Migrating Objects Christa Clarke 2020 Peggy Guggenheim (1898 - 1979) challenged boundaries as a patron and collector. She is celebrated for her groundbreaking collection of European and American modern art. The volume will focus on a lesser-known but crucial episode in Guggenheim's own migratory path: her turn to the arts of Africa, Oceania, and the Americas in the 1950s and '60s. In these years, Guggenheim acquired works created by artists from cultures worldwide, including early twentieth-century sculpture from Mali, Côte d'Ivoire, and New Guinea, and ancient examples from Mexico and Peru. 'Migrating Objects' emerges from an extended period of research and discussion on this largely ignored area of Guggenheim's collection by a curatorial advisory committee, which has led to exciting findings, including the reattribution of individual works, among them the Nigerian headdress (Ago Egungun) produced by the workshop of Oniyide Adugbologe (ca. 1875-1949), which is illustrated in the catalogue.

The Empathic Screen Vittorio Gallese 2019-10-02 Why do people go to the movies? What does it mean to watch a movie? To what extent is the perceived fictional nature of movies different from our daily perception of the real world? We live in a time where the power of images has strongly invaded our everyday life, and we need new instruments and methods to better understand our relationship with the virtual worlds we inhabit every day. Taking cinema as the beginning of our relationship with the world of moving images, and cognitive neuroscience as a paradigm to understand how the images engage us, The Empathic Screen develops a new theory of film experience, exploring our brain-body interaction when engaging with and watching a film. In this book, film theory and neuroscience meet to shed new light on cinema masterpieces, such as The Shining, The Silence of the Lambs, and Toy Story, and explore the great directors from the classical period to the present. Taking a radical new approach to understanding the cinema, the book will be fascinating reading for cognitive scientists, neuroscientists, psychologists, philosophers, and film and media scholars.

World War II: Infographics Jean Lopez 2021-07 The mass of available data about World War II has never been as large as it is now, yet it has become increasingly complicated to interpret it in a meaningful way. Packed with cleverly designed graphics, charts and diagrams, World War II: Infographics offers a new approach by telling the story of the conflict visually. Encompassing the conflict from its roots to its aftermath, more than 50 themes are treated in great detail, ranging from the rise of the Far Right in pre-war Europe and mass mobilization, to evolving military tactics and technology and the financial and human cost of the conflict. Throughout, the shifting balance of power between the Axis and the Allies and the global nature of the war and its devastation are made strikingly clear.

Carlos Villa Mark Dean Johnson 2022-01-25 "Carlos Villa has been described as the preeminent Filipino

American artist--a legend in artistic circles for his groundbreaking approaches and his influence on countless artists--but he remains little known to many fans and scholars of modern and contemporary art. Carlos Villa: Worlds in Collision is the first museum retrospective of his work, presented at the San Francisco Art Institute and the Asian Art Museum of San Francisco. Villa was trained at the San Francisco Art Institute in the 1950s as an abstract expressionist, and over time he transformed his practice to address issues of ethnic and cultural diversity. He concurrently assumed a leadership role in 'Third World' and 'multicultural' international art movements, and his large-scale works reference non-Western traditions, including tattoo, scarification, ritual, and ceremony. He was also an important theorist, curator, and organizer of public forums that he called 'actions.' This book traces the arc of his career from 1969 until his death in 2013, with emphasis on his feathered works from the 1970s, as well as later works that address aspects of the history of Filipinos in the United States. It illuminates the social and cultural roots--and global importance--of Villa's art and teaching career as he sought to forge a new kind of art-world inclusion that reflected his own experience, commitment to diversity, and boundary-bending imagination"--

Behind the Door Giorgio Bassani 2017-11-28 'It was useless to think I'd ever be able to throw open the door behind which I was yet again hiding ... Not now. Not ever.' School is a place of unspoken hierarchies and rivalries for a young teenage boy growing up in the provincial town of Ferrara. But as the everyday classroom and playground dramas are played out, they begin to reflect the disturbing undertones of 1930s Italy, and the narrator realizes that being Jewish means he will always be excluded. The fourth book in Bassani's Romanzo di Ferrara cycle, Behind the Door is a luminous portrayal of childhood friendship and the loss of innocence. A new translation by Jamie McKendrick 'Giorgio Bassani is one of the great witnesses of this century, and one of its great artists' Guardian 'Powerful new translations . . . Bassani began as a poet, and McKendrick's redelivery of this taut uncompromising fiction reveals resonance and generosity' Ali Smith *Theories of Social Change* Raymond Boudon 1992-04-08

