Dunn, the test is made to evaluate vocabulary comprehension for Standard American English. It is fast and easy to carry out, preserving precious time so that focus can be put on executing effective interventions.

The PPVT-4 test content includes a broad range of vocabulary comprehension grades, spanning from preschool through adulthood. The assessment problems broadly include words that represent 20 content domains (e.g., actions, vegetables, tools), speech parts (nouns, verbs, attributes), and household and school vocabulary.

The book proceeds through authentic samples of casual conversations entailing participants differing in age, gender, ethnicity, and socio-economic class¹². Deriving on insights from sociology, linguistics, and critical semiotics, the work provides readers with the analytical skills to describe the layers of structure and critical interpretive structures to elucidate the 'social work' that happens on through chat.
