Female Celebrity and Ageing 2016-04-29 Deborah Jermyn **Female Celebrity and Ageing:** Back in the Spotlight interrogates the myriad ways in which celebrity culture constructs highly visible ideologies of femininity and ageing, and how ageing female celebrities have negotiated the media in a variety of industrial, historical and national contexts. In the era when the ‘baby boomers’ have started drawing their pensions, the boundaries of what constitutes ‘old age’ have never seemed more fluid, and ageing has never been presented by advertisers and marketers in a more dynamic fashion. However, the fact remains that ageing is still widely feared, and growing old is an inherently gendered process, in which ageing women are paradoxically both rendered invisible and subjected to damning scrutiny. Nowhere is this conflicting state of affairs more evident than in celebrity culture, where ageing female stars are praised for ‘growing old gracefully’ one moment, and condemned for ‘letting themselves go’ the next, when they fail to age ‘appropriately’. Examining a variety of themes and ageing women in the spotlight, from Barbara Stanwyck to Madonna to Charlotte Rampling, the essays collected here forge new critical and conceptual insights into how women grow older in the media, and the implications of this for what Susan Sontag memorably called “the double standard of ageing”. This book is based on a special issue of *Celebrity Studies*.

Backing into the Spotlight 2017-10-26 Michael Whitehall 'Backing into the Spotlight is a hilarious and an unashamedly non-PC memoir . . . Now in his eighth decade, Whitehall is a fine raconteur, gloriously unreconstructed and still deeply suspicious of modernity' Daily Mail Standing in front of a full-length mirror in my dressing room at ITV studios, waiting to go on to the set of Backchat, I had a brief conversation with my reflection. 'Michael, what the f*** do you think you're doing?' Theatrical agent Michael Whitehall spent a career pushing others into the spotlight. He had been involved behind the scenes with the careers of many prominent actors, including Colin Firth, Richard Griffiths, Daniel Day-Lewis, Tom Courtenay, Ian Ogilvy, Judi Dench, Edward Fox, Michael Fassbender, Angela Thorne and Nigel Havers. But then, much to his surprise, his son Jack becomes a successful comedian and actor and decides that his new comedy partner should be his father. Whitehall Snr. finds himself reluctantly appearing on stage and then television, cast as the archetypal grumpy old man and thrust, in his early seventies, into a whole new career in front of the camera. Minor fame comes at a sedate pace: one of the highlights being a record £300,000 win for charity with Jack on Channel 4's The Million Pound Drop. In this enchanting memoir Whitehall looks back on his life, from growing up in suburban London in the 1940s and '50s with his saintly father and social climbing-mother, who coined the phrase ‘à la carte’ to describe people who were posher than she was and whose company she craved, to falling into a career as a successful theatrical agent and producer. As he says, 'Actors can be egotistical, greedy and vain, but they're not half as bad as agents and producers.' Charming, gossipy and above all very funny, Backing Into The Spotlight is no ordinary show business memoir.

How to Survive Family Holidays 2021-10-14 Jack Whitehall 'Screamingly funny...a splendidly effervescent and enjoyable book' Daily Mail One part Lonely Planet, one part tell-all family memoir, this is the definitive and hilarious guide on how to survive family holidays. No one has more experience of travelling together than the Whitehalls. They've given us a window into their escapades in the hit Netflix show, Travels With My Father, and in this brilliantly funny book they've pooled their advice for fellow travellers. In doing so they are sharing some of their best anecdotes, their most extreme experiences and their most valuable advice. It's part memoir of family life, part travel guide and full on, laugh-out-loud funny.

Special Economic Zones in India 2016-07-14 Arpita Mukherjee This book examines India’s ten years of experience developing Special Economic Zones (SEZs) and the performance of SEZs in the context of India’s growing international engagement, its endeavours to attract domestic and foreign investment in manufacturing and services and its aim to increase and diversify exports of goods and services. SEZs are industrial enclaves/clusters within a country that receive certain incentives and business facilitation benefits that are not generally available to the rest of the country. To facilitate private and foreign investment in SEZs, India introduced the SEZ policy in 2000, which was followed by the SEZ Act in 2005. After ten years under the Act, India now has one of the largest number of approved SEZs in the world and its SEZ policy remains heatedly debated, with a number of studies arguing both for and against it. Given this background, the book also identifies the challenges faced by SEZs in India and offers policy recommendations on how to make the SEZs an engine for India’s economic growth and development that can more effectively link the country’s manufacturing and services sectors to global value chains.

