than that: It is the source of so much that still defines the United States. *The New York Times Magazine's* award-winning 1619 Project issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This book substantially expands on that work, weaving together eighteen essays that explore the legacy of slavery in present-day America with thirty-six poems and works of fiction that illuminate key moments of oppression, struggle, and resistance. The essays show how the inheritance of 1619 reaches into every part of contemporary American society, from politics, music, diet, traffic, and citizenship to capitalism, religion, and our democracy itself. This book that speaks directly to our current moment, contextualizing the systems of race and caste within which we operate today. It reveals long-glossed-over truths around our nation's founding and construction—and the way that the legacy of slavery did not end with emancipation, but continues to shape contemporary American life. Space Is the Place

2020-04-30 John Szwed Considered by many to be a founder of Afrofuturism, Sun Ra—aka Herman Blount—was a composer, keyboardist, bandleader, philosopher, entrepreneur, poet, and self-proclaimed extraterrestrial from Saturn. He recorded over 200 albums with his Arkestra, which, dressed in Egypto-space costumes, played everything from boogie-woogie and swing to fusion and free jazz. John Szwed's Space is the Place is the definitive biography of this musical polymath, who was one of the twentieth century's greatest avant-garde artists and intellectuals. Charting the whole of Sun Ra's life and career, Szwed outlines how after years in Chicago as a blues and swing band pianist, Sun Ra set out in the 1950s to impart his views about the galaxy, black people, and spiritual matters by performing music with the Arkestra that was as vital and innovative as it was mercurial and confounding. Szwed's readers—whether they are just discovering Sun Ra or are among the legion of poets, artists, intellectuals, and musicians who consider him a spiritual godfather—will find that, indeed, space is the place.
