One of Forbes Best YA of 2020 Meet Pepper, swim team captain, chronic overachiever, and all-around perfectionist. Her family may be falling apart, but their massive fast-food chain is booming — mainly thanks to Pepper, who is barely managing to juggle real life while secretly running Big League Burger's massive Twitter account. Enter Jack, class clown and constant thorn in Pepper's side. When he isn't trying to duck out of his obscenely popular twin's shadow, he's busy working in his family's deli. His relationship with the business that holds his future might be love/hate, but when Big League Burger steals his grandma's iconic grilled cheese recipe, he'll do whatever it takes to take them down, one tweet at a time. Little do they know, while they're publicly duking it out with snarky memes and retweet battles, they're also falling for each other in real life — on an anonymous chat app Jack built. As their relationship deepens and their online shenanigans escalate — people on the internet are shipping them?? — their battle gets more and more personal, until even these two rivals can't ignore they were destined for the most unexpected, awkward, all-the-feels romance that neither of them expected.

Flight or Fright 2019-06-04 Stephen King #1 New York Times bestselling author and master of horror Stephen King teams up with Bev Vincent of Cemetery Dance to present a terrifying collection of sixteen short stories (and one poem) that tap into one of King's greatest fears—air travel—featuring brand-new stories by King and Joe Hill, “an expertly compiled collection of tales that entertain and scare” (Booklist). Stephen King hates to fly, and he and co-editor Bev Vincent would like to share their fear of flying with you. Welcome to Flight or Fright, an anthology about all the things that can go horribly wrong when you're suspended six miles in the air, hurtling through space at more than 500 mph, and sealed up in a metal tube (like—gulp!—a coffin) with hundreds of strangers. Here are all the ways your trip into the friendly skies can turn into a nightmare, including some we'll bet you've never thought of before... but now you will the next time you walk down the jetway and place your fate in the hands of a total stranger. Featuring brand-new “standouts” (Publishers Weekly) by Joe Hill and Stephen King, as well as fourteen classic tales and one poem from the likes of Richard Matheson, Ray Bradbury, Roald Dahl, Dan Simmons, Sir Arthur Conan Doyle, and many others, Flight or Fright is, as King says, “ideal airplane reading, especially on stormy descents...Even if you are safe on the ground, you might want to buckle up nice and tight.” Each story is introduced by Stephen King and all will have you thinking twice about how you want to reach your final destination.

Twitterature 2009-12-29 Alexander Aciman Perhaps while reading Shakespeare you've asked yourself, What exactly is Hamlet trying to tell me? Why must he mince words and muse in lyricism and, in short, whack about the shrub? But if the Prince of Denmark had a Twitter account and an iPhone, he could tell his story in real time--and concisely! Hence the genius of Twitterature. Hatched in a dorm room at the brain trust that is the University of Chicago, Twitterature is a hilarious and irreverent re-imagining of the classics as a series of 140-character tweets from the protagonist. Providing a crash course in more than eighty of the world's best-known books, from Homer to Harry Potter, Virgil to Voltaire, Tolstoy to Twilight and Dante to The Da Vinci Code. It's the ultimate Cliffs Notes. Because as great as the classics are, who has time to read those big, long books anymore? Sample tweets: From Hamlet: WTF IS POLONIUS DOING BEHIND THE CURTAIN??? From the Harry Potter series: Oh man big tournament at my school this year!! PSYCHED! I hope nobody dies this year, and every year as if by clockwork. From The Great Gatsby: Gatsby is so emo. Who cries about his girlfriend while eating breakfast...IN THE POOL?

As a leader, you need to know. In the past, businesses made people conform to the organization's needs. But the old paradigm has shifted. Now leaders must transform their organizations so that they attract the right people, keep them, and inspire them to do their best work. How do you create a culture people want to belong to? In this powerful and necessary follow-up to the classic Why Should Anyone Be Led by You?, leadership and organizational sages Rob Goffee and Gareth Jones identify and illuminate the six key organizational attributes to do just that. In separate chapters, they delve deeply into each one: 1. Let people be themselves 2. Practice radical honesty 3. Magnify people's strengths 4. Stand for authenticity (more than shareholder value) 5. Make work meaningful 6. Make simple rules With vivid stories and examples from global companies, the authors illustrate the kind of strong, attractive workplace culture that leads to sustained high performance. They also provide ways of assessing how your company is doing and describe the tensions and trade-offs that leaders must manage as they transform their organizations. Why Should Anyone Work Here? is the question all contemporary organizational leaders must constantly ask themselves if they want to survive and thrive in the new world. This book will help them answer that question.