Radical Markets 2019-10-08 Eric A. Posner Revolutionary ideas on how to use markets to achieve fairness and prosperity for all Many blame today's economic inequality, stagnation, and political instability on the free market. The solution is to rein in the market, right? Radical Markets turns this thinking on its head. With a new foreword by Ethereum creator Vitalik Buterin and virtual reality pioneer Jaron Lanier as well as a new afterword by Eric Posner and Glen Weyl, this provocative book reveals bold new ways to organize markets for the good of everyone. It shows how the emancipatory force of genuinely open, free, and competitive markets can weaken the dormant nineteenth-century spirit of liberal reform and lead to greater equality, prosperity, and cooperation. Only by radically expanding the scope of markets can we reduce inequality, restore robust economic growth, and resolve political conflicts. But to do that, we must replace our most sacred institutions with truly free and open competition—Radical Markets shows how.

A Quiet Word 2014-03-06 Tamasin Cave Q. What's worth £2,000,000,000, answers to no-one and operates out of public sight? A. Britain's influence industry The corporate takeover of democracy is no conspiracy theory - it's happening, and it affects every aspect of our lives: the food we eat, the places we live, the temperature of our planet, how we spend our money and how our money is spent for us. And much more. A Quiet Word shows just how effectively the voice of public interest is being drowned out by the word in the ear from the professional persuaders of the lobbying industry. And if you've never heard about them, that's because the most effective lobbying goes unnoticed. A Quiet Word shines the brightest of lights into one of the darkest and least-understood corners of our political culture. It is essential, urgent, authoritative reading for anyone interested in our democracy and where this country is heading. And by showing how influence is constructed, it puts power back in your hands.

Michael Borremans: Fire from the Sun 2018-05-22 Michael Borremans The first in a series of small-format publications devoted to single bodies of work, Fire from the Sun highlights Michaël Borremans's new work, which features toddlers engaged in playful but mysterious acts with sinister overtones and insinuations of violence. Known for his ability to recall classical painting, both through technical mastery and subject matter, Borremans's depiction of the uncanny, the perhaps secret, the bizarre, often surprises, sometimes disturbs the viewer. In this series of work, children are presented alone or in groups against a studio-like backdrop that negates time and space, while underlining the theatrical atmosphere and artifice that exists throughout Borremans's recent work. Reminiscent of cherubs in Renaissance paintings, the toddlers appear as allegories of the human condition, their archetypal innocence contrasted with their suggested deviousness. In his accompanying essay, critic and curator Michael Bracewell takes an in-depth look into specific paintings, tackling both the highly charged subject matter and the masterly command of the medium. He writes, “The art of Michaël Borremans seems always to have been predicated on a confluence of enigma, ambiguity, and painterly poetics—accosting beauty with strangeness; making historic Romanticism subjugate to mysterious controlling forces that are neither crudely malevolent nor necessarily benign.” Published on the occasion of Borremans's eponymous exhibition at David Zwirner in Hong Kong, this publication is available in both English-only and bilingual English/traditional Chinese editions.

How to Be a Muslim 2017-06-06 Haroon Moghul A searing portrait of Muslim life in the West, this “profound and intimate” memoir captures one man’s struggle to forge an American Muslim identity (Washington Post) Haroon Moghul was thrust into the spotlight after 9/11, becoming an undergraduate leader at New York University’s Islamic Center forced into appearances everywhere: on TV, before interfaith audiences, in print. Moghul was becoming a prominent voice for American Muslims even as he struggled with his relationship to Islam. In high school he was barely a believer and entirely convinced he was going to hell. He sometimes drank. He didn’t pray regularly. All he wanted was a girlfriend. But as he discovered, it wasn’t so easy to leave religion behind. To be true to himself, he needed to forge a unique American Muslim identity that reflected his beliefs and personality. How to Be a Muslim reveals a young man coping with the crushing pressure of a world that fears Muslims, struggling with his faith and searching for intellectual forebears, and suffering the onset of bipolar disorder. This is the story of the second-generation immigrant, of what it’s like to lose yourself between cultures and how to pick up the pieces.