Tracking the Wild Coomba Robert Cocuzzo 2016-07-12 "Doug Coombs had a huge impact on my life; much of my overall approach to mountains comes from his example. I am so grateful that, thanks to author Rob Cocuzzo, I now have the complete story of what influenced one of my biggest heroes." - Jeremy Jones, snowboarding legend "In the 1980s, I was lucky enough to be part of the Bozeman gang of ex-ski racers in one of the crucibles of the American steep skiing scene. Robert Cocuzzo accurately captures the amazing Doug and Emily Coombs that I knew then and the myriad of Coombs ski stories." - Bruce Tremper, avalanche expert and author of Staying Alive in Avalanche Terrain "Doug Coombs was an inspiration to me and so many others on and off the mountain. Now, here is an insightful look at the life of a legend." Jimmy Chin, climber-photographer • A thrilling biography of renowned extreme skiing pioneer Doug Coombs Arguably the greatest extreme skier to ever live, Doug Coombs pioneered hundreds of first descents down the biggest, steepest, most dangerous mountains in the world—from the Grand Teton “Otter Body” in Jackson Hole, to Mount Vinson, the highest point in Antarctica, to far-flung drops such as Wyatt Peak in Kyrgyzstan. He graced magazine covers, wowed moviegoers, became the face of top ski companies, and ascended as the king of big mountain extreme skiing.

German Expressionist Theatre David F. Kuhns 1997-08-28 German Expressionist Theatre: The Actor and the Stage considers the powerfully stylized, anti-realistic styles of acting on the German Expressionist stage from 1916 to 1921. It relates this striking departure from the dominant European acting tradition of realism to the specific cultural crises that enveloped the German nation during the course of its involvement in World War I. This book describes three distinct Expressionist acting styles, all of which in their own ways attempted to show how symbolic stage performance could be a powerful rhetorical resource for a culture struggling to come to terms with the crises of historical change. The examination of Expressionist script and actor memoirs allows for an unprecedented focus on description and analysis of acting itself.

Atlas of Poetic Zoology Emmanuelle Pouydebat 2019-05-07 A catalog of wonders, from walking fish to self-medicating chimpanzees. This Atlas of Poetic Zoology leads readers into a world of wonders where turtles fly under the sea, lizards walk on water, insects impersonate flowers, birds don't fly, frogs come back from the dead, and virgin sharks give birth. Animals, writes Emmanuelle Pouydebat, are lyric poets; they

discover and shape the world when they sing, dance, explore, and reproduce. The animal kingdom has been evolving for millions of years, weathering many crises of extinction; this book allows us to draw inspiration from animals' enduring vitality. Pouydebat's text, accompanied by striking color illustrations by artist Julie Terrazoni, offers a catalog of wondrous beings. Pouydebat describes the African bush elephant—the biggest land mammal of them all, but the evolutionary descendant of a tiny animal that stood less than fifty centimeters (nineteen inches) high sixty million years ago; the scaly, toothless pangolin, the world's most endangered mammal—and perhaps its most atypical; the red-lipped batfish, which walks, rather than swims, across the ocean floor; and the great black cockatoo, a gifted percussionist. Chimpanzees, she tells us, self-medicate with medicinal plants; the jellyfish, under stress, reverts to juvenile polyp-hood; and the sweetly named honey badger feeds on reptiles, termites, scorpions, and earthworms. Pouydebat, a researcher at the French Museum of Natural History, and Terrazoni capture the astonishment promised by any excursion into nature—the happiness that comes from watching a dragonfly, spider, frog, lizard, elephant, parrot, mouse, orangutan, or ladybug. It's the joy of witnessing life itself. We need only open our eyes to see.

