The Mystery of the Missing Diamond

It was a dark and stormy night. The rain was pouring down, and the wind was howling. In the middle of the city, there was a museum, where a priceless diamond was on display. The diamond was called the Star of Africa, and it was the largest and most beautiful diamond in the world. It was guarded by a high-tech security system, and a team of armed guards. No one could steal it, or so they thought. But someone did. Someone managed to bypass the security, to evade the guards, to break the glass, and to take the diamond. And no one saw them, no one heard them, no one knew who they were. They left no trace, no clue, no evidence. They vanished into the night, with the Star of Africa. And the mystery of the missing diamond began.
