[Hebrides Pdf Pdf](#) - Adopting the Song of Expression: An Psychological Symphony within hebrides pdf pdf

In a world consumed by monitors and the ceaseless chatter of fast connection, the melodic beauty and mental symphony produced by the prepared word often diminish in to the back ground, eclipsed by the constant noise and interruptions that permeate our lives. Nevertheless, located within the pages of hebrides pdf pdf a wonderful fictional value brimming with natural thoughts, lies an immersive symphony waiting to be embraced. Crafted by an elegant musician of language, this interesting masterpiece conducts readers on a mental journey, well unraveling the concealed songs and profound affect resonating within each carefully crafted phrase. Within the depths of this moving evaluation, we can examine the book is central harmonies, analyze their enthralling publishing style, and surrender

ourselves to the profound resonance that echoes in the depths of readers souls. As recognized, adventure as with ease as experience very nearly lesson, amusement, as with ease as bargain can be gotten by just checking out a ebook hebrides pdf pdf as a consequence it is not directly done, you could allow even more more or less this life, as regards the world.

We give you this proper as without difficulty as simple showing off to acquire those all. We have enough money hebrides pdf pdf and numerous book collections from fictions to scientific research in any way. accompanied by them is this hebrides pdf pdf that can be your partner. - *Hebrides Pdf Pdf*

Melanesians and Polynesians George Brown
1910 Excerpt from Melanesians and Polynesians: Their Life-Histories Described and Compared MY acquaintance with the natives of the East and West Pacific extends over a term of forty eight years. During that time I resided in Samoa for

fourteen years continuously, from 1860 to 1874, and I have often visited the group in later years. In 1875 I landed in New Britain, now named the Bismarck Archipel. At that time there was no white man living in the group, and practically nothing was known of those islands or of the people living there. I resided there until the end of

1880, with the exception of the time occupied by two visits to Australia, and I have revisited that group on several occasions since that time. My acquaintance with the great Solomon Islands group began in the year 1879, and since then I have visited the group on several occasions. During these many voyages I have visited Tonga, Fiji, New Hebrides, Santa Cruz, New Ireland, New Hanover, New Guinea, the large atolls of the Ontong Java and the Tasman groups, and many others of the smaller islands in the Pacific. The Isles of Flame M. E. M. Donaldson

2018-01-21 Excerpt from The Isles of Flame: A Romance of the Inner Hebrides in the Days of

Columba On a par with these works of destruction, and, at root, arising from the same lack of historic perceptions, are the historical romances which violate history to such an extent as to convey an utterly erroneous impression of the periods of which they are supposed to give a picture. Perhaps this is more notably the case when English writers, advertising, at Scotland's expense, their ignorance of Scotland and things Scottish on every page, essay novels purporting to deal with Scottish history. The majority of these only succeed in making the student of history writhe, and the hot temper of the Celt rise to

white heat at the audacity of the Sassenach. Therefore a Scot would try to do better: at least in making the attempt there is the consolation that it is scarcely possible to do worse. A Journey Through England and Scotland to the Hebrides in 1784 ... A Revised Edition of the English Translation Faujas-de-St.-Fond (cit.,

Barthélemy) 1907

The Hills Is Lonely Lillian Beckwith 2001 When Lillian Beckwith advertised for a secluded place in the country, she received a letter with the following unusual description of an isolated

Hebridean croft: 'Surely it's that quiet even the sheeps themselves on the hills is lonely and as to the sea it's that near as I use it myself everyday for the refusals...' Her curiosity aroused, Beckwith took up the invitation. This is the comic and enchanting story of the strange rest cure that followed and her efforts to adapt to a completely different way of life.

