“Analyzing Casual Conversation” by Suzanne Eggins and Diana Slade, originally released in 1997, develops a systematic model for the study and depiction of casual conversation in English. The writers assert that despite its at times aimless seeming and apparently unstructured material, casual conversation is a extremely structured undertaking and plays a critical part in the social building of reality. The book goes through authentic samples of casual conversations including participants varying in age, gender, ethnicity, and socio-economic class¹². Deriving on insights from sociology, linguistics, and critical semiotics, the book

equips readers with the analytical skills to describe the layers of structure and critical interpretive frameworks to clarify the 'social work' that occurs on through chat.
