La balia

2019-03-20 Nova Lee Maier Costretta a letto in seguito al difficile parto della sua prima figlia, Didi accoglie con gioia l'assistenza di Hennequin, l'infermiera di maternità che aiuta la famiglia nei dieci giorni successivi alla nascita. La convalescenza lunga e dolorosa rende Didi sempre più dipendente dalle attenzioni della donna. Ma le intenzioni di quest'ultima non sono quelle che sembrano: Hennequin nasconde un terribile segreto che affonda le radici in un lontano passato, e adesso è decisa a chiudere il cerchio. Una persona, però, sembra intuire il suo mistero: è Miriam, sua cognata e giovane poliziotta di Rotterdam che, con l'aiuto di un

detective americano, porta alla luce dettagli inimmaginabili sul suo conto. Miriam sospetta che la donna sia in realtà una pericolosa psicopatica e comincia a pedinarla. Quando scopre che lavora a casa di Didi, capisce che Hennequin sta nascondendo un piano diabolico... Riuscirà la tenace e instancabile poliziotta a comprendere e ostacolare le inquietanti intenzioni di Hannequin? Fragilità, forza di volontà e sete di vendetta si fondono in un intenso romanzo psicologico ricco di tensione e colpi di scena.

Riflessi - PDF

Viene spontaneo collegare, oggigiorno, la parola riflesso e il suo plurale, riflessi, a una mera

condizione di specularità, una vera e propria conformità alla nostra immagine esteriore. Vi è tuttavia un significato più profondo e che indica nel riflesso la capacità di un essere vivente di avere una risposta automatica, istintiva, ad un impulso che proviene dall'esterno. Trasлата questa definizione fisiologica sul piano poetico-letterario, si può quindi affermare che Riflessi non si limita a esporre graficamente una traduzione di vissuti, bensì a mostrare come ogni autore sia un coacervo emozionale ed esperienziale che, nel riflettere nella e della scrittura, espone la propria relazione tra sé e il mondo. Solo così il riflesso può trasformarsi in una mediazione, ovvero nell'atto della Riflessione, da intendere, seguendo le parole di Freud, come «l'appropriazione del nostro sforzo per esistere e del nostro desiderio d'essere» non solo nello hic et nunc, ma nel tempo infinito e discreto del comporre poetico.

Disaster in the Early Modern World

2023-11-17 Ovanes Akopyan How did early modern societies think about disasters, such as earthquakes or floods? How did they represent disaster, and how did they intervene to mitigate its destructive effects? This collection showcases the breadth of new work on the period ca. 1300-1750. Covering topics that range from new thinking about risk and securitisation to the protection of dikes from shipworm, and with a geography that extends from Europe to Spanish America, the volume places early modern disaster studies squarely at the intersection of intellectual, cultural and socio-economic history. This period witnessed fresh speculation on nature, the diffusion of disaster narratives and imagery and unprecedented attempts to control the physical world. The book will be essential to specialists and students of environmental history and disaster, as well as general readers who seek to discover how pre-industrial societies addressed some of the same foundational issues we grapple with today.

Culture e religioni in dialogo

2019-05-10T00:00:00+02:00 AA. VV. Il volume raccoglie gli interventi proposti in occasione della IV edizione delle Giornate di archeologia e storia del Vicino e Medio Oriente, organizzate a Milano il 4 e 5 maggio 2018 su iniziativa di Fondazione Terra Santa, Studium Biblicum Franciscanum e Veneranda Biblioteca Ambrosiana. L'iniziativa ha affrontato quattro grandi temi. A padre Michele Piccirillo, il grande archeologo francescano scomparso nell'ottobre 2008, è stata dedicata la sessione di apertura: confratelli, colleghi e collaboratori ne hanno ripercorso l'avventura umana e professionale a dieci anni dalla morte. Il secondo tema ("La diversità culturale come strumento di dialogo e coesione sociale") è stato affrontato attraverso una serie di contributi interdisciplinari: dall'intreccio di archeologia e politica al progetto "Libri Ponti di Pace", dal tema delle

montagne sacre all'alfabeto armeno, elemento costitutivo dell'identità di un popolo. Sono stati altresì presentati il progetto del Terra Sancta Museum a Gerusalemme e un lavoro di archeologia virtuale sulla Basilica di Betlemme. La terza parte è interamente dedicata agli 800 anni di presenza francescana in Terra Santa. Da ultimo, la sessione "Dialogo tra culture e religioni nella promozione della pace" si è occupata di Siria, di Avicenna e di Gerusalemme, vero cuore del dialogo tra le fedi. The Truth About Grace

2018-04-03 Vinson Synan Often the modern grace message gives people a license to disregard the clear moral teachings of Jesus and the apostles. Churches around the globe teach a lawless grace and direct many to make choices of convenience and compromise. Consequently Christianity loses public credibility as so-called leaders of faith fall into adultery, child abuse, alcoholism, financial corruption, and many other sins. This is the great crisis of the twenty-first-century church, and respected theologian Vinson Synan says it's time to bring it to light. Featuring perspectives of leaders from a range of cultural, pastoral, and theological backgrounds, *The Truth About Grace* opens the discussion to more than a dozen scholarly contributors, tackling topics such as grace and the security of the believer; grace versus works; and tongues as a manifestation of grace. Synan brings you the key voices on this hot topic, from hyper-grace critic Michael Brown to Singaporean pastor Joseph Prince, whom some

consider a leading voice in the hyper-grace movement. *The Truth About Grace* will help you discern the unbiblical excesses in the modern grace message while growing in understanding of the true nature and purpose of grace.

