The Armageddon Factor

2011-04-13 Marci McDonald In her new book, award-winning journalist Marci McDonald draws back the curtain on the mysterious world of the right-wing Christian nationalist movement in Canada and its many ties to the Conservative government of Stephen Harper. To most Canadians, the politics of the United States – where fundamentalist Christians wield tremendous power and culture wars split the country – seem too foreign to ever happen here. But *The Armageddon Factor* shows that the Canadian Christian right – infuriated by the legalization of same-sex marriage and the increasing secularization of society – has been steadily and stealthily building organizations, alliances and contacts that have put them close to the levers of power and put the government of Canada in their debt. Determined to outlaw homosexuality and abortion, and to restore Canada to what they see as its divinely determined destiny to be a nation ruled by Christian laws and precepts, this group of true believers has moved the country far closer to the American mix of politics and religion than most Canadians would ever believe. McDonald's book explores how a web of evangelical far-right Christians have built think-tanks and foundations that play a prominent role in determining policy for the Conservative government of Canada. She shows how Biblical belief has allowed Christians to put dozens of MPs in office and to build a power base across the country, across cultures and even across religions. "What drives that growing Christian nationalist movement is its adherents' conviction that the end times foretold in the book of Revelation are at hand," writes McDonald. "Braced for an impending apocalypse, they feel impelled to ensure that Canada assumes a unique, scripturally ordained role in the final days before the Second Coming – and little else." *The Armageddon Factor* shows how the religious right's influence on the Harper government has led to hugely important but little-known changes in everything from foreign policy and the makeup of the courts to funding for scientific research and social welfare programs like daycare. And the book also shows that the religious influence is here to stay, regardless of which party ends up in government. For those who thought the religious right in Canada was confined to rural areas and the west, this book is an eye-opener, outlining to what extent the corridors of power in Ottawa are now populated by true believers. For anyone who assumed that the American religious right stopped at the border, *The Armageddon Factor* explains how US money and evangelists have infiltrated Canadian politics. This book should be essential reading for Canadians of every religious belief or political stripe. Indeed, *The Armageddon Factor* should persuade every Canadian that, with the growth of such a movement, the future direction of the country is at stake.

Censored 2020

2019-10-08 Andy Lee Roth In the midst of Trump's attacks on the media, comes this look at the rigorous, independent reporting of the year's most underreported news stories. While the country's president displays a brazen disregard for the First Amendment and routinely demonizes the press as "the enemy of the people," *Censored 2020* looks beyond Donald Trump's dizzying contempt for the truth to clarify the corporate media's complicity in misinforming the American public--while also providing a clear vision of a better future, based

on rigorous, trustworthy independent reporting that presents a fuller picture of truth. With a discerning eye, *Censored 2020* focuses the public's attention on the most important but underreported news stories of 2018-2019. These stories expose the corporate news media's systemic blind spots while highlighting the crucial role played by independent journalists in providing the kind of news necessary for informed, engaged citizens. The book also examines this year's lowlights in "junk food news" and "news abuse"--further revealing how corporate news often functions as propaganda--as well as highlights of exemplary organizations that champion "Media Democracy in Action." Additional chapters address the importance of constructive journalism, the untold story of Kashmir, news coverage of LGBTQ issues in the Trump era, "fake news" as a Trojan horse for censorship, and online memes as a form of political communication.

Soft Computing Applications and Techniques in Healthcare

2020-10-09 Ashish Mishra This book provides insights into contemporary issues and challenges in soft computing applications and techniques in healthcare. It will be a useful guide to identify, categorise and assess the role of different soft computing techniques for disease, diagnosis and prediction due to technological advancements. The book explores applications in soft computing and covers empirical properties of artificial neural network (ANN), evolutionary computing, fuzzy logic and statistical techniques. It presents basic and advanced concepts to help beginners and industry professionals get up to speed on the latest developments in soft computing and healthcare systems. It incorporates the latest methodologies and challenges facing soft computing, examines descriptive, predictive and social network techniques and discusses analytics tools and their role in providing effective solutions for science and technology. The primary users for the book include researchers, academicians, postgraduate students, specialists and practitioners. Dr. Ashish Mishra is a professor in the Department of Computer Science and Engineering, Gyan Ganga Institute of Technology and Sciences, Jabalpur, Madhya Pradesh, India. He has contributed in organising the INSPIRE Science Internship Camp. He is a member of the Institute of Electrical and Electronics Engineers and is a life member of the Computer Society of India. His research interests include the Internet of Things, data mining, cloud computing, image processing and knowledge-based systems. He holds nine patents in Intellectual Property, India. He has authored four books in the areas of data mining, image processing and LaTeX. Dr. G. Suseendran is an assistant professor, Department of Information Technology, School of Computing Sciences, Vels Institute of Science, Technology & Advanced Studies (VISTAS), Chennai, Tamil Nadu, India. His research interests include ad-hoc networks, the Internet of Things, data mining, cloud computing, image processing, knowledge-based systems, and Web information exploration. He has published more than 75 research papers in various international journals such as Science Citation Index, Springer Book Chapter, Scopus, IEEE Access and UGC-referred journals. Prof. Trung-Nghia Phung is an associate professor and Head of Academic Affairs, Thai Nguyen University of Information and Communication Technology (ICTU). He has published more than 60 research papers. His main research interest lies in the field of speech, audio, and biomedical signal

processing. He serves as a technical committee program member, track chair, session chair, and reviewer of many international conferences and journals. He was a co-Chair of the International Conference on Advances in Information and Communication Technology 2016 (ICTA 2016) and a Session Chair of the 4th International Conference on Information System Design and Intelligent Applications (INDIA 2017).