In the Hebrides (Classic Reprint) Constance Frederica Gordon Cumming 2017-10-28 Excerpt from In the Hebrides Page Ireland, Isle of Man, Stonehenge - Hallow-e'en - All Souls - Yule Christmas - The Burning of the Clavie - Dread of

Love of Country Madeleine Bunting 2017-04-11
"Over six years, Bunting traveled the Hebrides, exploring their landscapes, histories, and magnetic pull. She delves into the meanings of home and belonging, which in these islands have been fraught with tragedy as well as tenacious resistance. Bunting considers the extent of the islands' influence beyond their shores, finding that their history of dispossession and migration has

been central to the British imperial past."--

A Journey to the Western Islands of Scotland

Samuel Johnson 1775

Cannibal-Land Martin Johnson 2021-06-05

Cannibal-Land: Adventures With A Camera In
The New Hebrides This book is a result of an
effort made by us towards making a contribution
to the preservation and repair of original classic
literature. In an attempt to preserve, improve and
recreate the original content, we have worked
towards: 1. Type-setting & Reformatting: The
complete work has been re-designed via

professional layout, formatting and type-setting
tools to re-create the same edition with rich
typography, graphics, high quality images, and
table elements, giving our readers the feel of
holding a 'fresh and newly' reprinted and/or
revised edition, as opposed to other scanned &
printed (Optical Character Recognition - OCR)
reproductions. 2. Correction of imperfections: As
the work was re-created from the scratch,
therefore, it was vetted to rectify certain
conventional norms with regard to typographical
mistakes, hyphenations, punctuations, blurred
images, missing content/pages, and/or other

related subject matters, upon our consideration. Every attempt was made to rectify the imperfections related to omitted constructs in the original edition via other references. However, a few of such imperfections which could not be rectified due to intentional/unintentional omission of content in the original edition, were inherited and preserved from the original work to maintain the authenticity and construct, relevant to the work. We believe that this work holds historical, cultural and/or intellectual importance in the literary works community, therefore despite the oddities, we accounted the work for print as a

part of our continuing effort towards preservation of literary work and our contribution towards the development of the society as a whole, driven by our beliefs. We are grateful to our readers for putting their faith in us and accepting our imperfections with regard to preservation of the historical content. HAPPY READING!

A Year in the New Hebrides, Loyalty Islands, and New Caledonia (Classic Reprint) F. A. Campbell
2015-07-01 Excerpt from A Year in the New Hebrides, Loyalty Islands, and New Caledonia It is a hundred years since Cook visited and described the New Hebrides; and his account of

them has not been entirely superseded, even to this day. Captains of the Navy and Christian Missionaries have given us Sketches of the People, and of their Ways, and of their Island Homes. But their narratives have been fragmentary in their intelligence, and many of them fugitive in their form. The present volume cannot claim to be much more than its predecessors. It is a contribution merely to the physical, social, and religious history of this interesting and important group. Places of Possibility A. Fiona D. Mackenzie

2012-11-05 Through original research conducted in the Outer Hebrides, Scotland, Places of Possibility shows how community landownership can open up the political, social, environmental, and economic terrain to more socially just and sustainable possibilities than private ownership. Reveals how community land ownership is more just and sustainable than private ownership. Features original theoretical insights into ideas of property and nature that disrupt the process of neoliberalisation. Based on original research conducted by the author in the Outer Hebrides, Scotland.

The Book of Barra Compton Mackenzie 1998 The Book of Barra presents accounts of the Outer Hebridean island, written by various authors from 1549 to 1821, together with previously unpublished letters and other articles relating to the island.

The Land of the Hills and the Glens Seton Gordon 2018-02-07 Excerpt from The Land of the Hills and the Glens: Wild Life in Iona and the Inner Hebrides IN the following pages I have attempted to portray some of the charm and the varying moods of the Hebridean coasts. In the chapters the reader will find something about the wild life

of that country, and I have also endeavoured to describe a little of the people and their traditions. For the first two years of the war I was stationed on the Island of Mull, and in my duties of coast-watching there and on the surrounding islands had exceptional opportunities of seeing the country and of getting to know its inhabitants, for my work took me constantly to the most out-of-the-way places. I can honestly say that I have never met with people possessing more charm and hospitality than those dwellers of the Inner Hebrides. The Highland crofter or fisherman is almost always one of Nature's gentlemen, and is

full of an altogether exceptional consideration and kindness towards the stranger. In many of the coast-watchers I found firm and loyal friends, and consider that I was very fortunate in having such people to work with. Since the war I have revisited the Hebridean Islands, studying and photographing the birds and renewing old friendships. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Songs of the Hebrides Marjory Kennedy-Fraser
1917

