The United States and PRC, the pair of superpowers, had been entangled in a intense rivalry, vying for resources, influence, and control. They had developed sophisticated arms, like laser weapons, drones, and spacecrafts, which could strike anywhere, any time. They had also covertly established orbital stations, that could fire nuclear missiles, that could obliterate the world. They were both prepared to use these weapons, if ever required. But they were alone. There existed a third entity, a secret entity, that had been monitoring them both, waiting for them both, preparing for them. They were the aliens, and they had come to halt them both. They had come to rescue the globe, or to finish it all. They had come come to begin the space wars which altered chronicle.