Sedad Hakki Eldem. An aristocratic architect and more

2018-03-26 Serena Acciai Il volume è dedicato all'opera teorica e costruita di Sedad Hakki Eldem. Nell'ambito di un filone di ricerca sul Mediterraneo e sulla sua capacità di unire i principi di insediamento, il libro si focalizza sulla capacità dell'antico di produrre progetto, applicata alla vicenda di Sedad Hakki Eldem, figura centrale dell'architettura turca del Novecento e colui che più di tutti ha cercato con il suo lavoro di dare all'architettura moderna turca un carattere vernacolare. Il libro studia

l'opera dell'architetto turco attraverso i temi chiave della costruzione della città, come l'analisi dei monumenti e delle case, e affronta inoltre il tema del viaggio, del lascito di Eldem alla città di Istanbul e del suo rapporto con la casa turco-ottomana letta come riferimento primario per la moderna architettura turca.

Political Fellini

2015-10-01 Andrea Minuz Federico Fellini is often considered a disengaged filmmaker, interested in self-referential dreams and grotesquerie rather than contemporary politics. This book challenges that myth by examining the filmmaker's reception in Italy, and by exploring his films in the context of significant political debates. By conceiving Fellini's cinema as an individual expression of the nation's "mythical biography," the director's most celebrated themes and images — a nostalgia for childhood, unattainable female figures, fantasy, the circus, carnival — become symbols of Italy's traumatic

modernity and perpetual adolescence.

Theology at the University of Pretoria - 100 years: (1917-2017) Past, present and future

2017-12-01 Dirk J. Human In this scholarly book, a century's theology presented by the Faculty of Theology at the University of Pretoria, is celebrated. All authors are academics or research associates of the University of Pretoria. A historical and futuristic overview with perspectives from the past, present and future, are examined. The past is not only portrayed by means of societal and scientific contributions and achievements, but the authors also reflect on malfunctions, ill behaviour and disappointments of church and theology, presented at the University of Pretoria within the South African context over 100 years. The book commences with a chapter in which institutional transformation is discussed, as well as the changes that demonstrate the role of the

Faculty of Theology within a secular state university. It includes an explanation of the importance of research impact, research productivity and research reputation. Among various discipline indicators, the category Theology and Religion Studies plays a significant role in the measurement of world university rankings of universities. With regard to scientific and encyclopaedic content, the book focuses on the theological disciplines presented in the academic curricula: first the biblical sciences (Old and New Testament Studies), then the historical disciplines (Systematic Theology, Church History and Church Polity), and finally the practical disciplines (Practical Theology, Science of Religion and Missiology). The role of Religion Studies in a newly established Faculty of Theology and Religion not only enhances the diversity of interreligious tolerance and an atmosphere of dialogue, but it serves as platform to interconnect with the fields of Humanities, Social and Natural Sciences and other academic

disciplines. In the conclusive part of the book, contributions highlight the role of the centres in the Faculty (Centre for Contextual Ministry and Centre for Sustainable Communities), as well as the continental and international footprints of the two theological journals whose title ownership is attached to the Faculty of Theology of the University of Pretoria, namely HTS Theological Studies and Verbum et Ecclesia. The methodology comprised in all the chapters amounts to a literature and contextual study. Since the book describes the histories of formal academic departments, these texts are of a descriptive, interpretative and critical character. Reference is made in some chapters to exegetical methods, like the historical critical methods. The target audience of the book is academic scholars and theologians, who specialise in the different fields of Theology, the Humanities and other Social Sciences. The book is also accessible to scholars of other academic disciplines outside these disciplines. The book

comprises original research by several authors and is not plagiarised from other scientific publications of this nature.

Afonia

2009-12-01 Renzo Bertoldo "Trovò il cadavere di suo padre che galleggiava prono. Di quell'acqua non parlò più, e io smisi di chiedergli che fine avesse fatto il rammento musicale che la evocava. La morte iniziò presto a far sentire la sua voce e a toglierci la nostra. Quella fu la prima volta che ci provò. Poco tempo dopo, sua madre impazzì e scomparve. Il suo corpo non fu mai più ritrovato. Passò molto tempo, prima che le gambe di 'Ndrezoi riprendessero la strada del fiume e il suo volto si riappropriasse dello specchio sulle acque."
