A History of Christianity in Indonesia 2008 Jan Sihar Aritonang Indonesia is the home of the largest single Muslim community of the world. Its Christian community, about 10% of the population, has until now received no overall description in English. Through cooperation of 26 Indonesian and European scholars, Protestants and Catholics, a broad and balanced picture is given of its 24 million Christians. This book sketches the growth of Christianity during the Portuguese period (1511-1605), it presents a fair account of developments under the Dutch colonial administration (1605-1942) and is more elaborate for the period of the Indonesian Republic (since 1945). It emphasizes the regional differences in this huge country, because most Christians live outside the main island of Java. Muslim-Christian relations, as well as the tensions between foreign missionaries and local theology, receive special attention.

From Pearl Harbor To Calvary 2016-03-28 Mitsuo Fuchida The true story of the lead pilot of the Pearl Harbor attack and his conversion to Christianity. "As I looked across at my companion, I marveled afresh at the goodness of God-this man was my enemy; now he is my brother! Such is the miracle of the grace of God."-Rev. Elmer Sachs, Director of Sky Pilots International. These words were written of Mitsuo Fuchida, who led the first wave of the air attacks on Pearl Harbor on December 7, 1941 as a Captain in the Imperial Japanese Navy Air Service. After the war, Fuchida was introduced to the gospel through the testimony of Jacob DeShazer. He began reading the Bible and eleven years after Pearl Harbor, he became a Christian. Fuchida spoke boldly of his conversion in his native Japan, and a few years later, he was recruited by Rev. Elmer Sachs to join Sky Pilots International. He came to the United States where he had the opportunity to share his story across the country. From Pearl Harbor to Calvary is the story of Mitsuo Fuchida's conversion and ministry in his own words. Central to his narrative is the message that God works through even the most improbable of circumstances to further the gospel.

Catatan pinggir 3 2012 Goenawan Mohamad Buku ini merupakan kumpulan 160 esai pendek Goenawan Mohamad yang pernah dimuat majalah Tempo dari Januari 1986 sampai Februari 1990. Diawali dengan esai berjudul "Ding" (4 Januari 1986) sampai yang terakhir "Asongan" (24 Februari 1990). Esai-esai yang dikenal sebagai Catatan Pinggir itu berbicara beragam hal, bahkan hampir semua hal yang dekat dengan peristiwa di masyarakat dalam kurun waktu empat tahun itu: tentang kecemasan, kebebasan, kekuasaan, kemerdekaan, keserakahan, kebahagiaan, demokrasi. Mengenai topik yang disebut terakhir, William Liddle, dalam Kata Pengantar untuk buku ini, mengatakan kiranya jelas bahwa Goenawan sangat menyakini demokrasi sebagai jenis pemerintahan yang terbaik bagi negara kebangsaan Dunia Ketiga seperti Indonesia. Tetapi dia tidak berpretensi seolah-olah demokrasi dengan sendirinya mampu menyelesaikan segala persoalan... Goenawan Mohamad, kata Liddle, adalah burung langka dalam sangkar intelektual modern Indonesia. Dia menolak tegas pengkotakan Timur-Barat. Dalam sejumlah Catatan Pinggir ini, kata Liddle, dikotomi Timur-Barat beberapa kali ditampik Goenawan.

Victory in War 2011-06-13 William C. Martel War demands that scholars and policy makers use victory in precise and coherent terms to communicate what the state seeks to achieve in war. The failure historically to define victory in consistent terms has contributed to confused debates when societies consider whether to wage war. This volume explores the development of a theoretical narrative or language of victory to help scholars and policy makers define carefully and precisely what they

mean by victory in war in order to achieve a deeper understanding of victory as the foundation of strategy in the modern world.

A Prince in a Republic 2015-01-14 John Monfries Hamengku Buwono IX, the late Sultan of Yogyakarta Special Province, is revered by Indonesians as one of the great founders of the modern Indonesian state. He leaves a positive but in some ways ambiguous legacy in political terms. His most conspicuous achievement was the survival of hereditary Yogyakarta kingship, and he provided rare stability and continuity in Indonesia's highly fractured modern history. Under the New Order, Hamengku Buwono also helped to launch the Indonesian economy on a much stronger growth path. Although remembered as the epitome of "political decency", he faded from power and influence as Vice President in the 1970s, and the repressive and anti-democratic features of Suharto's New Order seemed to contradict much of what Hamengku Buwono originally stood for. This biography seeks to explain his political standpoint, motivations, and achievements, and set his career in the context of his times.

Victory in War 2006-12-25 William C. Martel For millennia, policymakers and statesmen have grappled with questions about the concept of victory in war. How long does it take to achieve victory and how do we know when victory is achieved? And, as highlighted by the wars against Afghanistan and Iraq, is it possible to win a war and yet lose the peace? The premise of this book is that we do not have a modern theory about victory and that, in order to answer these questions, we need one. This book explores historical definitions of victory, how victory has evolved, and how it has been implemented in war. It also subsequently develops the intellectual foundations of a modern pre-theory of victory, and discusses the military instruments necessary for victory in the twenty-first century using case studies that include US military intervention in Panama, Libya, Persian Gulf War, Bosnia/Kosovo, Afghanistan, and Iraq.

