Concepts and Controversies in Tidal Marsh Ecology 2007-05-08 M.P. Weinstein In 1968 when I forsook horticulture and plant physiology to try, with the help of Sea Grant funds, wetland ecology, it didn't take long to discover a slim volume published in 1959 by the University of Georgia and edited by R. A. Ragotzkie, L. R. Pomeroy, J. M. Teal, and D. C. Scott, entitled "Proceedings of the Salt Marsh Conference" held in 1958 at the Marine Institute, Sapelo Island, Ga. Now forty years later, the Sapelo Island conference has been the major

intellectual impetus, and another Sea Grant Program the major backer, of another symposium, the "International Symposium: Concepts and Controversies in Tidal Marsh Ecology". This one re-examines the ideas of that first conference, ideas that stimulated four decades of research and led to major legislation in the United States to conserve coastal wetlands. It is dedicated, appropriately, to two then young scientists - Eugene P. Odum and John M. Teal - whose inspiration has been the starting place for a generation of coastal wetland and estuarine research. I do not mean to suggest that wetland research started at Sapelo Island. In 1899 H. C. Cowles described successional processes in Lake Michigan

freshwater marsh ponds. There is a large and valuable early literature about northern bogs, most of it from Europe and the former USSR, although Evile Gorham and R. L. Lindeman made significant contributions to the American literature before 1960. V. J.

Truth Like the Sun 2012-04-10 Jim Lynch A classic and hugely entertaining political novel, the cat-and-mouse story of urban intrigue in Seattle both in 1962, when Seattle hosted the World's Fair, and in 2001, after its transformation in the Microsoft gold rush. Larger than life, Roger Morgan was the mastermind behind the fair that made the city famous and is still a backstage power forty years later, when at the age of seventy he runs for mayor in hopes of restoring all of Seattle's former glory. Helen Gulanos, a reporter every bit as eager to make her mark, sees her assignment to investigate the events of 1962 become front-page news with Morgan's candidacy, and resolves to find out who he really is and where his power comes from: in 1962, a

brash and excitable young promoter, greeting everyone from Elvis Presley to Lyndon Johnson, smooth-talking himself out of difficult situations, dipping in and out of secret card games; now, a beloved public figure with, it turns out, still-plentiful secrets. Wonderfully interwoven into this tale of the city of dreams are backroom deals, idealism and pragmatism, the best and worst ambitions, and all the aspirations that shape our communities and our lives.

The *Psychic Soviet* 2020-07-07 Ian F. Svenonius  
A reissue of Ian F. Svenonius's cult-classic debut essay collection, including brand-new writing in this expanded edition. "Everything author-slash-punk-icon Ian Svenonius says is interesting, and this book of satirical essays--originally published in 2006, now back in print--proves it...You'll laugh until you cry." --Washington Post "Ian F. Svenonius's *The Psychic Soviet* was first published before the iPhone, before the cronut, and long before our culture thought to ask the Svenonius-like question of whether it was the CIA who actually wrote the Scorpions' 'Wind of Change.' Akashic Books just reissued...this short, offbeat, and very funny collection of essays." --Washingtonian "As entertaining as books come." --Exclusive Magazine "In a sense the book is Mr. Svenonius's love letter to the good old days of do-it-yourself punk concerts, though it's cleverly disguised as a series of Marxian essays." --New York Times "The pocket-sized book--given Svenonius's communism infatuation, the parallel

to Mao's Little Red Book is no mistake--contains well-thought-out arguments on a variety of subjects, from vampires to the origins of punk rock. It's often funny, but never in a self-consciously ironic way." --Washington Post "Ian Svenonius has come a long way since Sassy Magazine first dubbed him the 'Sassiest Boy in America' in 1991. The DC singer has never been anything less than political to the extreme." --Village Voice A new, expanded collection of essays and articles from one of the mainstays of the Washington, DC, underground rock and roll scene, *The Psychic Soviet* is Ian F. Svenonius's groundbreaking first book of writings. The selections are written in a lettered yet engaging style, filled with parody and biting humor that subvert capitalist culture, and cover such topics as the ascent of the DJ as a star, the "cosmic depression" that followed the defeat of the USSR, how *Seinfeld* caused the bankruptcy of modern pop culture, and the status of rock and roll as a religion. The pocket-sized book is bound

with a durable bright-pink plastic cover, recalling the aesthetics of Mao's Little Red Book, and perfect for carrying into the fray of street battle, classroom, or lunch-counter argument.