Slave to the Rhythm Liz Jones 1998 In 1977, a shy teenager with an Afro and an attitude signed a record deal. More than thirty years and thirty-nine remarkable albums later, Prince was still touring and making music until his untimely death in 2016. One of the last great superstars, he crossed boundaries of race and sex, created a brand-new sound and earned a reputation as a legendary live performer and a musical genius. SLAVE TO THE RHYTHM goes behind the scenes at Paisley Park for an exclusive interview with Prince, in which he talks openly about his battle with the music industry, about his first wife, his life and how he makes music. Interviews with family members, friends, fellow musicians, producers, dancers and managers shed light on perhaps the most misunderstood, and most elusive, icon of our time. Tracing Prince's music through jazz, soul, funk, punk and hip-hop and exploring the music industry at large, Liz Jones's masterful biography is the definitive guide to America's funkiest son.

The Shore Sara Taylor 2015-03-19 SHORTLISTED FOR THE GUARDIAN FIRST BOOK AWARD 2015 SHORTLISTED FOR THE SUNDAY TIMES/PETERS FRASER & DUNLOP YOUNG WRITER OF THE YEAR AWARD LONGLISTED FOR THE BAILEYS WOMEN'S PRIZE FOR FICTION 2015 The Shore. A collection of small islands sticking out from the coast of Virginia into the Atlantic Ocean that has been home to generations of fierce and resilient women. Sanctuary to some but nightmare to others, it's a place they've inhabited, fled, and returned to for hundreds of years. The women are united by both small miracles and miseries: from a brave girl's determination to protect her younger sister as methamphetamine ravages their family, to a lesson in summoning storm clouds to help end a drought. Their interconnected stories form a deeply affecting legacy of two island families bound not just by blood, but by fate.

The Mahabharata Jean-Claude Carrière 2017-09-21 A unique dramatization of India's greatest epic poem, fifteen times longer than the Bible, The Mahabharata has played to enthralled audiences throughout Europe, the Far East and America. Regarded as the culmination of Peter Brook's extraordinary research into the possibilities of theatre, the production has been hailed as the 'theatrical event of this century' (Sunday Times). British audiences encountered The Mahabharata, on stage and television, in the late eighties. This volume contains the complete script of Carrière's adaptation in Peter Brook's translation, with introductions by each of them.

The Art and Culture of Early Greece, 1100-480 B.C. Jeffrey M. Hurwit 1985 This handsomely illustrated book offers a broad synthesis of Archaic Greek culture. Unlike other books dealing with the art and architecture of the Archaic period, it places these subjects in their historical, social, literary, and intellectual contexts. Origins and originality constitute a central theme, for during this period representational and narrative art, monumental sculpture and architecture, epic, lyric, and dramatic poetry, the city-state (polis), tyranny and early democracy, and natural philosophy were all born.

The Memoirs Of Giorgio De Chirico Giorgio De Chirico 1994-03-22 In this book, Giorgio de Chirico (1888-1978) recounts his early upbringing in Greece and first instruction in drawing at the Athens Polytechnic, his studies in Munich, his impressions of Italy, and his 1911 move to Paris. He relates vivid anecdotes of various Paris artists and personalities, notably Apollinaire, Cocteau, Derain, and Paul Guillaume, giving the key to incidents in Hebdomeros. He describes his service in the Italian Army in the First World War, his return to Paris, his association with the surrealist movement, and his subsequent disillusionment and self-isolation.

Courbet's Realism Michael Fried 1992-11-15 "'This book,' Michael Fried's work opens, 'was written not so much chapter by chapter as painting by painting over a span of roughly ten years.' Courbet's Realism is a magnificent work and its very first sentence brings us up against the qualities of mind of its author, qualities that make it as impressive as it is. It allows us to reconstruct the keen eye, the commitment to perception, the gift of rapt concentration, the conviction that great paintings are not necessarily understood easily, and the further conviction that a great painter deserves to get from us as good as he gives. By drawing on these qualities, Fried achieves something out of reach for all but a handful of his colleagues. In his writing, art history takes on some of the character of art itself. It is driven by the same stubborn resolve to open our eyes."—Richard Wollheim, San Francisco Review of Books Courbet's Realism is clearly a major contribution to

the highly active field of Courbet studies. . . . But to contribute here and now is necessarily also to contribute to central debates about art history itself, and so the book is also—I hesitate to say 'more importantly,' because of the way object and method are woven together in it—a major contribution to current attempts to rethink the foundations and objects of art history. . . . It will not be an easy book to come to terms with; for all its engagement with contemporary literary theory and related developments, it is not an application of anything, and its deeply thought-through arguments will not fall easily in line with the emerging shapes of the various 'new art histories' that tap many of the same theoretical resources. At this moment, there may be nothing more valuable than such a work."—Stephen Melville, *Art History*

Bellini, Giorgione, Titian, and the Renaissance of Venetian Painting David Alan Brown 2006-01-01 Presents a survey of sixty Venetian Renaissance paintings of the calibre of Bellini and Titian's "Feast of the Gods" in Washington and Giorgione's "Laura and Three Philosophers" in Vienna.