The Big Book of Farm Tractors

2001 Robert N. Pripps *The Big Book of Farm Tractors* is the first large-format volume to chronicle the entire timeline of American farm tractors, from the steam power of the 1850s to the current offerings from New Holland, AGCO, John Deere, Caterpillar, and more. Detailed descriptions of tractors especially significant to the period, short essays on events defining the times, personal vignettes, collectibles, sales memorabilia, ads from old farm magazines, and old black & white photos of farm scenes make this a complete look at one of America's greatest innovations. Whether you're someone who has farmed, or someone simply with a love of the land, this book will give you a new perspective on the enormous influence of the tractor upon the American farm and culture.

From Temple to Museum

2017-10-05 Salila Kulshreshtha Religious icons have been a contested terrain across the world. Their implications and understanding travel further than the artistic or the aesthetic and inform contemporary preoccupations. This book traces the lives of religious sculptures beyond the moment of their creation. It lays bare their purpose and evolution by contextualising them in their original architectural or ritual setting while also following their displacement. The work examines how these images may have moved during different spates of temple renovation and acquired new identities by being relocated either within sacred precincts or in private collections and museums, art markets or even desecrated and lost. The book highlights contentious issues in Indian archaeology such as renegotiating identities of religious images, reuse and sharing of sacred space by adherents of different faiths, rebuilding of temples and consequent reinvention of these sites. The author also engages with postcolonial debates surrounding history writing and knowledge creation in British India and how colonial archaeology, archival practices, official surveys and institutionalisation of museums has influenced the current understanding of religion, sacred space and religious icons. In doing so it bridges the historiographical divide between the ancient and the modern as well as socio-religious practices and their institutional memory and preservation. Drawn from a wide-ranging and interdisciplinary study of religious sculptures, classical texts, colonial archival records, British travelogues, official correspondences and fieldwork, the book will interest scholars and researchers of history, archaeology, religion, art history, museums studies, South Asian studies and Buddhist studies.

Fight gc2400 and gc2600 series brochure massey ferguson. Zara had always yearned to embark on a international expedition, but she never envisioned that she would stumble upon a hidden civilization. Driven by an unwavering desire to uncover the truth behind her fathers disappearance, she joined an expedition to the enigmatic Amazon rainforest. Her father, a renowned explorer, had vanished while seeking the legendary city of Z, leaving behind a legacy of adventure. Zara, inheriting his indomitable spirit and a journal brimming with maps and cryptic notes, was determined to unravel the mysteries that had captivated her father. As she ventured deeper into the heart of the rainforest, Zara discovered that she was not alone in her quest. A ruthless treasure hunter, harboring a deep-seated grudge against her father, was also hot on the trail of Z. Obsessed with claiming the citys secrets for himself, he would stop at nothing to achieve his malevolent goals. Zara found herself caught in a hazardous race against time, forced to rely on her fearlessness and astuteness to unravel the truth about Z and her fathers fate. Yet, amidst the thrilling twists and turns of her adventure, Zara also had to confront the mysteries of her own heart, as she found herself drawn to a enigmatic native guide, whose knowledge seemed to extend far beyond what he revealed. On the brink of embarking on the most exciting yet dangerous journey of her life, Zara was about to embark on a transformative odyssey that would forever alter her path.

Eva had always been intrigued by the realm of magic, but she never imagined that she would uncover her own witchcraft. She had spent her childhood in a typical family, living in a quaint town, devoid of any signs of the supernatural. However, on her sixteenth birthday, her life took an unexpected turn. A enigmatic package arrived, sent by her grandmother, who had departed years ago. Within the package lay an timeworn leather-bound book, its cover adorned with the inscription, "The Book of Shadows". As Eva opened the book, a surge of power coursed through her veins. She realized that the book held the hidden mysteries of her familys magical lineage, and that she was the last descendant of a long line of powerful witches. But she also discovered that she was not alone. There were others like her, individuals who possessed similar abilities, and some of them sought to wield their

magic for evil purposes. Eva faced a pivotal decision: embrace her destiny as a witch and delve into the world of sorcery, or reject her newfound powers and continue living her life as she had always known it. Regardless of her choice, she knew that her life would forever be changed beyond recognition from that moment forward.