Revision and Reclassification of *Lasioglossum* (Evylaeus), L. (Hemihalictus) and L.

(Sphecodogastra) in Eastern North America (Hymenoptera 2013 Gibbs Jason The black species of weak-veined Lasioglossum (or Hemihalictus series) in eastern North America are revised to clarify their taxonomy and nomenclature and to facilitate identification. A subgeneric classification based upon available phylogenetic data is applied. Lasioglossum (Sphecodogastra) is applied more broadly than any previous usage to include many species typically classified as L. (Evylaeus). The subgenus L. (Evylaeus) is retained but applied narrowly in agreement with phylogenetic results. Lasioglossum (Hemihalictus) has historically been considered monotypic but is here applied to many species of L. (Dialictus) sensu lato (equivalent to the carinaless L. (Evylaeus) of some authors). Usage of L. (Dialictus) is restricted primarily to species with metallic integument. Additional subgeneric synonymies for extralimital taxa are formalized and discussed. Descriptions are provided for

each species with a synonymic list, diagnosis, and notes on taxonomy and biology. The recently revised Onagraceae-specialist species of L. (Sphecodogastra) are given abbreviated treatments. Notes on available DNA barcode data are given, with diagnostic characters supplied for closely related species. One new species is described: L. (Sphecodogastra) seillean Gibbs and Packer and the males of L. fedorensis (Crawford) and L. pectinatum (Robertson) are described for the first time. The following three new synonymies are proposed: Lasioglossum (Hemihalictus) sopinci (Crawford), senior subjective synonym of Evylaeus bradleyi Mitchell; Lasioglossum (Hemihalictus) macoupinense (Robertson), senior subjective synonym of Halictus divergens Lovell; and Lasioglossum (Hemihalictus) inconditum (Cockerell), senior subjective synonym of Halictus tracyi Cockerell. Lasioglossum inconditum is here considered to be distinct from the Palaearctic species L. rufitarse

(Zetterstedt). A lectotype is designated for *Halictus quebecensis* Crawford. We present the first record of *L. lustrans* (Cockerell) and *L. swenki* (Crawford) in Canada and the first record of *L. lusorium* (Cresson) east of the Mississippi River. Updated keys to species are provided for the fauna of eastern North America.

Lions of the West 2012-08-21 Robert Morgan  
From Thomas Jefferson's birth in 1743 to the California Gold Rush in 1849, America's westward expansion comes to life in the hands of a writer fascinated by the way individual lives link up, illuminate one another, and collectively impact history. Jefferson, a naturalist and visionary, dreamed that the United States would stretch across the North American continent,

from ocean to ocean. The account of how that dream became reality unfolds in the stories of Jefferson and nine other Americans whose adventurous spirits and lust for land pushed the westward boundaries: Andrew Jackson, John "Johnny Appleseed" Chapman, David Crockett, Sam Houston, James K. Polk, Winfield Scott, Kit Carson, Nicholas Trist, and John Quincy Adams. Their stories—and those of the nameless thousands who risked their lives to settle on the frontier, displacing thousands of Native Americans—form an extraordinary chapter in American history that led directly to the cataclysm of the Civil War. Filled with illustrations, portraits, maps, battle plans, notes, and time lines, *Lions of the West* is a richly authoritative biography of America—its ideals, its promise, its romance, and its destiny.

Our Faces are Westward 2012 Dennis M. Larsen An ailing Edward Jay Allen joined a wagon train en route to Oregon in 1852. Despite exhaustion from weeks of strenuous travel, he guided a raft down the Snake River. A foot injury compelled him to risk a harrowing "float" over falls and rapids. Lucky to be alive, he reached Fort Boise and operated a ferry before returning to the trail. Walking with difficulty and short of food and water, he struggled on to Portland. Based on newly discovered diaries and letters replete with keen observations, poetry, and humor, Allen's delightfully literate, entertaining accounts bring the emigrant trail experience to life.