The Outer Hebrides Alan McKirdy 2018-05-10

The remote archipelago which lies off the north-

west coast of Scotland boasts a huge range of contrasting and spectacular land- and seascapes. Lewis is austere, with a featureless peatland core, bounded by dramatic sea cliffs, whilst neighbouring Harris is extraordinarily rugged but fringed with stunning unspoilt beaches. The Uists are characterised by gentle fertile machair lands, and Barra has a more brutal landscape carved from ancient gnarled rock. But these islands have one thing in common: they were all built from the most ancient rocks in Britain - Lewisian gneiss, which reaches back almost to the beginning of geological time. In this book Alan McKirdy

explores these islands, together with the volcanic rocks that build the outposts of Rockall, St Kilda and the Shiantis, tracing their extraordinary journey through time and across the globe.

Sea Room Adam Nicolson 2007-08-14 In 1937, Adam Nicolson's father answered a newspaper ad—"Uninhabited islands for sale. Outer Hebrides, 600 acres. . . . Puffins and seals. Apply."—and thus found the Shiantis. With a name meaning "holy or enchanted islands," the Shiantis for millennia were a haven for those seeking solitude, but their rich, sometimes violent history of human habitation includes much more. When he was

twenty-one, Nicolson inherited this almost indescribably beautiful property: a landscape, soaked in centuries-old tales of restless ghosts and Bronze Age gold, that cradles the heritage of a once-vibrant world of farmers and fishermen. In *Sea Room*, Nicolson describes and relives his love affair with the three tiny islands and their strange and colorful history in passionate, keenly precise prose—sharing with us the greatest gift an island bestows on its inhabitants: a deep engagement with the natural world.

Malekula Arthur Bernard Deacon 1934

The Cruise of the Elena; Or Yachting in the

Hebrides J. Ewing Ritchie 2022-05-17 The book "" The Cruise of the Elena; or Yachting in the Hebrides "" has been considered important throughout the human history, and so that this work is never forgotten we have made efforts in its preservation by republishing this book in a modern format for present and future generations. This whole book has been reformatted, retyped and designed. These books are not made of scanned copies and hence the text is clear and readable.

Love of Country Madeleine Bunting 2017-04-11
Few landscapes are as striking as that of the

Hebrides, the hundreds of small islands that speckle the waters off Scotland's northwest coast. The jagged, rocky cliffs and roiling waves serve as a reminder of the islands' dramatic geological history, inspiring awe and dread in those drawn there. With Britain at their back and facing the Atlantic, the Hebrides were at the center of ancient shipping routes and have a remarkable cultural history as well, as a meeting place for countless cultures that interacted with a long, rich Gaelic tradition. After years of hearing about Scotland as a place deeply interwoven with the story of her family, Madeleine Bunting was driven

to see for herself this place so symbolic and full of history. Most people travel in search of the unfamiliar, to leave behind the comfort of what's known to explore some suitably far-flung corner of the globe. From the first pages, it's clear that Madeleine Bunting's *Love of Country* marks a different kind of journey—one where all paths lead to a closer understanding of home, but a home bigger than Bunting's corner of Britain, the drizzly, busy streets of London with their scream of sirens and high-rise developments crowding the sky. Over six years, Bunting returned again and again to the Hebrides, fascinated by the question of

what it means to belong there, a question that on these islands has been fraught with tenacious resistance and sometimes tragedy. With great sensitivity, she takes readers through the Hebrides' history of dispossession and displacement, a history that can be understood only in the context of Britain's imperial past, and she shows how the Hebrides have been repeatedly used to define and imagine Britain. In recent years, the relationship between Britain and Scotland has been subject to its most testing scrutiny, and Bunting's travels became a way to reflect on what might be lost and what new

possibilities might lie ahead. For all who have wondered how it might feel to stand face-out at the edge of home, *Love of Country* is a revelatory journey through one of the world's most remote, beautiful landscapes that encourages us to think of the many identities we wear as we walk our paths, and how it is possible to belong to many places while at the same time not wholly belonging to any.

