Creating a synthesis paper involves pulling together data from various sources to present a well-rounded argument on a subject. Here are the stages to create a perfect outline for a synthesis paper:

1. **Select a Appropriate Topic:** Choose a subject that aligns with your interests and the assignment needs.
2. **Conduct Comprehensive Study:** Explore different sources, such as articles, books, and academic journals, to gather information.
3. **Plan Your Format:** Begin with an intro that grabs the readers interest and states your argument - what your paper will debate. After that, outline what each of your body paragraphs will discuss. Be certain to include information from different sources.
4. **Compose Paragraphs with Topic Sentences:** Dedicate each section to a specific sub-topic or source. Begin with a clear topic sentence directly related to your argument.

Introduce the source you're synthesizing and plan its key points. Back up your arguments with evidence from the source, using quotes, paraphrases, or summaries.

5. **Review, Correct, and Check:** Check your work for any mistakes or inconsistencies.

The publication "Analyzing Casual Conversation" by Suzanne Eggin and Diana Slade, originally issued in 1997, creates a methodical model for the analysis and description of casual conversation in English. The authors assert that despite its occasionally aimless seeming and ostensibly unstructured substance, casual conversation is a highly structured undertaking and has a critical function in the social construction of reality. The book proceeds through authentic instances of casual conversations including participants varying in age, gender, ethnicity, and socio-economic class<sup>12</sup>. Pulling on perspectives from sociology, linguistics, and critical semiotics, the publication furnishes readers with the analytic skills to portray the levels of structure and critical interpretive models to explain the 'social

work' that happens on through chat.

Digital media have turned into an essential component of our day-to-day lives, particularly for the new generation. We employ it to communicate, to disseminate, to educate ourselves, to divert, and to convey our feelings. But what exactly could be the effects of online platforms on our mental health? How can it affect our emotions, our self-esteem, our interactions, our welfare, and our actions? This work aspires to respond to these queries, by examining the current research and evidence on the topic. It is set to investigate the constructive and negative facets of social media, the hazard elements and defensive elements, the measures and approaches, and the forthcoming trends and consequences. It will also give practical advice and guidance for users, caregivers, educators, and experts, on how to utilize online platforms in a beneficial and accountable way.
