FINANCIAL ACCOUNTING WITH INTERNATIONAL FINANCIAL REPORTING STANDARDS

2018-07-18 Jerry J. Weygandt While there is growing interest in IFRS within the US, interest outside the US has exploded. Weygandt's fourth edition of Financial Accounting: IFRS highlights the integration of more US GAAP rules, a desired feature as more foreign companies find the United States to be their largest market. The highly anticipated new edition retains each of the key features (e.g. TOC, writing style, pedagogy, robust EOC) on which users of Weygandt Financial have come to rely, while putting the focus on international companies/examples, discussing financial accounting principles and procedures within the context of IFRS, and providing EOC exercises and problems that present students with foreign currency examples instead of solely U.S. dollars.

First Love That Never Fades

Anna could never forget her first love, Leo. Their paths had crossed when they were both 16, at a idyllic summer camp. They were drawn to each other like magnets, spending every day sharing laughter, engaging in deep conversations, and sharing stolen kisses. Their bond was indestructible, and they vowed to stay connected, to wait for each other, and to love each other forever. But life, as it often does, had different plans in store for them. They lost track of each other, they moved on with their lives, and they eventually married other people. Years passed, and the turmoil of life took them in different directions. But fate, it seems, had not forgotten their unbreakable connection. At a chance encounter, at a sentimental reunion, their paths crossed once again. The moment they laid eyes on each other, the spark of their connection rekindled. The same electric spark that had drawn them together years ago was still unmistakable. They felt the same thrill that had fueled their teenage romance, but they also felt the burden of their past. Their hearts yearned for the unconditional love they had shared, but their minds grappled with the complexity of their current lives. They were caught in a tug-of-war, torn between the passion of their past and the comfort and familiarity of their present. They stood at a critical juncture, forced to make a difficult choice. Would they choose the all-consuming passion of their first love, risking the unknown that lay ahead, or would they hold onto the predictability of their current lives, forever wondering what could have been? Only time would tell if their unbreakable bond would find a way to prevail.