My War Gone By, I Miss It So 2015-11-03 Anthony Loyd 'Undoubtedly the most powerful

and immediate book to emerge from the Balkan horror of ethnic civil war' Anthony Beevor, Daily Telegraph In 1993, Anthony Loyd hitchhiked to the Balkans hoping to become a journalist. Leaving behind him the legends of a distinguished military family, he wanted to see 'a real war' for himself. In Bosnia he found one. The cruelty and chaos of the conflict both appalled and embraced him; the adrenaline lure of the action perhaps the loudest siren call of all. In the midst of the daily life-and-death struggle among Bosnia's Serbs, Croats and Muslims, Loyd was inspired by the extraordinary human fortitude he discovered. But returning home he found the void of peacetime too painful to bear, and so began a longstanding personal battle with drug abuse. This harrowing account shows humanity at its worst and best. It is a breathtaking feat of reportage; an uncompromising look at the terrifyingly seductive power of war. 'As good as reporting gets. I have nowhere read a more vivid account

The Skinny Gut Diet 2016-04-05 Brenda Watson, C.N.C. The secret to permanent weight loss revealed. The real reason diets fail has nothing to do with calories and everything to do with the balance of bacteria in your gut. A simple guide to show you how to finally achieve your ideal weight. The 100 trillion bacteria that live in your digestive tract—which make up 90 percent of the cells in your body—are the real reason you gain or lose weight. When those microbes are out of balance, chronic health conditions can occur, including irritable bowel syndrome, fatigue, and obesity. By balancing the good and

bad bacteria, you can finally achieve your ideal weight—for good. In The Skinny Gut Diet, New York Times bestselling author, public television icon, certified nutritional consultant, and digestive health expert Brenda Watson offers an insightful perspective on the little-known connection between weight gain and an underlying imbalance of bacteria in the gut, or what she calls the “gut factor”—the overlooked root cause of weight gain. Drawing upon the latest scientific research, Brenda illuminates the inner workings of the digestive system and provides instructions for achieving a healthy bacterial ecosystem that spurs weight loss by enabling the body to absorb fewer calories from food, experience reduced cravings, and store less fat. The premise is simple: curtail sugar consumption (and its surprising sources) and eat more healthy fats, living foods, and protein to balance the gut bacteria. The result? A skinny gut. The Skinny Gut Diet centers around an easy-to-follow diet plan. A 14-day eating plan,

dozens of delicious recipes and sage advice help you achieve—and maintain—digestive balance and sustained weight loss. With inspiring real-life stories of ten individuals who transformed their health on the Skinny Gut Diet, Brenda empowers you to become your own health advocate so that you can finally shed unwanted pounds and enjoy optimal health and vitality.

Saving Seeds 2020-02-01 Dan Jason Much of our food comes from seeds. But where do our seeds come from? And where are they going? For much of human history, farmers saved their own seed stocks to ensure a good harvest from year to year. In the mid-twentieth century, governments became involved in seed saving, creating massive seed libraries cataloguing thousands of varieties. This biodiversity has come under attack in recent decades, as corporations have replaced heirloom varieties with genetic engineering and costly trademarks. In such an agricultural climate, saving seeds

becomes both a practical act of preservation and powerful act of protest. Over half of Canadian households grow fruits, herbs, vegetables or flowers for personal use, according to Statistics Canada. And each of these home gardens has the potential to preserve vital biodiversity, if only we would let plants go to seed, harvest and preserve them. *Saving Seeds* is a clear and winsome introduction to the essentials of seed saving, from seed selection criteria to harvest and storage tips. It also addresses the role of seed-saving communities: local swaps, seed companies, friends and neighbours and even how the Internet can support this time-honoured practice. In an era of community gardens, farmers markets and renewed interest in heirloom species, *Saving Seeds* is a timely call to ensure a more secure future for our seeds and ourselves.