Hometown Tales: Highlands and Hebrides Colin MacIntyre 2018-06-28 Original tales by remarkable writers *Hometown Tales* is a series of books pairing exciting new voices with some of

the most talented and important writers at work today. Some of the tales are fiction and some are narrative non-fiction - they are all powerful, fascinating and moving, and aim to celebrate regional diversity and explore the meaning of home In these pages on the Highlands and Hebrides, you'll find two unique tales. 'The Boy in the Bubble' is a bright, intensely funny and deeply felt memoir about growing up on the Isle of Mull from award-winning musician, the man behind Mull Historical Society, and author of *The Letters of Ivor Punch*, Colin MacIntyre. 'A9' is a captivating piece of short fiction about a girl torn

between her love in Inverness and the chance to spread her wings, by Ellen MacAskill.

In the New Hebrides John Inglis 2015-07-19

Excerpt from *In the New Hebrides*:

Reminiscences of Missionary Life and Work,

Especially on the Island of Aneityum, From 1850

Till 1877 The literature connected with the New

Hebrides is somewhat copious. We may pass

over the "Memorial of Mendana to the King of

Spain," which has been often quoted, more or

less fully. The portion of Captain Cook's Voyages

referring to the New Hebrides, published more

than a century ago, is written in all the clear,

graphic, and truthful style of the great navigator.

When in 1850 I first sailed along the group, I read

Cook's narrative in the large edition of his

Voyages, and the accounts seemed as fresh and

truth-like as if they had been written only a

twelvemonth before. Captain (now Admiral)

Erskine's admirable "Journal" refers only briefly to

the New Hebrides; it has reference chiefly to the

eastern islands. The second volume of the Rev.

William Gill's fascinating work, entitled "Gems

from the Coral Islands," contains some interesting

details of mission work on the New Hebrides.

The Hebrid Isles Robert Buchanan 2015-07-16
Excerpt from *The Hebrid Isles: Wanderings in the Land of Lorne and the Outer Hebrides* IT is just ten years since the following sketches appeared in book form for the first time. Since then, and partly (i believe) through their publication, the Scottish novel has taken a new departure, and many brilliant romances have familiarized Southern readers with some of the scenes described in my Highland wanderings. The Outer Hebrides, however, from South Harris to Barra, from Barra to St. Kilda, with all their wild scenery and associations, remain virgin ground, where

both. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. Saints and Savages Robert Lamb 2018-02-19
Excerpt from Saints and Savages: The Story of Five Years in the New Hebrides A glimpse is also given of the forces, good and bad, now at work, which are fast sweeping away every vestige of what once was. The story of Eden is being repeated before our eyes. The black man has been tempted to eat of the fruit of the tree of knowledge. The result is the same - death to his race and expulsion from his fair heritage. The contrasts are, as the title indicates, strongly

marked. The black is very black. It shows what may and does occur beyond the sky-line of civilisation. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Halcyon in the Hebrides Bob Orrell 2012 A unique travel book and a useful sailing guide to the Western Isles and anchorages in the Hebrides

The Hebrides Paul Murton 2017-07-20 Paul Murton has spent half-a lifetime exploring some of the most beautiful islands in the world - the Hebrides. He has travelled the length and breadth of the Scotland's rugged, six-thousand-mile coast line, and sailed to over eighty islands. In this book

Paul visits each of the Hebridean islands in turn, introducing their myths and legends, history, culture and extraordinary natural beauty. In addition he also meets the people who live there and learns their story. He has met crofters, fishermen, tweed weavers, Gaelic singers, clan chiefs, artists, postmen and bus drivers - people from every walk of life who make the islands tick. This blend of the contemporary and the traditional creates a vivid account of the Hebrides and serves as unique guide to the less well known aspects of life among the islands.

