47 Easy-to-Do Classic Science Experiments  
2012-07-31 Eugene F. Provenzo Here is a highly motivating book for grade-school students that will introduce them to many of the world's most popular

(and historically significant) scientific experiments. They'll learn about gravity simply by following the acrobatic antics of an ordinary coin. By trying to blow an egg out of a cup, they'll discover the principles of air pressure. Dancing soap bubbles will help them understand the effects of static electricity, and by dropping quarters into a full glass of water without causing it to overflow, they'll study the effects of surface tension. These and over 40 other experiments have been carefully selected by noted educators Eugene and Asterie Baker Provenzo to familiarize children with classic science experiments involving optics, inertia, air pressure, magnetism, sound, topology, light, density, vibration, prisms, elasticity, gases, vacuum, perspective, geometry, centrifugal force, buoyancy, color, and much more. Some experiments, such as the optical "Newton's Rings" are hundreds of years old. Still others, like the straw lever test, are based on Greek experiments with leverage and the center of gravity — first carried out thousands of years ago. Easy-to-

follow instructions and illustrations show youngsters how to perform each experiment, most of which are prefaced with historical background, a list of necessary materials and an explanation of key terms. Almost all experiments can be carried out with common household items (tissue paper, scissors, tapes, rubber balloons, pens, pencils, etc.) and can be worked at home or in the classroom to demonstrate specific scientific principles or to supplement a science-curriculum unit. Sources for all historical illustrations given in the text are listed at the end of the book.

The Youth Guide to Forests 2018-06-06 Food and Agriculture Organization of the United Nations This fact-filled guide explores forests from the equator to

the frozen poles, the depths of the rainforest to the mountain forests at high altitudes. It also demonstrates the many benefits that forests provide us with, discusses the negative impacts that humans unfortunately have on forests and explains how good management can help protect and conserve forests and forest biodiversity. At the end of the guide, inspiring examples of youth-led initiatives and an easy-to-follow action plan will help young people develop their own forest conservation activities and projects.

Glimpses of World History 2004-05-07 Jawaharlal Nehru A Simple Account of the World History 'Glimpses of the World History' is an account of the progress of the world through centuries and ages. This book is a collection of letters that Jawaharlal Nehru wrote to his daughter Indira when he was in various Indian prisons for three years. The letters were meant to introduce her to the world and its history. In the first few letters, Nehru expresses his

sadness for not being able to be around his daughter and give her the materialistic gifts that other parents could but he promises to give her a gift that he could afford; in the form of knowledge and wisdom through words that come from the very core of his heart. Nehru wrote 196 letters and covered the history of mankind from 6000 BC to the time he was writing the letters. Tales of Empires A major part of these letters talks extensively about the rise and fall of empires around the world and development of civilizations as well. Nehru talks about the histories of every significant place ranging from Greece in the far West to China in the east. The book talks about the wars that were fought during these years and the greatest revolutions that overthrew established dynasties. Nehru has also written about the legendary leaders and kings who have walked the earth including right from Alexander the Great to Mahatma Gandhi. A Different View Unlike many other books that talk more or less about particular history of specific

cultures, this book is a panoramic view of the history of mankind. It talks about the barbarians as well as the well behaved societies in the far west. Nehru has written this book with lot of wit which makes it an interesting read.

Long Walk to Freedom 2008-03-11 Nelson Mandela  
The book that inspired the major new motion picture Mandela: Long Walk to Freedom. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's antiapartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is

Topi Shukla 2005 Rāhī Māsūma Razā "Set in Aligarh in the early 1960s, after the dust of Partition has ostensibly settled, Topi Shukla is a story of two friends - one Hindu and the other Muslim." "Through the characters of people like Topi and Iffan, the novel looks at the lives of ordinary people trying to survive in a society that insists on a brutal conformity of behaviour. It is about individuals whose spirits are paralysed because they cannot conform, and about history's inability to teach mankind any worthwhile lessons." "Language plays an important part in this narrative, operating almost as a character in its own right. Topi, as a Hindi bull in the Urdu china shop, invokes the historical stand-off between the two languages. The novel also explores the culture and psyche of Uttar Pradesh

Formulated by Lloyd M. Dunn and Douglas M. Dunn, the test is designed to measure vocabulary comprehension for American English. It is fast and easy to carry out, saving precious time so that concentration can be set on applying effective approaches.

The PPVT-4 test material encompasses a broad array of receptive vocabulary grades, spanning from pre-kindergarten through adulthood. The evaluation problems broadly include words that depict 20 content areas (e.g. actions, vegetables, tools), speech parts (nouns, verbs, attributes), and home and educational

vocabulary.

The evaluation gives two equal versions which include various vocabulary words, ensuring that the person has not “mastered” the test. One version can be employed prior to intervention to assess people’s vocabulary comprehension and the other form can be utilized for re-testing to evaluate and document progress. The PPVT-4 also includes a unique Growth Scale Value (GSV) which is responsive to small changes with time.
