Disgraceland 2019-10-01 Jake Brennan From the creator of the popular rock 'n' roll true crime podcast, DISGRACELAND comes an off-kilter, hysterical, at times macabre book of stories from the highly entertaining

underbelly of music history. You may know Jerry Lee Lewis married his thirteen-year-old cousin but did you know he shot his bass player in the chest with a shotgun or that a couple of his wives died under extremely mysterious circumstances? Or that Sam Cooke was shot dead in a seedy motel after barging into the manager's office naked to attack her? Maybe not. Would it change your view of him if you knew that, or would your love for his music triumph? Real rock stars do truly insane things and invite truly insane things to happen to them; murder, drug trafficking, rape, cannibalism and the occult. We allow this behavior. We are complicit because a rock star behaving badly is what's expected. It's baked into the cake. Deep down, way down, past all of our self-righteous notions of justice and right and wrong, when it comes down to it, we want our rock stars to be bad. We know the music industry is full of demons, ones that drove Elvis Presley, Phil Spector, Sid Vicious and that consumed the Norwegian Black Metal scene. We want to believe in the myths because they're so damn entertaining. DISGRACELAND is a collection of the best of these stories about some of the music world's most beloved stars and their crimes. It will mix all-new, untold stories with expanded stories from the first two seasons of the Disgraceland podcast. Using figures we already recognize, DISGRACELAND shines a light into the dark corners of their fame revealing the fine line that separates heroes and villains as well as the danger Americans seek out in their news cycles, tabloids, reality shows and soap operas. At the center of this collection of stories is the ever-fascinating music industry--a glittery stage populated by gangsters, drug dealers, pimps, groupies with violence, scandal and pure unadulterated rock 'n' roll entertainment.

The Brothers Mankiewicz 2019-10-02
Sydney Ladensohn Stern Winner of the 2020 Peter C. Rollins Book Award Longlisted for the 2020 Moving Image Book Award by the Kraszna-Krausz Foundation Named a 2019 Richard Wall Memorial Award Finalist by the Theatre Library Association Herman J. (1897-1953) and Joseph L. Mankiewicz (1909-1993) wrote, produced, and directed over 150 pictures. With Orson Welles, Herman wrote the screenplay for Citizen Kane and shared the picture's only Academy Award. Joe earned the second pair of his four Oscars for writing and directing All About Eve, which also won Best Picture. Despite triumphs as diverse as Monkey Business and Cleopatra, and Pride of the Yankees and Guys and Dolls, the witty, intellectual brothers spent their Hollywood years deeply discontented and yearning for what they did not have--a career in New York theater. Herman, formerly an Algonquin Round Table habitu , New York Times and New Yorker theater critic, and playwright-collaborator with George S. Kaufman, never reconciled himself to screenwriting. He gambled away his prodigious earnings, was fired from all the major studios, and drank himself to death at fifty-five. While Herman drifted downward, Joe rose to become a critical and financial success as a writer, producer, and director, though his constant philandering with prominent stars like Joan Crawford, Judy Garland, and Gene Tierney distressed his emotionally fragile wife who eventually committed suicide. He wrecked his own health using uppers and downers in order to direct Cleopatra by day and finish writing it at night, only to be very publicly fired by Darryl F. Zanuck, an experience from which Joe never fully

recovered. For this award-winning dual portrait of the Mankiewicz brothers, Sydney Ladensohn Stern draws on interviews, letters, diaries, and other documents still in private hands to provide a uniquely intimate behind-the-scenes chronicle of the lives, loves, work, and relationship between these complex men.

Dear Life 2020-01-23 Rachel Clarke 'What a remarkable book this is; tender, funny, brave, heartfelt, radiant with love and life, and with the love of life. It brought me often to laughter and - several times - to tears' Robert Macfarlane From the Sunday Times bestselling author of Your Life in My Hands comes this vibrant, tender and deeply personal memoir that finds light and love in the darkest of places. As a specialist in palliative medicine, Dr Rachel Clarke chooses to inhabit a place many people would find too tragic to contemplate. Every day she tries to bring care and comfort to those reaching the end of their lives and to help make dying more bearable. Rachel's training was put to the test in 2017 when her beloved GP father was diagnosed with terminal cancer. She learned that nothing - even the best palliative care - can sugar-coat the pain of losing someone you love.

And yet, she argues, in a hospice there is more of what matters in life - more love, more strength, more kindness, more joy, more tenderness, more grace, more compassion - than you could ever imagine. For if there is a difference between people who know they are dying and the rest of us, it is simply this: that the terminally ill know their time is running out, while we live as though we have all the time in the world. Dear Life is a book about the vital importance of human connection, by the doctor we would all want by our sides at a time of crisis. It is a love letter - to a father, to a profession, to life itself.

Blamehounds 2022-01-05 Ross Collins A wickedly clever and hilarious tale from a superstar author-illustrator, now in a standard paperback format for middle-grade readers.

The Roots Of The Blues 1991-08-22 Samuel Charters I went to Africa to find the roots of the blues. So Samuel Charters begins the extraordinary story of his research. But what began as a study of how the blues was handed down from African slaves to musicians of today via the slave ships, became something much more complex. For in Africa Samuel Charters discovered a music which was not just a part of the past but a very vital living part of African culture. The Roots of the Blues not only reveals Charters's remarkable talent in discussing African folk music and its relationship with American blues; it demonstrates his power as a descriptive and narrative writer. Using extensive quotations of song lyrics and some remarkable photographs of the musicians, Charters has created a unique contribution to our understanding of both African and American cultures and their music.

Nelson Mandela stands as one of the most esteemed leaders of the 20th century. His life journey began on July 18, 1918, in the tranquil village of Mvezo, South Africa. Born into the Thembu royal family, he was bestowed with the name Rolihlahla, meaning "troublemaker" in Xhosa. Mandelas upbringing unfolded amidst a backdrop of racial inequality, where he witnessed firsthand the harsh realities inflicted upon the Black majority by the ruling white minority government. Driven by a deep sense of justice, he dedicated his life to the struggle for emancipation and justice, joining the African National Congress (ANC), a political organization dedicated to dismantling apartheid, the system of racial discrimination that plagued South Africa. Emerging as a compelling lawyer, activist, and leader, Mandela faced numerous arrests and imprisonments for his unwavering resistance and defiance. For 27 years, he endured the harsh conditions and isolation of Robben Island, a notorious prison island, where his optimism never wavered. His unwavering commitment to freedom continued to inspire and mobilize his people and the world at large. In 1990, he walked out of prison, free at last, and in 1994, he made history as South Africas first democratically elected Black president. Mandelas leadership ushered in a period of peaceful transition, transforming South Africa into a nation of justice. His global impact extended far beyond South Africas borders, as he became a beacon of human rights, recognized for his unwavering dedication to these ideals. In 1993, he was awarded the Nobel Peace Prize, alongside numerous other accolades and honors. On December 5, 2013, at the age of 95, Mandela passed away, leaving behind a legacy of strength, insight, and compassion. Revered as the father of the nation and one of historys greatest heroes, Mandelas legacy continues to inspire generations to come.