Mac OS X Tiger Killer Tips 2005-08-08 Scott Kelby **Tips rule!** Have you ever noticed that in just about every Mac book, the author will include a couple of tips in each chapter (you'll usually find them in the sidebar, or at the bottom of the page in a tinted box). Sometimes it's a shortcut, a faster way to do something, or a clever workaround that just makes your life easier. People really love those tips, but there's only one problem--there's never enough of them. That's why Scott Kelby, bestselling author and Editor-in-Chief of Mac Design magazine came up with the idea to create a book that's nothing but sidebar tips. That's right--this entire book, cover-to-cover is packed with nothing but those cool inside secrets, slick workarounds, undocumented shortcuts, and sneaky little tricks that will make you faster, better, and have more fun using Mac OS 10.4 (Tiger). Nothing but the tips! You're not going to find complicated descriptions on how to configure a network, how to partition a hard drive, or lines and lines of scary-looking UNIX code--instead this book is nothing but cool tips--and it's all written in Scott's casual, plain English style so you can start using these tips today. Plus, this book does the standard "sidebar tip" one better by including a clear screen capture with nearly every tip, so you can see exactly how it's all done. Not just tips. Killer tips! To be in this book, every tip has got to be a "Killer Tip" (the kind of tip that makes you nod and smile, then call all your Mac buddies to tune them up with your new-found power). Scott's a total "hip hound" (in fact, it was Scott who created the entire smash-bestselling "Killer Tips" book series), and he doesn't hold anything back--it's all here from the man who literally "wrote the book" on cool productivity tips. If you like doing things the easy way, if you like getting twice the work done in half the time, and if you get a kick out of knowing all the "inside secrets and undocumented shortcuts" that will wow your friends and coworkers, you're absolutely going to love this book.

Education to Build Back Better 2022 Fernando M. Reimers This open access book examines the implications of the COVID-19 Pandemic for education systems and argues that major education reforms will be necessary, particularly in the Global South, to address the learning loss caused by the pandemic. To inform those reforms, knowledge about the implementation reforms in the Global South is necessary, and such knowledge is seriously lacking as the existing literature on the implementation of educational change focused primarily in reforms in countries in the Global North. This book contributes to address this gap by examining five major education reforms in India, Egypt, Taiwan, Vietnam, and Senegal, and by presenting two novel approaches to climate change education using a bottoms up strategy of reform. The chapters examine the implementation process drawing on a theoretical model of educational change by Reimers (published in Educating Students to Improve the World by Springer in 2020). The book concludes discussing the implementation of such reforms as an evolutionary and learning process, characterized by four dimensions: the goals of the reform, the drivers of the reform, the reform strategy, and the mindsets about educational change which undergird the implementation strategy.

Memories That Smell Like Gasoline 2014-06-03 David Wojnarowicz Autobiographical stories and drawings by the artist and AIDS activist featured in the new documentary by Chris McKim. For most of his life, David Wojnarowicz considered himself the ultimate outsider and a true invisible man. "I'm a blank spot in a hectic civilization," he writes in this fierce and unforgettable collection of four blistering autobiographical pieces, illustrated with his own arresting ink drawings. Wojnarowicz, who died of AIDS in New York City at the age of thirty-seven, left behind a body of work that was staggering in its variety and originality. Painter, writer, photographer, performance artist, and filmmaker, he made an indelible mark on virtually every stage of the national arts scene. Yet nowhere does his anger, love, or compassion show itself as strongly as in his writing, which earned a Lambda Literary Award and prompted critics to call him the Jack Kerouac of his generation. The horrors of Wojnarowicz's past inform his literature—his years spent as a child prostitute and living homeless on the New York streets, his outspoken, very public battle against the disease that would eventually take his life, and the entrenched government bureaucracy that sat by and did nothing. The world as seen through Wojnarowicz's eyes in these four masterful short works is stark, cruel, and cold—and yet gloriously alive, ennobled by surprising acts of heartrending humanity. Memories That Smell Like Gasoline is a celebration of sorts: of sex, of love, of art, and of having truly lived.

The Everything Store 2013-10-15 Brad Stone The authoritative account of the rise of Amazon and its intensely driven founder, Jeff Bezos, praised by the Seattle Times as “the definitive account of how a tech icon came to life.” Amazon.com started off delivering books through the mail. But its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless selection and seductive convenience at disruptively low prices. To do so, he developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. The Everything Store is the revealing, definitive biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read.

Ale, Beer, and Brewsters in England 1996-11-07 Judith M. Bennett Women brewed and sold most of the ale consumed in medieval England, but after 1350, men slowly took over the trade. By 1600, most brewers in London were male, and men also dominated the trade in many towns and villages. This book asks how, when, and why brewing ceased to be women's work and instead became a job for men. Employing a wide variety of sources and methods, Bennett vividly describes how brewsters (that is, female brewers) gradually left the trade. She also offers a compelling account of the endurance of patriarchy during this time of dramatic change.

