and on to outright political assassinations. Fascinating and horrifying to the end, Giorgio's story resonates with the current situation in the United States as much as it did with Italy's when it was first published. A best-seller in Europe and a classic in Italy, this is the first U.S. publication of these uncensored memoirs of an unrepentant terrorist.

Divorce Islamic Style 2012-03-27 Amara Lakhous Secret identities, criminal conspiracies, and forbidden love converge in this "whimsical and at times heartbreaking look" at the Muslim communities of Rome (The New York Times). The Italian secret service believes that a group of Muslim immigrants is planning a terrorist attack. Christian Mazzari, a young Sicilian translator who speaks perfect Arabic, goes undercover in Rome's Egyptian neighborhood, Viale Marconi, to infiltrate the group. Posing as a recently arrived Tunisian in search of a job and a place to sleep, Christian soon meets Sofia, a young Egyptian immigrant whose arranged marriage is anything but fulfilling. While Christian attempts in vain to uncover terrorist activity, Sofia is on another kind of secret mission—in defiance of a husband who forbids her to work. In alternating voices, Algerian-born Italian author Amara Lakhous examines the commonplaces and stereotypes of life in modern, multicultural Italy. Divorce Islamic Style mixes the rational and the absurd as it depicts the conflicts and contradictions of today's globalized world.

International Perspectives on Spinal Cord Injury 2013 World Health Organization "Every year between 250 000 and 500 000 people suffer a spinal cord injury, with road traffic crashes, falls and violence as the three leading causes. People with spinal cord injury are two to five times more likely to die prematurely. They also have lower rates of school enrollment and economic participation than people without such injuries. Spinal cord injury has costly consequences for the individual and society, but it is preventable, survivable and need not preclude good health and social inclusion. Ensuring an adequate medical and rehabilitation response, followed by supportive services and accessible environments, can help minimize the disruption to people with spinal cord injury and their families. The aims of International perspectives on spinal cord injury are to: ---assemble and summarize information on spinal cord injury, in particular the epidemiology, services, interventions and policies that are relevant, together with the lived experience of people with spinal cord injury; ---make recommendations for actions based on this evidence that are consistent with the aspirations for people with disabilities as expressed in the Convention on the Rights of Persons with Disabilities.
