Fallacy of Militant Ideology 2021-09-05 Munir Masood Marath This book highlights the conflict between jihadist militants and the West as essentially ideological in character. It has serious implications internalized by Muslim societies, with the boundaries of faith changed by the interplay of socio-political variables. Violence emerged in Muslim societies as a means of emancipation or identity when the state could not resolve the conflict situation. Although the militants were influenced by socio-political factors, they have always looked to religion to justify their acts of violence. This book, exposing the fallacy of the narrative evolved by the militants, offers a counter narrative. It reinterprets the primary sources, unravels the historical and socio-political constructs, unmaskes the

Scientific and Political Freedom in Islam 2017-02-24
Uriya Shavit The modernist-apologetic approach to the relation between revelation and science and politics has been a central part of Arab discourses on the future of Muslim societies for over a century. This approach introduced historical and theological narratives and interpretative mechanisms that contextualize reason and freedom in Islamic terms to argue that, unlike with Christianity, it is possible for Muslim societies to be technologically and politically advanced without forfeiting revelation as an all-encompassing, legally-binding guide. 'Scientific and Political Freedom in Islam' critically examines the coherence and consistency of modernist-apologetic scholars. This is done through a discussion of their general theorizing on reason and freedom, which is then followed by discussions of their commentaries on specific scientific and political issues in light of their general theorizing. Regarding the

former, the focus is Darwin's theory of evolution, while the universality of the "Biblical flood," the heliocentric model, the Big Bang model and Freudianism are also discussed. Regarding the latter, the focus is Islam's desired structure of government and concept of participatory politics, while individual freedoms are also discussed. The book argues that the modernist-apologetic approach has great potential to be a force for liberalization, but also possesses inherent limitations that render its theory on the relation between revelation and freedom self-contradictory. Introducing a significant body of new information on the reasons for the failure of secularism and democracy and the attitudes towards Darwinism in the Arab world, this book is a valuable resource for students and scholars of Islamic Studies, comparative religion, democracy studies and evolution studies.

Lost Islamic History 2014 Firas Alkhateeb "Islam has been one of the most powerful religious, social, and political forces in history. Over the last 1400 years, from

origins in Arabia, a succession of Muslim polities and later empires expanded to control territories and peoples that ultimately stretched from southern France, to East Africa to South East Asia. Yet many of the contributions of Muslim thinkers, scientists, and theologians, not to mention rulers, statesmen and soldiers, have been occluded. This book rescues from oblivion and neglect some of these personalities and institutions while offering the reader a new narrative of this lost Islamic history. The Umayyads, Abbasids, and Ottomans feature in the story, as do Muslim Spain, the savannah kingdoms of West Africa and the Mughal Empire, along with the later European colonisation of Muslim lands and the development of modern nation-states in the Muslim world. Throughout, the impact of Islamic belief on scientific advancement, social structures, and cultural development is given due prominence, and the text is complemented by portraits of key personalities, inventions and little known historical nuggets. The history of Islam and of the world's Muslims brings together diverse peoples,

geographies, and states, all interwoven into one narrative that begins with Muhammad and continues to this day."-

Indonesian Islamic Fiction in the 21st Century:
Representations of the Other in the Works of Forum
Lingkar Pena 2022-01-28 Muh Arif Rokhman THIS
BOOK examines a selection of fictional works by
writers belonging to the Indonesian association of
writers, Forum Lingkar Pena (Pen Circle Forum;
hereafter referred to as FLP). Figures from 2010
suggest that this organisation had around 5,000 members
across 93 Indonesian branches and ten overseas
branches. Writers recruited and trained by FLP have
produced approximately nine hundred published works.
Their works are often categorised as Islamic or religious

literature (sastra religi). This label-ling of FLP's literary output as Islamic literature has arisen principally because of the publicly expressed aims and beliefs of key FLP figures which include such notions as sastra dakwah (literature for religious propaga-tion). In order to contextualise the emergence of FLP in the final years of the twentieth century and to locate this organisation within wider Indo-nesian literary developments, it is necessary to take account of cultural debates that came to the fore with the profound social and political changes which accompanied the end of the New Order regime in 1998.

Principles of Islamic Jurisprudence 2003 Mohammad Hashim Kamali This third edition of the best-selling title Principles of Islamic Jurisprudence has been completely revised and substantially enlarged. In this work, Prof Kamali offers us the first detailed presentation available in English of the theory of Muslim law (usul al-fiqh). Often regarded as the most sophisticated of the traditional Islamic disciplines, Islamic Jurisprudence is

concerned with the way in which the rituals and laws of religion are derived from the Qur'an and the Sunnah—the precedent of the Prophet. Written as a university textbook, Principles of Islamic Jurisprudence is distinguished by its clarity and readability; it is an essential reference work not only for students of Islamic law, but also for anyone with an interest in Muslim society or in issues of comparative Jurisprudence.

