The Yellow Wallpaper Illustrated 2019-07-03 Charlotte Perkins Gilman The story details the descent of a young woman into madness. Her supportive, though misunderstanding husband, John, believes it is in her best interests to go on a rest cure after experiencing symptoms of "temporary nervous depression". The family spends the summer at a colonial mansion that has, in the narrator's words, "something queer about it". She and her husband move into an upstairs room that she assumes was once a nursery. Her husband chooses for them to sleep there due to its multitude of windows, which provide the air so needed in her recovery. In addition to the couple, John's sister Jennie is present; she serves as their housekeeper. Like most nurseries at the time the windows are barred, the wallpaper has been torn, and the floor is scratched. The narrator attributes all these to children, as most of the damage is isolated to their reach. Ultimately, though, readers are left unsure as to the source of the room's state, leading them to see the ambiguities in the unreliability of the narrator. The narrator devotes many journal entries to describing the wallpaper in the room - its "yellow" smell, its "breakneck" pattern, the missing patches, and the way it leaves yellow smears on the skin and clothing of anyone who touches it. She describes how the longer one stays in the bedroom, the more the wallpaper appears to mutate, especially in the moonlight. With no stimulus other than the wallpaper, the pattern and designs become increasingly intriguing to the narrator. She soon begins to see a figure in the design, and eventually comes to believe that a woman is creeping on all fours behind the pattern. Believing she must try to free the woman in the wallpaper, the woman begins to strip the remaining paper off the wall. After many moments of tension between John and his sister, the story

climaxes with the final day in the house. On the last day of summer, she locks herself in her room to strip the remains of the wallpaper. When John arrives home, she refuses to unlock the door. When he returns with the key, he finds her creeping around the room, circling the walls and touching the wallpaper. She excitedly exclaims, "I've got out at last... in spite of you and Jane", causing her husband to faint as she continues to circle the room, creeping over his inert body each time she passes it, believing herself to have become the personification of the woman trapped behind the yellow wallpaper.

Under New Public Management 2014-09-17 Alison I. Griffith The institutional ethnographies collected in Under New Public Management explore how new managerial governance practices coordinate the work of people doing front-line work in public sectors such as health, education, social services, and international development, and people management in the private sector. In these fields, organizations have increasingly adopted private-sector management techniques, such as standardized and quantitative measures of performance and an obsession with cost reductions and efficiency. These practices of "new public management" are changing the ways in which front-line workers engage with their clients, students, or patients. Using research drawn from Canada, the United States, Australia, and Denmark, the contributors expose how standardized managerial requirements are created and applied, and how they affect the practicalities of working with people whose lives and experiences are complex and unique.

Inside Out & Back Again 2013-03-01 Thanhha Lai Moving to America turns H&A's life inside out. For all the 10 years of her life, H&A has only known Saigon: the thrills of its markets, the joy of its traditions, the warmth of her friends close by, and the beauty of her very own papaya tree. But now the Vietnam War has

reached her home. H&A and her family are forced to flee as Saigon falls, and they board a ship headed toward hope. In America, H&A discovers the foreign world of Alabama: the coldness of its strangers, the dullness of its food, the strange shape of its landscape, and the strength of her very own family. This is the moving story of one girl's year of change, dreams, grief, and healing as she journeys from one country to another, one life to the next.

A miniquiz at the beginning of each chapter pinpoints areas for improvement that you can incorporate into your own Time Management Profile. You'll also find many worksheets to complete throughout the book to help you better manage your busy life.

Designing a World-Class Architecture Firm 2020-04-14 Patrick MacLeamy Offers architects and creative services professionals exclusive insights and strategies for success from the former CEO of HOK. Designing a World Class Architecture Firm: The People, Stories and Strategies Behind HOK tells the history of one of the largest design firms in the world and draws lessons from it that can help other architects, interior designers, urban planners and creative services professionals grow bigger or better. Former HOK CEO Patrick MacLeamy shares the revolutionary strategies HOK's founders deployed to create a brand-new type of architecture firm. He pulls no punches, revealing the triple crisis that almost bankrupted HOK and describes how any firm can survive and thrive. Designing a World Class Architecture Firm tells the inside story of many of HOK's most iconic buildings, including the National Air and Space Museum, Moscone Convention Center, Oriole Park at Camden Yards, the Houston Galleria and the reimagined LaGuardia Airport. Each chapter conveys lessons learned from HOK's successes —and failures— including: The importance of diversifying to depression-and-recession-proof your firm The benefit of organizing your firm around specialized leaders and project types The difference between leading and managing your people The value of simple financial metrics to ensure your firm's health and profitability The "run toward trouble" strategy which prevents problems from ballooning MacLeamy delivers his advice via inspirational stories such as how HOK survived when its home office in St. Louis went up in flames and humorous stories, like the time an HOK executive was mistaken for royalty on a trip to Saudi Arabia. In this tell-all guide, the driven architecture or design professional will find the tools needed to evolve or grow any firm.

File No. 113 2019-07-17T23:19:53Z Émile Gaboriau A bank safe is robbed. Only two men have both the key and the combination to the safe. The police naturally look to the employee rather than the owner of the bank. But Monsieur Lecoq, as always, sees what everyone else misses. Was it one of the two? Or was it a

seemingly-impossible third party? Only Lecoq will be able to determine it. But why doesn't he want his involvement in the case known? Like Gaboriau's two novels before it, File No. 113 is a mystery with a Dickensian tragedy behind it. Men and women of good character, of bad character, and good character who make bad choices abound, and remind us that the best mysteries have great personalities inhabiting them. This book is part of the Standard Ebooks project, which produces free public domain ebooks.