Behavioral Archaeology 2016-04-08 Michael B. Schiffer Behavioral archaeology offers a way of examining the past by highlighting human engagement with the material culture of the time. 'Behavioral Archaeology: Principles and Practice' offers a broad overview of the methods and theories used in this approach to archaeology. Opening with an overview of the history and key concepts, the book goes on to systematically cover both principles and practice: the philosophy of science and the scientific method; artifacts and human behavior; archaeological inference; formation processes of the archaeological record; technological change; behavioral change; and ritual and religion. Detailed case studies show the relevance of behavioral method and theory to the wider field of archaeological studies. The book will be invaluable to students of archaeology and anthropology.

100 Birds and How They Got Their Names 2001-10-30 Diana Wells How did cranes come to symbolize matrimonial happiness? Why were magpies the only creatures that would not go inside Noah's Ark? Birds and bird imagery are integral parts of our language and culture. With her remarkable ability to dig up curious and captivating facts, Diana Wells hatches a treat for active birders and armchair enthusiasts alike. Meet the intrepid adventurers and naturalists who risked their lives to describe and name new birds. Learn the mythical stories of the gods and goddess associated with bird names. Explore the avian emblems used by our greatest writers--from Coleridge's albatross in "The Ancient Mariner" to Poe's raven. A sampling of the bird lore you'll find inside: Benjamin Franklin didn't want the bald eagle on

our National Seal because of its "bad moral character," (it steals from other birds); he lobbied for the turkey instead. Chaffinches, whose Latin name means "unmarried," are called "bachelor birds" because they congregate in flocks of one gender. Since mockingbirds mimic speech, some Native American tribes fed mockingbird hearts to their children, believing it helped them learn language. A group of starlings is called a murmuration because they chatter so when they roost in the thousands. Organized alphabetically, each of these bird tales is accompanied by a two-color line drawing. Dip into 100 Birds and you'll never look at a sparrow, an ostrich, or a wren in quite the same way.

Biografi Sejarah Kehidupan Nabi Muhammad SAW Edisi Bahasa Inggris 2019-01-09 Jannah Firdaus Mediapro Biografi sejarah kehidupan Nabi Muhammad SAW utusan Allah SWT yang terakhir dan sekaligus penutup para Nabi, dalam bahasa Inggris bersumberkan dari Kitab Suci Al-Quran dan Al-Hadist. The advent of the Prophet Muhammad (SAW) changed the face of the history of mankind in a manner that this world has never seen before. Since the first man and prophet Adam (AS) was sent down to Earth, Allah sent many prophets and messengers to guide mankind to the Truth and to the Straight Path. Soon after the deaths of these prophets, their followers deviated from the teachings and corrupted the religion of Allah. He rejuvenated the Truth as taught by the previous prophets and messengers, and re-established the Law of Allah on Earth through the teachings of the Qur'an and the practice of the Sunnah. At the time of the birth of the Prophet Muhammad (SAW), two great prophetic religions were practiced in the environs of Arabia - namely Judaism and Christianity. Both of these religions were born from the basic teachings of Islam as taught by Musa (AS) and Isa (AS). However, the original teachings were lost, and these religions were born.

Political Silence 2018-11-12 Sophia Dingli The notion of 'silence' in Politics and International Relations has come to imply the absence of voice in political life and, as such, tends to be scholastically prescribed as the antithesis of political power and political agency. However, from Emma Gonzáles's three minutes of silence as part of her address at the March for Our Lives, to Trump's attempts to silence the investigation into his campaign's alleged collusion with Russia, along with the continuing revelations articulated by silence-breakers of sexual harassment, it is apparent that there are multiple meanings and functions of political silence - all of which intersect at the nexus of power and agency. Dingli and Cooke present a complex constellation of engagements that challenge the conceptual limitations of established approaches to silence by engaging with diverse, cross-disciplinary analytical perspectives on silence and its political implications in the realms of: environmental politics, diplomacy, digital privacy, radical politics, the politics of piety, commemoration, international organization and international law, among others. Contributors to this edited collection chart their approaches to the relationship between silence, power and agency, thus positing silence as a productive modality of agency. While this collection promotes intellectual and interdisciplinary synergy around critical thinking and research regarding the intersections of silence, power and agency, it is written for scholars in politics, international relations theory, international political theory, critical theory and everything in between.

Poetry 2021-07-29 A. J. Mittendorf Based on the music of Beethoven, Holst, Vivaldi, Mussorgsky and Saint-Saëns, among others, this poetry represents some of the finest work by A. J. Mittendorf. Sometimes he presents translations, sometimes parodies, but mostly the poetry is all fully original, inspired only by the music A. J. so desperately loves and enjoys. Much of the poetry is sonnets, some is free verse, some of it is song lyrics, but all of it is the outpouring of A. J.'s soul onto the page before him.