State of World Population 2016 2016-11-02 United Nations Population Fund (UNFPA) In 15 years, the lifespan of the 2030 Agenda, the 10-year-old girl will be 25. Will she still be left behind? Or will she be enjoying her human rights and well-being, and exploring the many avenues open to her, knowing that, when her own daughter turns 10, she will experience more of the same? Only the latter scenario will allow the world to truly claim that it transformed the course of development and met the challenge of the Sustainable Development Goals. Much depends on the choices we all make, from parents to policymakers, educators to

health-care professionals, economists to entrepreneurs, journalists to community leaders. Today's 10-year-old girl is on the way to her future. And her future is our own.

The Sayings of Muhammad 1990 Sir Abdullah al-Mamun Suhrawardy This collection of the sayings of the Prophet was highly praised in its earlier edition, and it has now been carefully revised and classified. Medina by the Bay 2023-07-07 Maryam Kashani From the Black Power movement and state surveillance to Silicon Valley and gentrification, Medina by the Bay examines how multiracial Muslim communities in the San Francisco Bay Area survive and flourish within and against racial capitalist, carceral, and imperial logics. Weaving expansive histories, peoples, and geographies together in an ethnographic screenplay of cinematic scenes, Maryam Kashani demonstrates how sociopolitical forces and geopolitical agendas shape Muslim ways of knowing and being. Throughout, Kashani argues that contemporary Islam emerges from the specificities of the Bay Area, from its landscapes and infrastructures to its Muslim liberal arts college, mosques, and prison courtyards. Theorizing the Medina by the Bay as a microcosm of socioeconomic, demographic, and political transformations in the twentieth- and twenty-first centuries, Kashani resituates

2021-02-01 Subhas K. Sikdar Volume 2 of Advances in Carbon Management Technologies has 21 chapters. It presents the introductory chapter again, for framing the challenges that confront the proposed solutions discussed in this volume. Section 4 presents various ways biomass and biomass wastes can be manipulated to provide a low-carbon footprint of the generation of power, heat and co-products, and of recovery and reuse of biomass wastes for beneficial purposes. Section 5 provides potential carbon management solutions in urban and manufacturing environments. This section also provides state-of-the-art of battery technologies for the transportation sector. The chapters in section 6 deals with electricity and the grid, and how decarbonization can be practiced in the electricity sector. The overall topic of advances in carbon management is too broad to be covered in a book of this size. It was not intended to cover every possible aspect that is relevant to the topic. Attempts were made, however, to highlight the most important issues of decarbonization from technological viewpoints. Over the years carbon intensity of products

This has occurred despite very rapid development of renewable fuels, because at the same time the use of fossil fuels has also increased. Thus, the challenges are truly daunting. It is hoped that the technology choices provided here will show the myriad ways that solutions will evolve. While policy decisions are the driving forces for technology development, the book was not designed to cover policy solutions.

Politics of Piety 2012 Saba Mahmood An analysis of Islamist cultural politics through the ethnography of a thriving, grassroots women's piety movement in the mosques of Cairo, Egypt. Unlike those organized Islamist activities that seek to seize or transform the state, this is a moral reform movement whose orthodox practices are commonly viewed as inconsequential to Egypt's political landscape. The author's exposition of these practices challenges this assumption by showing how the ethical and the political are linked within the context of such movements.

examines how religious authority was distributed in early Islam. It argues the case that, as in Shi'ism, it was concentrated in the head of state, rather than dispersed among learned laymen as in Sunnism. Originally the caliph was both head of state and ultimate source of religious law; the Sunni pattern represents the outcome of a conflict between the caliph and early scholars who, as spokesmen of the community, assumed religious leadership for themselves. Many Islamicists have assumed the Shi'ite concept of the imamate to be a deviant development. In contrast, this book argues that it is an archaism preserving the concept of religious authority with which all Muslims began.

