The Liberators

2010-03-16 Michael Hirsh At last, the everyday fighting men who were the first Americans to know the full and horrifying truth about the Holocaust share their astonishing stories. Rich with powerful never-before-published details from the author's interviews with more than 150 U.S. soldiers who liberated the Nazi death camps, The Liberators is an essential addition to the literature of World War II—and a stirring testament to Allied courage in the face of inconceivable atrocities. Taking us from the beginnings of the liberators' final march across Germany to V-E Day and beyond, Michael Hirsh allows us to walk in their footsteps, experiencing the journey as they themselves experienced it. But this book is more than just an in-depth account of the liberation. It reveals how profoundly these young men were affected by what they saw—the unbelievable horror and pathos they felt upon seeing "stacks of bodies like cordwood" and "skeletonlike survivors" in camp after camp. That life-altering experience has stayed with them to this very day. It's been well over half a century since the end of World War II, and they still haven't forgotten what the camps looked like, how they smelled, what the inmates looked like, and how it made them feel. Many of the liberators suffer from what's now called post-traumatic stress disorder and still experience Holocaust-related nightmares. Here we meet the brave souls who—now in their eighties and nineties—have chosen at last to share their stories. Corporal Forrest Robinson saw masses of dead bodies at Nordhausen and was so horrified that he lost his memory for the next two weeks. Melvin Waters, a 4-F volunteer civilian ambulance driver, recalls that a woman at Bergen-Belsen "fought us like a cat because she thought we were taking her to the crematory." Private Don Timmer used his high school German to interpret for General Dwight Eisenhower during the supreme Allied commander's visit to Ohrdruf, the first camp liberated by the Americans. And Phyllis Lamont Law, an army nurse at Mauthausen-Gusen, recalls the shock and, ultimately, "the hope" that "you can save a few." From Bergen-Belsen in northern Germany to Mauthausen in Austria, The Liberators offers readers an intense and unforgettable look at the Nazi death machine through the eyes of the men and women who were our country's witnesses to the Holocaust. The liberators' recollections are historically important, vivid, riveting, heartbreaking, and, on rare occasions, joyous and uplifting. This book is their opportunity, perhaps for the last time, to tell the world.

How to Free Your Mind

2013-07-09 Thubten Chodron Tara, the feminine embodiment of enlightened activity, is a Buddhist deity whose Tibetan name means "liberator," signaling her ability to free beings from the delusion and ignorance that keep them trapped in ever-recurring patterns of negativity. She embodies a challenge, but one that is profoundly nurturing: to transform our minds and become like her, reflecting the tranquility, compassion, and wisdom that make her so beautiful. Thubten Chodron describes a simple meditation on Tara, explaining its benefits and its application to daily life. She also presents two well-loved praises—"Homage to the Twenty-one Taras" and "A Song of Longing for Tara, the Infallible"—together with reflections on their meanings for modern practitioners.

Cinderella Liberator

2019-05-07 Rebecca Solnit "What would the world look like if girls grew up reading fairytales made from the magic they carry inside themselves? Breathtakingly beautiful, is what." —Lidia Yuknavich, national bestselling author In her debut children's book, Rebecca Solnit reimagines a classic fairytale with a fresh, feminist Cinderella and new plot twists that will inspire young readers to change the world, featuring gorgeous silhouettes from Arthur Rackham on each page. In this modern twist on the classic story, Cinderella, who would rather just be Ella, meets her fairy godmother, goes to a ball, and makes friends with a prince. But that is where the familiar story ends. Instead of waiting to be rescued, Cinderella learns that she can save herself and those around her by being true to herself and standing up for what she believes. "Being a princess is absolutely fine if that's what you choose. It's having those choices taken away from you that make for big problems. Cinderella in Solnit's book is given that choice. She's allowed to say what her dreams are, and then she goes out and attains them. And they're not huge ridiculous dreams but small, happy, manageable ones. Ultimately, that's the gift Ms. Solnit is giving kids with this book."