*The Last Crossing* and *The Englishman's Boy* Deftly layered, humane, these stories brilliantly capture the pathos and comedy of the human condition. Following the death of his domineering father, a middle-aged man tries to uncover a truth about their sometimes difficult relationship. When a grade-six teacher tyrannizes a student without apparent reason, the boy learns an unexpected lesson and his young life is changed irrevocably. An elderly widow falls prey to a con artist, revealing what we are capable of sacrificing to appease what we dread the most. A twelve-year-old boy is shunted off to his grandmother's farm and becomes part of an adult world he scarcely understands. A group of high-school students play on a classmate's self-delusions and set up what promises to be the most loaded boxing match ever staged. Whether writing from the point of view of a child, an adolescent, or a man in his seventies, Guy Vanderhaeghe takes us into the lives of his characters with razor-sharp insights

laced with gentle humour.

My Present Age 2010-12-17 Guy Vanderhaeghe Ed is punchy, unemployed, and on the wrong side of thirty. After his exasperated wife,

Victoria, leaves him, Ed finds consolation where he has always found it, in his own rich and eccentric imagination. Pursued by the demons of his own obsession, Ed embarks on a quixotic quest to find Victoria. As he prowls the city's parking garages and motel strips, Ed begins a journey back into his past and is forced - most reluctantly - to confront the web of lies and self-deceptions he has woven to keep reality at bay - until even his fantasies start to turn against him. Keenly observant, humane, and darkly comic, My Present Age is an irresistible story about what happens when an Everyman becomes a casualty of modern life.

The Last Crossing 2010-12-17 Guy Vanderhaeghe Set in the second half of the nineteenth century, in the American and Canadian West and in Victorian England, The Last Crossing is a sweeping tale of interwoven lives and stories Charles and Addington Gaunt must find their brother Simon, who has gone missing in the wilds of the American West. Charles, a disillusioned artist, and Addington, a disgraced military captain, enlist the services of a guide to lead them on their journey across a difficult and unknown landscape. This is the enigmatic Jerry Potts, half Blackfoot, half Scottish, who suffers his own painful past. The party grows to include Caleb Ayto, a sycophantic American journalist, and Lucy Stoveall, a wise and beautiful woman who travels in the hope of avenging her sister's vicious murder. Later, the

group is joined by Custis Straw, a Civil War veteran searching for salvation, and Custis's friend and protector Aloysius Dooley, a saloon-keeper. This unlikely posse becomes entangled in an unfolding drama that forces each person to come to terms with his own demons. The Last Crossing contains many haunting scenes - among them, a bear hunt at dawn, the meeting of a Métis caravan, the discovery of an Indian village decimated by smallpox, a sharpshooter's devastating annihilation of his prey, a young boy's last memory of his mother. Vanderhaeghe links the hallowed colleges of Oxford and the pleasure houses of London to the treacherous Montana plains; and the rough trading posts of the Canadian wilderness to the heart of Indian folklore. At the novel's centre is an unusual and moving love story. The Last Crossing is Guy Vanderhaeghe's most powerful novel to date. It is a novel of harshness and redemption, an epic masterpiece, rich with unforgettable characters and vividly described events, that solidifies his

place as one of Canada's premier storytellers.

The Englishman's Boy 2010-12-17 Guy Vanderhaeghe The Englishman's Boy brilliantly links together Hollywood in the 1920s with one of the bloodiest, most brutal events of the nineteenth-century Canadian West - the Cypress Hills Massacre. Vanderhaeghe's rendering of the stark, dramatic beauty of the western landscape and of Hollywood in its most extravagant era - with its visionaries, celebrities, and dreamers - provides vivid background for scenes of action, adventure, and intrigue. Richly textured, evocative of time and place, this is an unforgettable novel about power, greed, and the pull of dreams that has at its centre the haunting story of a young drifter - "the Englishman's boy"

- whose fate, ultimately, is a tragic one.

Moving from the hilarious farce of teenage romance all the way to the numbing tragedy of life in a ward for incurables, these twelve stories inspire belief, admiration, and enjoyment, and come together to form a vibrant chronicle of human experience from a gifted observer of life's joys and tribulations.