The Miracles of the Prophet (saw) 2020-09-10 Hafidh Abi Al Fada'ah Ismai Ibn Kathir The miracles of the Prophet (saw) is an outstanding book of Al-Muhaddith Ibn Katheer which deals with the miracles performed by the Prophet Muhammad (saw) over the twenty three years of his Prophethood. Muhammad Messenger of Allah 2013-12 Qadi Iyad Kitab Ash-Shifa bi ta'rif huquq al-Mustafa, (Healing by the recognition of the Rights of the Chosen One), of Qadi 'Iyad (d. 544H/1149CE) is perhaps the most frequently used and commented upon handbook in which the Prophet's, may Allah bless him and grant him peace, life, his qualities and his miracles are described

in every detail. Generally known by its short title, Ash-Shifa, this work was so highly admired throughout the Muslim world that it soon acquired a sanctity of its own for it is said: "If Ash-Shifa is found in a house, this house will not suffer any harm... when a sick person reads it or it is recited to him, Allah will restore his health." Ash-Shifa gathers together all that is necessary to acquaint the reader with the true stature of the Prophet, may Allah bless him and grant him peace, with the esteem and respect which is due to him, and with the verdict regarding anyone who does not fulfil what his stature demands or who attempts to denigrate his supreme status - even by as much as a nail paring. QADI 'IYAD His full name was Abu al-Fadl 'Iyad ibn Musa ibn 'Iyad ibn 'Imran ibn Musa ibn Muhammad ibn 'Abdullah ibn Musa ibn 'Iyad al-Yahsubi, the famous Imam. He was born in Ceuta in the month of Sha'ban, 496 AH and lived there although his family originated from Andalusia. According to his son, Muhammad, his ancestors originated in Andalusia and then moved to the city of Fes, staying in the Qarawiyyin at some point.

'Imrun moved to Ceuta after having lived in Fes. Qadi 'Iyad was the Imam of his time in hadith and its sciences. He was a scholar of tafsir and its sciences, a faqih in usul, a scholar in grammar, language and Arabic speech, as well as in the battles and lineages of the Arabs. He had insight into judgements and had the legal competence to write contracts. He preserved and knew the Maliki madhhab. He was an excellent poet, familiar with literature and an eloquent orator. He was steadfast, forbearing and a good companion. He was generous and gave a lot of sadaqa. He was constant in action and tenacious in the truth. He died in Marrakesh in the month of Jumada al-Akhira or Ramadan in 544 AH. The Curse of God 2018-12-12 Harris Sultan This book is a critical analysis of religion in general and Islam in

particular. It covers some common misconceptions about Islam that both Muslims and non-Muslims have. The book starts with a little introduction of the author—how and why he became an ex-Muslim—and it is followed up with the importance of writing the book. The first chapter covers the importance of critical sense over common sense and how we should always invoke critical thinking when it comes to looking at the world around us. The book also covers some arguments for God and some counterarguments against God's existence. It discusses the importance of God in keeping the morality of the society and the mental well-being of the human species. It also discusses the baggage that comes with religion, leaving our only lives here on planet earth devoid of pleasure and enjoyment. Moreover, it discusses the scientific flaws in the Quran and argues how it looks like a book written by a seventh century Arab warlord rather than the creator of the billions of galaxies. It discusses the critical and sensitive topic of the character of Allah (Muslim God) and Muhammad in light of the Quran, Hadith (collection of

Muhammad's quotes), and the biography of Muhammad. It gives a detailed account of Muhammad's wives and violence in his life. In the last part of the book, the author discusses the rise of Islamism in the western world and its dangers. Finally, it educates its readers on how to debate with a religious apologist and some common arguments and techniques employed by them. It is a very interesting read into Islam from an ex-Muslim's point of view and the best guide to learning Islam.

Digital Jihad 2016-10-15 Erik Skare
A new and innovative form of dissent has emerged in response to the Israeli occupation of Palestine. Dubbed "electronic jihad", this approach has seen organized groups of Palestinian hackers make international headlines by breaching the security of such sites as the Tel Aviv Stock Exchange, AVG, Avira, Whatsapp, and BitDefender. Though initially confined to small clandestine groups, "hacktivism" is now increasingly being adopted by militant Palestinian parties, including Hamas and Palestinian Islamic Jihad, who have gone so far as to incorporate hackers into their armed brigades. Digital Jihad is the first book to explore this rapidly evolving and still little understood aspect of the Palestinian resistance movement. Drawing on extensive interviews with hackers and other activists, it provides a unique and fascinating new perspective on the Palestinian struggle.

First Love that Never Fades

Anna never forgot her first love, Leo. They met when they were both 16, at a summer camp. They spent every day together, laughing, talking, kissing. They promised to stay in touch, to wait for each other, to love each other forever. But life had other plans. They lost contact, they moved on, they married other people. Years later, they met again, by chance, at a reunion. They felt the same spark, the same connection, the same love. But they also felt the same pain, the same guilt, the same regret.
