## Living in the Heart

2012-04-27 Drunvalo Melchizedek Long ago we humans used a form of communication and sensing that did not involve the brain in any way; rather, it came from a sacred place within our hearts. What good would it do to find this place again? This is a book of remembering. You have always had this place within your heart, and it is still there now. It existed before creation, and it will exist even after the last star shines its brilliant light. At night when you enter your dreams, you leave your mind and enter the sacred space of your heart. But do you remember? Or do you only remember the dream? Why am I telling you about this "something" that is fading from our memories? What good would it do to find this place again in a world where the greatest religion is science and the logic of the mind? Don't I know where emotions and feelings are second-class citizens? Yes, I do. But my teachers have asked me to remind you who you really are. You are more than just a human being, much more. For within your heart is a place, a sacred place, where the world can literally be remade through conscious cocreation. If you really want peace of spirit and if you want to return home, I invite you into the beauty of your own heart. With your permission, I will show you what has been shown to me. I will give you the exact instructions to the pathway into your heart where you and God are intimately one. It is your choice. But I must warn you: Within this experience resides great responsibility. Life knows when a spirit is born to the higher worlds, and life will use you as all the great masters who have ever lived have been used. If you read this book and do the meditation and then expect nothing to change in your life, you may get caught spiritually napping. Once you have entered the light of the great darkness, your life will change -- eventually, you will remember who you really are.

*The Ancient Secret of the Flower of Life, Volume 2*

2000 Drunvalo Melchizedek The sacred Flower of Life pattern, the primary geometric generator of all physical form, is explored in even more depth in this volume, the second half of the famed Flower of Life workshop. The proportions of the human body, the nuances of human consciousness, the sizes and distances of the stars, planets and moons, even the creations of humankind, are all shown to reflect their origins in this beautiful and divine image. Through an intricate and detailed geometrical mapping, Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third-dimensional existence. From the pyramids and mysteries of Egypt to the new race of Indigo children, Drunvalo presents the sacred geometries of the Reality and the subtle energies that shape our world. We are led through a divinely inspired labyrinth of science and stories, logic and coincidence, on a path of remembering where we come from and the wonder and magic of who we are. Finally, for the first time in print, Drunvalo shares the instructions for the Mer-Ka-Ba meditation, step-by-step techniques for the re-creation of the energy field of the evolved human, which is the key to ascension and the next dimensional world.if done from love, this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension, from protective powers to the healing of oneself, of others and even of the planet. Embrace the expanded vision and understanding that Drunvalo offers to the world. Coincidences abound, miracles flourish and the amazing stories of mysteries unveiled arise as the author probes the Ancient Secrets of the Flower of Life.

## Journeys Into the Heart

2017-02-22 Drunvalo Melchizedek Moving into the Heart There is movement associated with entering the sacred space of the heart. Without this movement, your brain only imagines that you are in the sacred space of the heart, but this is not true. In Journeys into the Heart, you will find exercises that show you how to move your spirit there. If you have never done this before, it may seem a little strange, but you will get it. The master authorized to guide you into your heart is the spirit behind the eyes reading these words now. That is you. Read and enjoy practicing and applying all the methods we offer you. Decide the appropriate one for you. Then practice, practice, and practice again, and remember who you really are. Last, read about our experiences entering the heart, about the prayer of the heart, and living in the heart. You might find them very helpful on your own spiritual journey. Remember, you and I are alike. I am you and you are me. --Drunvalo Melchizedek and Daniel Mitel

## Keys to Healing and Self-Mastery According to the Hathors

2011-11 Ricardo B. Serrano A Guide for Emotional and Self-Mastery, Healing and Stress Management The goal of the fourth book Keys to Healing and Self-Mastery according to the Hathors, a supplementary book to Holographic Sound Healing taught at the Meditation and Qigong Mastery book, and the Omkabah Heart Lightbody Activation video, is to build the Ka and offer readers an effective Hathor's emotional mastery technique to manage emotional stress, the main cause of disease, in their daily lives and spiritually awaken when emotional stress is cleared, released and stabilized. Doing this practice will provide a fast, safe way to stabilize your chaotic emotions such anger or fear. Holographic Sound Healing with the Four Sacred Elements is integrated with Ka(Merkaba) Meditation to complement Holographic Lightbody activation, and build the Sahhu or immortal golden lightbody. Dr. Johanna Budwig's Diet for Cancer and Chronic Diseases and Sun gazing are included as adjunct keys to healing. In summary, the four books Meditation and Qigong Mastery, Return to Oneness with the Tao, Return to Oneness with Spirit, and Keys to Healing and Self-Mastery according to the Hathors form a four-sided basic pyramid foundation, so to speak, of dietary and energy-based psychoneuroimmunolgy or neuroimmunomodulation strategies to effectively heal substance abuse and chronic diseases mainly caused by emotional stress, diet that is high in trans-fatty acids and low in Essential Fatty Acids, and unhealthy lifestyle. These strategies bring the physical, mental, emotional, and spiritual aspects of a person into homeostasis, and at the same time spiritually awaken a person in the process of being in the flow because the individual being is one with universal being.

## Serpent of Light

## Serpent of Light: The Movement of the Earth's Kundalini and the Rise of the Female Light, 1949 to 2013

2010-06 Drunvalo Melchizedek Every 13,000 years on Earth a sacred and secret event takes place that changes everything. Mother Earth's Kundalini energy emerges from its resting place in the planet's core and moves like a snake across the surface of our world. Once at home in ancient Lemuria, it moved to Atlantis, then to the Himalayan mountains of India and Tibet, and with every relocation changed our idea of what spiritual means. And gender. And heart. This time, with much difficulty, the Serpent of Light has moved to the Andes Mountains of Chile and Peru. Multi-dimensional, multi-disciplined, and multi-lived, for the first time in this book, Drunvalo begins to tell his stories of 35 years spent in service to Mother Earth. Follow him around the world as he follows the guidance of Ascended Masters, his two spheres of light, and his own inner growing knowledge. His story is a living string of ceremonies to help heal hearts, align energies, right ancient imbalances, and balance the living Earth's Unity Consciousness Grid-- in short to increase our awareness of the indivisibility of life in the universe. We are all--rocks and people and interdimensional beings--one!
