The work "Analyzing Casual Conversation" by Suzanne Eggins and Diana Slade, originally published in 1997, develops a systematic model for the analysis and depiction of casual conversation in English. The authors argue that despite its sometimes aimless look and ostensibly unstructured material, casual conversation is an extremely structured activity and plays a crucial part in the social formation of reality. The book goes through authentic examples of casual conversations including participants differing in age, gender, ethnicity, and socio-economic class<sup>12</sup>. Drawing on insights from sociology, linguistics, and critical semiotics, the work equips readers with the examinative skills to portray the levels of structure and critical interpretive structures to explain the 'social work' that happens on through chat.

Galactic Conflicts that Altered History

It had been the year 2023, and the globe was on the edge of war. The USA and PRC, the pair of global powers, had been entangled in a intense competition, vying for resources, power, and dominance. They had created high-tech armaments, including lasers, drones, and satellites, that could strike anywhere, any time. They had covertly established space stations, which can launch atomic weapons, which can obliterate the world. They were both ready to use them, if at all necessary. But they were the sole ones. There existed a 3rd force, a hidden power, that had been watching them both, waiting for them, getting ready for them both. They were the extraterrestrials, and they had come to halt them both. They had come come to save the world, or to finish it. They had come come to start the star wars that changed past.
