2020-04-07 Laura Prepon "[Prepon] returns to the written word with this heartfelt, honest look at motherhood, styled as both informative guidebook and raw memoir." —Entertainment Weekly When actor, director, and author Laura Prepon first became a mother, she felt raw, full of stress, and blindsided. She sought out resources to help navigate this huge life transition, but only found books about childcare with almost nothing on the shelves about momcare. So, Laura decided to write the book she was looking for. *You and I, as Mothers: A Raw and Honest Guide to Motherhood* is part memoir, part handbook, as Laura digs into her own unconventional upbringing and investigates

how it shaped her as a person and as a mother, with intimate stories and never-before-shared anecdotes brought forth in an effort to understand our collective experience as mothers. ### *Mark O. Hatfield*

2021-07-08 Richard W. Etulain In a career in public office spanning five decades, Mark Odom Hatfield (1922-2011) never lost an election. First elected to the Oregon House of Representatives in 1950, he retired from political office in 1997 after serving as Oregon state senator, secretary of state, and governor and as United States senator for five terms. He was arguably the state's most important politician, but his brand of liberal-to-moderate Republicanism has long since vanished from the political stage. Mark O. Hatfield: Oregon Statesman tells Hatfield's story—as an Oregonian, a politician, and a man of practical vision, deep convictions, and far-reaching consequence in the civic life of the state and the nation. A lifelong evangelical Christian and Republican—per his mother's fondest wishes—and politically inclined from a young age, Hatfield came to office after studying and teaching political science and observing firsthand the ravages of war in the Pacific and

the cruelty of segregation at home. Historian Richard W. Etulain portrays Hatfield as an energetic young Republican legislator in a state becoming increasingly Democratic. He pushed civil rights legislation, supported laborers as well as business interests, and struck a balance that would align him with moderates even as the party's conservative wing became ascendant. Elected in 1958 as Oregon's youngest-ever governor, Hatfield went on to become the first in the twentieth century to hold that office for two terms, using his tenure to streamline the state's executive branch and promote Oregon as a prime destination for business and tourism—efforts that quickly earned him a place on the national stage. Etulain focuses on Hatfield as a force in Oregon state politics but also examines his long tenure as a U.S. senator, garnering attention early for his stance against the Vietnam War and later for his antinuclear position. The private life, the public figure, the man of faith and family, of an older West and the new: this biography, while compact, captures Mark Hatfield in full, as a major western politician of the twentieth century.

### *It Takes a Tribe*

2017-09-12 Will Dean "Who on earth wants to jump into ice baths and run through fire and wallow in mud on a Sunday afternoon, just for the hell of it?" my professors asked. My gut feeling was—plenty of people. Will Dean, founder of extreme obstacle course Tough Mudder, shares the thrilling inside story of how a scrappy startup grew into a movement whose millions of members feel like co-owners. He shows how other companies can embrace the Tough Mudder playbook by nurturing tribes of passionate fans while constantly experimenting with new risks. After five years as a British counterterrorism officer and two years at Harvard Business School, Dean was determined not to follow his classmates to Wall Street or Silicon Valley. Instead, he pursued his unique vision for an extreme obstacle course—a ten- to twelve-mile gauntlet pushing participants to their limits and helping them surpass those limits together. Instead of cutthroat competition, Tough Mudder would be about continual self-improvement and collective energy. It would be about the power of a tribe. Dean and his small

team launched the first Tough Mudder event in May 2010, hosting 5,000 pioneers at a deserted ski resort in Pennsylvania. Just seven years later, more than 3 million people on four continents have participated at least once, and hundreds of thousands have done so repeatedly. More than 20,000 are so committed that they sport a Tough Mudder tattoo. Mudders prove the power of fierce and unshakable loyalty to one another and the challenge itself. Proudly sporting orange headbands and team uniforms, they'll run through mud, climb steep walls, face electric shocks, and slide down the side of a mountain. The tougher the experience, the greater the satisfaction. It Takes a Tribe shows you how to embody the Tough Mudder spirit and capture the same magic. As a Tough Mudder slogan says, "When was the last time you did something for the first time?"

### Life as We Knew it

2008 Susan Beth Pfeffer I guess I always felt even if the world came to an end, McDonald's still would be open. High school sophomore Miranda's disbelief turns to fear in a split second when an asteroid knocks the moon closer to Earth, like "one marble hits another." The result is catastrophic. How can her family prepare for the future when worldwide tsunamis are wiping out the coasts, earthquakes are rocking the continents, and volcanic ash is blocking out the sun? As August turns dark and wintery in northeastern Pennsylvania, Miranda, her two brothers, and their mother retreat to the unexpected safe haven of their sunroom, where they subsist on stockpiled food and limited water in the warmth of a wood-burning stove. Told in a year's worth of journal entries, this heart-pounding story chronicles Miranda's struggle to hold on to the most important resource of all--hope--in an increasingly desperate and unfamiliar world. An extraordinary series debut Susan Beth Pfeffer has written several companion novels to Life As We Knew It, including The Dead and the Gone, This World We Live In, and The Shade of the Moon.

### Parenting Matters

---

2016-11-21 National Academies of Sciences, Engineering, and Medicine Decades of research have demonstrated that the parent-child dyad and the environment of the family--which includes all primary caregivers--are at the foundation of children's well-being and healthy development. From birth, children are learning and rely on parents and the other caregivers in their lives to protect and care for them. The impact of parents may never be greater than during the earliest years of life, when a child's brain is rapidly developing and when nearly all of her or his experiences are created and shaped by parents and the family environment. Parents help children build and refine their knowledge and skills, charting a trajectory for their health and well-being during childhood and beyond. The experience of parenting also impacts parents themselves. For instance, parenting can

enrich and give focus to parents' lives; generate stress or calm; and create any number of emotions, including feelings of happiness, sadness, fulfillment, and anger. Parenting of young children today takes place in the context of significant ongoing developments. These include: a rapidly growing body of science on early childhood, increases in funding for programs and services for families, changing demographics of the U.S. population, and greater diversity of family structure. Additionally, parenting is increasingly being shaped by technology and increased access to information about parenting. Parenting Matters identifies parenting knowledge, attitudes, and practices associated with positive developmental outcomes in children ages 0-8; universal/preventive and targeted strategies used in a variety of settings that have been effective with parents of young children and that support the identified knowledge, attitudes, and practices; and barriers to and facilitators for parents' use of practices that lead to healthy child outcomes as well as their participation in effective programs and services. This report makes recommendations directed at an array of stakeholders, for promoting the wide-scale adoption of effective programs and services for parents and on areas that warrant further research to inform policy and practice. It is meant to serve as a roadmap for the future of parenting policy, research, and practice in the United States.

faced with the challenge of running Columbia, which had been founded in 1937 by her father — a Jewish immigrant who had fled Hitler's Germany. Boyle and her son Tim persevered, turning a company that in 1970 had forty employees and less than 800,000 in annual sales into the leading seller of skiwear in the United States, with more than 2000 employees and over a billion in annual sales. Along the way, thanks in part to a creative marketing campaign that billed her as "one tough mother," Boyle established herself as an industry icon, and the first woman ever inducted into the International Sporting Goods Hall of Fame. One Tough Mother presents an honest and often irreverent account of Boyle's journey from a childhood in Nazi Germany to incredible success in America. She offers insights into succeeding in business and in life, and shares many of the advertisements and strategies that have made her so recognizable.