Let them Eat Tweets: How the Right Rules in an Age of Extreme Inequality 2020-07-07 Jacob S. Hacker A New York Times Editors' Choice An “essential” (Jane Mayer) account of the dangerous marriage of plutocratic economic priorities and right-wing populist appeals — and how it threatens the pillars of American democracy. In Let Them Eat Tweets, best-selling political scientists Jacob S. Hacker and Paul Pierson argue that despite the rhetoric of Donald Trump, Josh Hawley, and other right-wing “populists,” the Republican Party came to serve its plutocratic masters to a degree without precedent in modern global history. To maintain power while serving the 0.1 percent, the GOP has relied on increasingly incendiary racial and cultural appeals to its almost entirely white base. Calling this dangerous hybrid “plutocratic populism,” Hacker and Pierson show how, over the last forty years, reactionary plutocrats and right-wing populists have become the two faces of a party that now actively undermines democracy to achieve its goals against the will of the majority of Americans. Based on decades of research and featuring a new epilogue about the intensification of GOP radicalism after the 2020 election, Let Them Eat Tweets authoritatively explains the doom loop of tax cutting and fearmongering that defines the Republican Party—and reveals how the rest of us can fight back.

Dare to Lead 2018-10-09 Brené Brown #1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Don't miss the five-part HBO Max docuseries Brené Brown: Atlas of the Heart! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades

studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, “One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It’s learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It’s why we’re here.” Whether you’ve read Daring Greatly and Rising Strong or you’re new to Brené Brown’s work, this book is for anyone who wants to step up and into brave leadership.

More Than a Woman 2020-09-15 Caitlin Moran The author of the international bestseller How to Be a Woman returns with another “hilarious neo-feminist manifesto” (NPR) in which she reflects on parenting, middle-age, marriage, existential crises—and, of course, feminism. A decade ago, Caitlin Moran burst onto the scene with her instant bestseller, How to Be a Woman, a hilarious and resonant take on feminism, the patriarchy, and all things womanhood. Moran’s seminal book followed her from her terrible 13th birthday through adolescence, the workplace, strip-clubs, love, and beyond—and is considered the inaugural work of the irreverent confessional feminist memoir genre that continues to occupy a major place in the cultural landscape. Since that publication, it’s been a glorious ten years for young women: Barack Obama loves Fleabag, and Dior make “FEMINIST” t-shirts. However, middle-aged women still have some nagging, unanswered questions: Can feminists have Botox? Why isn’t there such a thing as “Mum Bod”? Why do hangovers suddenly hurt so much? Is the camel-toe the new erogenous zone? Why do all your clothes suddenly hate you? Has feminism gone too far? Will your To Do List ever end? And WHO’S LOOKING AFTER THE CHILDREN? As timely as it is hysterically funny, this memoir/manifesto will have readers laughing out loud, blinking back tears, and redefining their views on feminism and the patriarchy. More Than a Woman is a brutally honest, scathingly funny, and absolutely necessary take on the life of the modern woman—and one that only Caitlin Moran can provide.

Think Again 2021-02-04 Adam Grant Instant #1 New York Times Bestseller Listed as a Times Self-Help Book of the Year Discover the critical art of rethinking: how questioning your opinions can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, the most crucial skill may be the ability to rethink and unlearn. Recent global and political changes have forced many of us to re-evaluate our opinions and decisions. Yet we often still favour the comfort of conviction over the discomfort of doubt, and prefer opinions that make us feel good, instead of ideas that make us think hard. Intelligence is no cure, and can even be a curse. The brighter we are, the blinder we can become to our own limitations. Adam Grant - Wharton's top-rated professor and #1 bestselling author - offers bold ideas and rigorous evidence to show how we can embrace the joy of being wrong, encourage others to rethink topics as wide-ranging as abortion and climate change, and build schools, workplaces, and communities of lifelong learners. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, and how a vaccine whisperer convinces anti-vaxxers to immunize their children. Think Again is an invitation to let go of stale opinions and prize mental flexibility, humility, and curiosity over foolish consistency. If knowledge is power, knowing what you don't know is wisdom.

[Happiness it started with a tweet the perfect](#).Mystery of the Missing Diamond

It was a dark and stormy night. The rain was falling heavily, and the gale was roaring. In the center of the town, there was a gallery, where a priceless diamond was on show. The diamond was called the African Star, and it was the biggest and most stunning diamond in the earth. It was guarded by a high-tech security system, and a team of armed guards. No one could pilfer it, or so they believed. But an individual did. Somebody managed to circumvent the security, to evade the guards, to break the glass, and to take the diamond. And no one saw them, no one overheard them, no one identified who they were. They exited no mark, no lead, no testimony. They disappeared into the darkness, with the Star of Africa. And the riddle of the missing diamond commenced.
