## Secrets of the Baby Whisperer

2001-06-01 Tracy Hogg "TRACY HOGG HAS GIVEN PARENTS A GREAT GIFT—the ability to develop early insight into their child's temperament." —Los Angeles Family When Tracy Hogg's *Secrets of the Baby Whisperer* was first published, it soared onto bestseller lists across the country. Parents everywhere became "whisperers" to their newborns, amazed that they could actually communicate with their baby within weeks of their child's birth. Tracy gave parents what for some amounted to a miracle: the ability to understand their baby's every coo and cry so that they could tell immediately if the baby was hungry, tired, in real distress, or just in need of a little TLC. Tracy also dispelled the insidious myth that parents must go sleepless for the first year of a baby's life—because a happy baby sleeps through the night. Now you too can benefit from Tracy's more than twenty years' experience. In this groundbreaking book, she shares simple, accessible programs in which you will learn:

- E.A.S.Y.—how to get baby to eat, play, and sleep on a schedule that will make every member of the household's life easier and happier.
- S.L.O.W.—how to interpret what your baby is trying to tell you (so you don't try to feed him when he really wants a nap).
- How to identify which type of baby yours is—Angel, Textbook, Touchy, Spirited, or Grumpy—and then learn the best way to interact with that type.
- Tracy's Three Day

Magic—how to change any and all bad habits (yours and the baby's) in just three days. At the heart of Tracy's simple but profound message: treat the baby as you would like to be treated yourself. Reassuring, down-to-earth, and often flying in the face of conventional wisdom, *Secrets of the Baby Whisperer* promises parents not only a healthier, happier baby but a more relaxed and happy household as well.

## The Baby Whisperer Solves All Your Problems

2010-05-11 Tracy Hogg The *Baby Whisperer* gives new parents everything they need to tackle the challenges of sleep, eating habits, tantrums, growth issues, and more! *The Baby Whisperer Solves All Your Problems* is an in-depth look at the most challenging issues faced by parents of babies and young children today. The book goes beyond the basics introduced in her first two books, becoming a compendium of specific and targeted parenting strategies. Each chapter tackles a different topic, from teaching babies to sleep, feeding techniques, potty training, and much more. Hogg will also discuss her two new *Baby Whispering* concepts, which are being patient and conscious and learning to detect "prime times"—windows of opportunity for sleep training,

introducing bottles (in breast-fed babies), sippy cups, toilet training, and much more. Once you learn how to translate language, the “baby-language” your infant uses to communicate needs, feelings, and opinions, you can see your child for who he or she really is—an understanding that will serve you well as your child blossoms into the toddler years. By helping you establish a daily routine and tailor your parenting strategies according to your child’s unique personality and stage of development, Tracy will teach you how to:

- Employ the Twelve Principles of Problem Solving—simple troubleshooting techniques for everyday situations
- Avoid, or remedy, accidental parenting—inadvertent adult behavior that often leads to such common parenting challenges as sleep problems, poor eating habits, separation anxiety, and tantrums
- Identify windows of opportunity for teaching babies how to get to sleep on their own, introducing bottles to breast-fed babies, toilet training, and other growth issues

For Tracy’s fans, this book will be a welcome addition to the Hogg library; for readers unfamiliar with her philosophy of care, it will open a new world of understanding and insight.