Hebrides Peter May 2015-12-15 Since the

publication of *The Blackhouse* in 2011, the books of Peter May's groundbreaking Lewis Trilogy have enthralled millions of readers around the world with powerfully evocative descriptions of the Outer Hebrides. From its peat bogs and heather-coated hills, from its weather-beaten churches and crofters cottages to its cold clear rills choked with rainwater, the islands off the northwest coast of Scotland have been brought to vivid life by this accomplished novelist. Now, Peter May and photographer David Wilson present a photographic record of the countless locations around the Hebridean archipelago that so inspired

May when he was bringing the islands of detective Fin McLeod's childhood to the page. From the tiny southern island of Barra to the largest and most northern island of Lewis, travel the storm-whipped North Atlantic scenery with May as he once again strolls the wild and breathtaking countryside that gave birth to his masterful trilogy of novels.

In the New Hebrides John Inglis 2018-10-07 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of

America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an

important part of keeping this knowledge alive and relevant.

A Norse Settlement in the Outer Hebrides Niall Sharples 2019-12-19 The settlement at Bornais in the Western Isles of Scotland is one of the largest rural settlements known from the Norse period in Britain. It spans the period from the fifth to the fifteenth century AD when the Atlantic seaboard was subject to drastic changes. The islands were systematically ravaged by Viking raiders and then colonised by Norse settlers. In the following centuries the islanders were central to the emergence of the Kingdom of Man and the

Isles, played a crucial role in the development of the Lordship of the Isles and were finally assimilated into the Kingdom of Scotland. This volume explores the stratigraphic sequence uncovered by the excavation of Bornais mounds 2 and 2A. The excavation of mound 2 revealed a sequence of high status buildings that span the Norse occupation of the settlement. One of these houses, constructed at the end of the eleventh century AD, was a well preserved bow-walled longhouse and the careful excavation and detailed recording of the floor layers has revealed a wealth of finds that provides invaluable insight

into the activities taking place in this building. The final house in this sequence is very different in form and use, and clearly indicates the increasing Scottish influence on the region at the beginning of the thirteenth century. The excavation of mound 2A provides an insight into the less prestigious areas of the settlement and contributes a significant amount of evidence on the settlement economy. The area was initially cultivated before it became a settlement local and throughout its life a focus on agricultural activities, such as grain drying and processing, appears to have been important. In the thirteenth century the

mound was occupied by a craftsman who produced composite combs, gaming pieces and simple tools. The evidence presented in this volume makes a major contribution to the understanding of Norse Scotland and the colonisation of the North Atlantic in a period of dramatic transformations.

A Journey to the Western Isles of Scotland

Samuel Johnson 2018-05-28 A Journey to the Western Isles of Scotland By Samuel Johnson As it turned out, Johnson enjoyed their Scottish journey (although the land was not quite so wild and barbaric as perhaps he had hoped), and

Boswell delighted in it. The year was 1773, they were sixty-three and thirty-two years old, and had been friends for ten years. Their journals, published together here, perfectly complement each other. Johnson's majestic prose and hawk eye for curious detail take in everything from the stone arrowheads found in the Hebrides, to the 'medicinal' waters of Loch Ness and "the mischiefs of emigration." Meanwhile, it is very lucky that as Johnson was observing Scotland, Boswell was observing Johnson. His record is perceptive, highly entertaining and full of sardonic wit; for him, as for us, it is an appetizer for The

Life of Johnson. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been

meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience. Samuel Johnson, Samuel Johnson books, Samuel Johnson pdf