—School Library Journal "This is a reminder of hope and possibility, of kindness and compassion, and—perhaps most salient—imagination and liberty. Through the imaginations of our childhoods, can we find our true selves liberated in adulthood?" —Chelsea Handler "This is, hands down, a wonderful book—one that even the jaded reader will clasp upon completion with a contented sigh." —The New York Times

The Magical Language of Others: A Memoir

2020-01-07 E. J. Koh Winner of the Pacific Northwest Booksellers Association Award and the Washington State Book Award in Biography/Memoir Named One of the Best Books by Asian American Writers by Oprah Daily Longlisted for the PEN Open Book Award The Magical Language of Others is a powerful and aching love story in letters, from mother to daughter. After living in America for over a decade, Eun Ji Koh's parents return to South Korea for work, leaving fifteen-year-old Eun Ji and her brother behind in California. Overnight, Eun Ji finds herself abandoned and adrift in a world made strange by her mother's absence. Her mother writes letters in Korean over the years seeking forgiveness and love—letters Eun Ji cannot fully understand until she finds them years later hidden in a box. As Eun Ji translates the letters, she looks to history—her grandmother Jun's years as a lovesick wife in Daejeon, the loss and destruction her grandmother Kumiko witnessed during the Jeju Island Massacre—and to poetry, as well as her own lived experience to answer questions inside all of us. Where do the stories of our mothers and grandmothers end and ours begin? How do we find words—in Korean, Japanese, English, or any language—to articulate the profound ways that distance can shape love? The Magical Language of Others weaves a profound tale of hard-won selfhood and our deep bonds to family, place, and language, introducing—in Eun Ji Koh—a singular, incandescent voice.

The Liberators (World War II, Book 4)

2015-08-25 Chris Lynch Chris Lynch concludes his gritty, thoughtful, and critically acclaimed WWII fiction series -- providing entirely new insight into "The Good War." The US Marines Corps is home to some of the roughest, toughest combatants in World War II. Their courage and daring are legendary. And the best of the best -- the boldest among them -- are joining the Corps' elite new paratrooper combat unit. As Paramarines, they'll be expected to do everything a typical Marine does... and do it while skydiving. Nick Nardini knows that he's destined to become a Paramarine. He also knows that he has to convince his best friend, Zachary Klecko, to sign up too. Nardini and Klecko used to be inseparable, ever since they met in kindergarten, but recently they've been drifting apart. Fighting in the same battalion -- and jumping out of the same planes -- seems to Nardini like a surefire way to restore their bond and come out of the war stronger than ever. The Axis powers, however, may have other ideas...

Creation Set Free

2005-11-23 Sigurd Bergmann In view of the destruction of the sources of life, ecology is no longer a marginal issue. In "Creation Set Free," Sigurd Bergmann creatively rethinks the discipline of theology in light of the ecological crisis. He is concerned throughout to see the cosmos as something involved in redemption rather a mere stage for the human salvific drama. After critically and constructively summarizing previous initiatives toward an ecological theology, Bergmann opens up an extraordinary dialogue between these initiatives and church father Gregory of Nazianzus. Through the neglected topics of sociality, motion, suffering, and the Spirit, the author brings to light Gregorybs thought on the liberation of creation. Finally, Bergmann connects ecological issues and patristic tradition with contemporary liberation theology.

Happiness liberators english edition pdf pdf. Star Wars that Transformed History

It was the time 23, and the globe stood at the edge of battle. The United States and PRC, the two global powers, were entangled in a intense competition, contending for supplies, influence, and control. They had both engineered sophisticated armaments, including laser weapons, unmanned aerial vehicles, and orbiters, that could attack any place, any time. They had also clandestinely constructed orbital stations, which could fire nuclear missiles, that can obliterate the world. They were set to employ them, if at all necessary. But they were not alone. There existed a third power, a hidden force, which had observing them, waiting for them both, getting ready for them. They were the extraterrestrials, and they had arrived to prevent them both.