Cato's return Matilde Asensi 2017-07-27 What could the Silk Road, the Sewers of Istanbul, Marco Polo, Mongolia and Holy Land have in common? That's what the main characters of "The Last Cato", Ottavia Salina and Farag Boswell, will have to find out, putting their lives at risk yet again to solve a mystery that begins in the first century AD. Written with accuracy and a rhythm that keeps readers in suspense page after page, chapter after chapter until the very end, "Cato's Return" is an ingenious combination of adventure and history with which Matilde Asensi once again draws us in and doesn't let us go until the last word.

The Other Venice Predrag Matvejević 2007 To know a city is to become intimately intertwined with its nooks, crevices, secret passageways, and dark places where its lifeblood flows--and what city has more of those than Venice? In *The Other Venice*, Predrag Matvejević ventures past the infamous canals and cobblestone streets of the tourist's Venice to find the heart of the ancient Italian metropolis. A lyric re-imagining of the City of Romance, *The Other Venice* utterly reconfigures the Venetian landscape, as Matvejević follows both real and imaginary maps, contemporary and historical, to trace out the details of this sensuous city. He probes into what the ancient metropolis means to its people, the nation, and global culture. But he also finds hints of life in the smallest and most mundane details--ancient bridges, rust-flecked boats, wall sculptures, rivers, and piazzas scattered throughout the city. Each has a little-known story and with Matvejević as our guide, he reveals the stories behind them all. The book carries readers to a Venice that has escaped the eyes of writers, artists, and photographers through the centuries, and Matejević by turns plays a historian, cartographer, anthropologist, and philologist as he unravels elusive artifacts of time past. Arresting black-and-white photographs by renowned photographer Sarah Quill accompany the text, offering a silent testament to Matvejević's pilgrimage. A fascinating and beautifully written guide, *The Other Venice* reminds us that there is always another mystery to uncover in the city of water and stone.

The Surrealist Picasso Pablo Picasso 2005 One of the most significant artists of the surrealist movement, Pablo Picasso's oeuvre developed dramatically between the 1920s and 30s. This book looks at his creative output during this period, examining his various mediums such as painting, sculpture and works on paper."

Forgotten Children Linda A. Pollock 1983-11-24 'The history of childhood is an area so full of errors, distortion and misinterpretation that I thought it vital, if progress were to be made, to supply a clear review of the information on childhood contained in such sources as diaries and autobiographies.' Dr Pollock's statement in her Preface will startle readers who have not questioned the validity of recent theories on the evolution of childhood and the treatment of children, theories which see a movement from a situation where the concept of childhood was almost absent, and children were cruelly treated, to our present western recognition that children are different and should be treated with love and affection. Linda examines this thesis particularly through the close and careful analysis of some hundreds of English and American primary sources. Through these sources, she has been able to reconstruct, probably for the first time, a genuine picture of childhood in the past, and it is a much more humane and optimistic picture than the current stereotype. Her book contains a mass of novel and original material on child-rearing practices and the relations of parents and children, and sets this in the wider framework of developmental psychology, socio-biology and social anthropology. *Forgotten Children* admirably fulfils the aim of its author. In the face of this scholarly and elegant account of the continuity of parental care, few will now be able to argue for dramatic transformations in the twentieth century.

The (True!) History of Art Sylvain Coissard 2013-10-15 In a series of hilarious parodies, Sylvain Coissard and Alexis Lemoine answer the nagging questions of art history: what caused *The Scream*? Why is Van Gogh's *Yellow Bedroom* so suspiciously tidy? Why is Cezanne wearing a bandage in his famous self-portrait? This book is for anyone who wants to know what happened before the Mona Lisa smiled. Or, rather, what might have happened.