Hillbilly Elegy 2018-05-01 J. D. Vance **The #1 NEW YORK TIMES BESTSELLER IS NOW A MAJOR-MOTION PICTURE DIRECTED BY RON HOWARD AND STARRING AMY ADAMS, GLENN CLOSE, AND GABRIEL BASSO** “You will not read a more important book about America this year.”—The Economist “A riveting book.”—The Wall Street Journal “Essential reading.”—David Brooks, New York Times Hillbilly Elegy is a passionate and personal analysis of a culture in crisis—that of white working-class Americans. The disintegration of this group, a process that has been slowly occurring now for more than forty years, has been reported with growing frequency and alarm, but has never before been written about as searingly from the inside. J. D. Vance tells the true story of what a social, regional, and class decline feels like when you were born with it hung around your neck. The Vance family story begins hopefully in postwar America. J. D.’s grandparents were “dirt poor and in love,” and moved north from Kentucky’s Appalachia region to Ohio in the hopes of escaping the dreadful poverty around them. They raised a middle-class family, and eventually one of their grandchildren would graduate from Yale Law School, a conventional marker of success in achieving generational upward mobility. But as the family saga of Hillbilly Elegy plays out, we learn that J.D.’s grandparents, aunt, uncle, sister, and, most of all, his mother struggled profoundly with the demands of their new middle-class life, never fully escaping the legacy of abuse, alcoholism, poverty, and trauma so characteristic of their part of America. With piercing honesty, Vance shows how he himself still carries around the demons of his chaotic family history. A deeply moving memoir, with its share of humor and vividly colorful figures, Hillbilly Elegy is the story of how upward mobility really feels. And it is an urgent and troubling meditation on the loss of the American dream for a large segment of this country.

All My Life 2011-09-13 Susan Lucci "See that moon up there? You can reach that high. Never be afraid because you can be anything you want to be." Susan Lucci was only five years old when her father shared these encouraging words with her. They inspired the highly imaginative child who loved make-believe to craft one of the most enduring characters in television history, an achievement that would earn her a record twenty-one Emmy nominations—the most for an

actor in the award's history—and the crown as “Leading Lady of Daytime.” When Lucci and All My Children were introduced to the world in 1971, American television changed forever. Susan’s character, the beautiful, spirited, and mercurial Erica Kane, was an original—the first vixen viewers loved to hate. But while millions have enjoyed getting to know Erica’s many sides—and have been awed at how this character has continually remade herself—the woman who plays her has remained a mystery. In her long-awaited memoir, this very private actress, wife, mother, daughter, grandmother, sister, friend, and entrepreneur pulls back the curtain to reveal her story. Susan, like Erica Kane, has undergone a metamorphosis many times. All My Life shares the stories of those transformations: starring in roles on television and stage, where she took Broadway not just by storm but “by tsunami” as one critic raved about her performance in Annie Get Your Gun; mounting successful cabaret acts (solo and with Regis Philbin); bringing art and joy back to New York in the wake of 9/11; conquering the tango with Tony Dovolani on ABC’s hit show Dancing with the Stars; and building a successful career as an entrepreneur with a signature line of products. Susan goes beyond her success to talk about the darker moments, too, including the childhood guilt she harbored over the death of her dear grandmother, the car accident that nearly took away her career and her eyesight, her newborn son’s life-threatening illness, coping with her husband’s cancer, and the pain of miscarriage—one of the many parallels between her Erica Kane. As charming, down-to-earth, and compelling as the woman whose story it tells, All My Life shines a spotlight on one of our most popular stars and reminds us of the power of dreams and how we can find the courage and tenacity to make them come true.

Deep in the Heart of Texas 2016-09-28 Texas A. Steady My name is Texas and this is my story. The daughter of a Southern Baptist pastor, I ran away from home when I was 17. For 28 years I traveled a path that took me to places from which few return. Unhealthy relationships and unbridled lusts corrupted my view of freedom and left me cornered in addiction–financed by crafty manipulation and drug dealing. My tainted knowledge of love and polluted desire for escape kept me on a treacherous treadmill that continually fed the heartache of those I loved. But, through it all, the One who loved me unconditionally remained. This is my unvarnished account of the years I spent running and what brought that season to its redeeming end.

The Mystery of the Missing Diamond

It was a gloomy and stormy night. The downpour was falling heavily, and the breeze was roaring. In the center of the town, there was a exhibition, where a invaluable diamond was on display. The diamond was known as the African Star, and it was the largest and most gorgeous diamond in the globe. It was secured by a sophisticated security setup, and a team of weaponized guards. No one could rob it, or so they believed. But an individual did. Somebody managed to circumvent the protection, to avoid the guards, to break the glass, and to take the diamond. And no one saw them, no one overheard them, no one identified who they were. They exited no trace, no hint, no evidence. They vanished into the darkness, with the African Star. And the enigma of the lost diamond started.
