The Migration Conference
2017 Programme and
Abstracts Book

2017 Ibrahim Sirkeci The Migration Conference 2017 hosted by Harokopio University, Athens from 23 to 26 August. The 5th conference in our series, the 2017 Conference was probably the largest scholarly gathering on migration with a global scope. Human mobility, border management, integration and security, diversity and minorities as well as spatial patterns, identity and economic implications have dominated the public agenda and gave an extra impetus for the study of movers and non-movers over the last decade or so. Throughout the program of the Migration Conference you will find various key thematic areas are covered in about 400 presentations by about 400 colleagues coming from all around

Cop in the Hood

2009-08-03 Peter Moskos
When Harvard-trained sociologist Peter Moskos left the classroom to become a cop in Baltimore's Eastern District, he was thrust deep into police culture and the ways of the street--the nerve-rattling patrols, the thriving drug corners, and a world of poverty and violence that outsiders never

Cop in the Hood, Moskos reveals the truths he learned on the midnight shift. Through Moskos's eyes, we see police academy graduates unprepared for the realities of the street, success measured by number of arrests, and the ultimate failure of the war on drugs. In addition to telling an explosive insider's story of what it is really like to be a police officer, he makes a passionate argument for drug legalization as the only realistic way to end drug violence-- and let cops once again protect and serve. In a new afterword, Moskos describes the many benefits of foot patrol-- or, as he calls it, "policing green."

Castillo This book describes the latest advances in intelligent techniques such as fuzzy logic, neural networks, and optimization algorithms, and their relevance in building intelligent information systems in combination with applied mathematics. The authors also outline the applications of these systems in areas like intelligent control and robotics, pattern recognition, medical diagnosis, time series prediction, and optimization of complex problems. By sharing fresh ideas and identifying new targets/problems it offers young researchers and students new directions for their future research. The book is intended for readers from mathematics and computer science, in particular professors and students working on

Regenerating Urban Land

2016-06-02 Rana Amirtahmasebi Regenerating Urban Land draws on the experience of eight case studies from around the world. The case studies outline various policy and financial instruments to attract private sector investment in urban regeneration of underutilized and unutilized areas and the requisite infrastructure improvements. In particular, each case study details the project cycle, from the scoping phase and determination of the initial amount of public sector investment, to implementation and subsequent leveraged private-sector funds. This manual analyzes rates of return on the investments and long-term financial sustainability. Creating a graphic novel is a demanding but rewarding endeavor. It requires a combination of creative expression, narrative prowess, and artistic talent. In this detailed guide, we will cover everything you need to know to create great work and get it published.

Once you have completed your graphic novel, you need to start thinking about getting it published. There are a few different ways to do this:

* **Submit your graphic novel to publishers.**

There are many publishers that accept unsolicited submissions from graphic novel creators. You can find a list of publishers on the website of the GN Educators Forum.

* **Self-publish your graphic novel.** Self-publishing is a great option for graphic novel creators who want to have more control over the creative process and the release of their work. I hope this guide has been useful. With hard work and dedication, you can create a graphic novel that is both entertaining and thought-provoking.