Summer in the Hebrides Frances Murray

2018-09-27 Excerpt from Summer in the

Hebrides: Sketches in Colonsay and Oronsay

What follows has been added to illustrate and commemorate other features of our island life,

and the poetry is introduced as a remembrance of some who contributed to make that life pleasant. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at

The Underground Life David MacRitchie 1892

Radical Human Ecology Rose Roberts 2016-04-08

Human ecology - the study and practice of relationships between the natural and the social environment - has gained prominence as scholars seek more effectively to engage with pressing global concerns. In the past seventy years most human ecology has skirted the fringes of geography, sociology and biology. This volume

pioneers radical new directions. In particular, it explores the power of indigenous and traditional peoples' epistemologies both to critique and to complement insights from modernity and postmodernity. Aimed at an international readership, its contributors show that an inter-cultural and transdisciplinary approach is required. The demands of our era require a scholarship of ontological depth: an approach that can not just debate issues, but also address questions of practice and meaning. Organized into three sections - Head, Heart and Hand - this volume covers the following key research areas:

Theories of Human Ecology Indigenous and Wisdom Traditions Eco-spiritual Epistemologies and Ontology Research practice in Human Ecology The researcher-researched relationship Research priorities for a holistic world With the study of human ecology becoming increasingly imperative, this comprehensive volume will be a valuable addition for classroom use.

The New Hebrides and Christian Missions Robert Steel 2016-11-15 Excerpt from The New Hebrides and Christian Missions: With a Sketch of the Labour Traffic, and Notes of a Cruise Through the Group in the Mission Vessel At meeting of the

A Year in the New Hebrides, Loyalty Islands, and New Caledonia Donald Macdonald 2018-11-10

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars

believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

A Description of the Western Islands of Scotland, Circa 1695 Martin Martin 2023-07-20 This text

offers Martin Martin's narrative of his journey around the Western Isles, with information on custom, tradition and life, and an account of St Kilda, published in 1697, and Sir Donald Monro, High Dean of the Isles, visit after the fall of the Lords of the Isles, written in 1549.

Place by the Sea Simon Clayton 2015-09-25

Carter Talbot has served Her Majesty's Government for all his adult life. He needs a rest. Nearly forty years in the Army and the FCO have taken him around the World's trouble spots, and into loads of trouble. His character and training have seen him through the worst of times. Now,

it's time to share his stories. He takes a pen name and hides away in the Outer Hebrides to write his memoirs. His well-deserved retirement is shattered when an unexpected element of the past catches up with him, leading into a whirlpool of long dormant emotions. A personal history of war, lost love and regret, looms large as he tries to come to terms with the different demands aimed in his direction, and in defending his place by the sea. In Simon Clayton's second novel, he weaves together themes including genocide, heartbreak, family conflict, soldiering and revenge, through the looking glass of Talbot's

experience and the people in his life. This book will shock you, make you laugh, and make you cry.

Health and Difference Alexandra Widmer

2016-09-01 Human variation represented a central research topic for life scientists and posed challenging administrative issues for colonial bureaucrats in the first half of the 20th century.

By following scientists' and administrators' interests in innovating styles and tools for making and circulating documents, in reshaping landscapes and environments, and in fixing distances between humans, the book advances

new understandings of the materiality of colonial institutional life and governance.

The Gospel in Futuna William Gunn 2018-02-05

Excerpt from *The Gospel in Futuna: With*

Chapters on the Islands of the New Hebrides, the People, Their Customs, Religious Beliefs, Etc The chapters on the work of Rev. Joseph Cope land, my predecessor, and that Of the teachers in the island before him, were drawn up chiefly from his letters and reports, and from those of the other early missionaries, and partially from information supplied by the natives of Aneityum and Futuna.

The references to customs and religious beliefs in

other islands were kindly supplied by the missionaries, as well as by natives. In the chapter on the Languages of the New Hebrides I have endeavoured to give, in few and simple words, the main peculiarities of the numerous tongues in the group.
