Lighting the Eye of the Dragon

2013-10-29 Jessica Eckstein Today the art of Feng Shui, once shrouded in secrecy and superstition, is taking on new life as a powerful, practical method for enhancing one's career, health and personal growth. Unfortunately, these techniques, as taught in the U.S.A., tend to be filled with incomplete, incorrect and unnecessarily complex information. Now Dr. Baolin Wu, renown Feng Shui practitioner and living master of the complete cannon of Taoist arts, presents publicly, for the first time, the inner teachings of the White Cloud Monastery in Beijing, as passed to him from a 1,000 year old oral tradition. Unlike other books on Feng Shui, this volume explains the inner reasons behind many common placement techniques, as well as detailing the exceptional meditation and Qi Gong exercises that have until now been held as hereditary secrets of the White Cloud monastery.

Feng Shui for Architecture

2004 Simona Manini Feng Shui for Architecture is an easy-to-use manual to incorporate Scientific Feng Shui into the design, renovation, and decorating of your home. The final goal is to support your well-being, as well as your family's, in all aspects of life. It is also particularly useful during a real estate pre-acquisition inspection, for it offers examples of bad Feng Shui (to avoid), good Feng Shui (to desire), and how to correct any overall problems. This will help you to evaluate the kind of investment to be made and to make the property Feng Shui proof (as well as decide if you want to either buy it or pass on it). The only book on the market written by an architect, interior designer, and Feng Shui expert who has over 20 years of expertise in the fields of architectural planning, design, and Scientific Feng Shui Mastery, Feng Shui for Architecture is largely the result of answering frequent questions that have arisen over the years by concerned Feng Shui and Interior Architecture students in classes taught by the author as well as addressing common issues brought up by professional architects, designers, and clients with whom the author has consulted with during the development of hundreds of projects (and whom are also the same people who encouraged her to write this book). Editorial Reviews "Dr. Simona Mainini has an astonishing ability to interpret and install ancient Chinese formulas in such a way that they change lives today. Her discipline and precision in a field not often distinguished by these qualities is both unique and world class." Richard Ashworth Author of The Feng Shui Diaries Editor-in-Chief of The Journal of the Feng Shui Society "Dr. Mainini is one of those few, wonderful people who have managed to weld together the strict disciplines of architectural practice with the aesthetics and philosophies of the ancient Chinese traditions of Feng Shui. Readers can be assured that what she writes is not founded just on theory alone, but sound, practical experience." Derek Walters Author of The Feng Shui Handbook & The Complete Guide to Chinese Astrology "Feng Shui for Architecture is an excellent guide for both the Feng Shui professional and layperson. You can benefit from the knowledge presented here and use it to make your environment as harmonious as possible." Larry Sang Author of The Principles of Feng Shui President & Founder of The American Feng Shui Institute "Feng Shui for Architecture has been extremely inspirational to me and many of my students at the School of Architecture and Urbanism at the University of Sao Paulo (Brazil). We are very impressed with Dr. Mainini's knowledge and experience. She brings a new pattern to design and architecture." Maria Cecilia Loschiavo dos Santos, PhD Author of Movel Moderno no Brasil Professor, Design Department, University of Sao Paulo, Brazil "The title and subtitle promises a lot-- and this book delivers even more! Dr. Mainini has done a fabulous job organizing and explaining-- in a clear, precise manner-- the principles of Feng Shui and the ancient Chinese art of placement for good energy flow as it applies to the spaces in which we live and work. Not only is this book great for the preparation of buildings, it is also extremely useful even if you are only searching for an energetically superior apartment, house, or office space to rent. If you are looking for an invaluable source of Feng Shui information to help bring harmony to your living and working space and your life, this is a book for you. I applaud Dr. Mainini for the publishing of this, her first book, and highly recommend it to those who want to learn more about this most fascinating modality of healing. A+!" Taoist Feng Shui

1999-12-01 Susan Levitt • The first book to explain how feng shui developed from the Taoist systems of astrology, yin and yang, and the five elements. • Provides a background on Taoist philosophy to help readers better understand the principles of feng shui and how to use them

properly. • Helps readers improve home, business, garden, property, neighborhoods, and much more. The Chinese art of feng shui has become extremely popular in the West, but too often advice on the subject consists of overly simplistic instructions for rearranging one's house without any explanation of the profound philosophical system behind these changes. The ancient Taoists developed feng shui from their understanding of the subtle interplay of energies that make up the universe, and no true mastery of feng shui is possible without a knowledge of Taoism. Taoist Feng Shui provides step-by-step guidelines for improving your home, business, garden, property, and neighborhood using this ancient system of knowledge. In Taoist Feng Shui, Susan Levitt traces the history of feng shui and shows how it is grounded in knowledge of yin and yang and the five Taoist elements of fire, earth, metal, water, and wood, as well as many other principles essential to Taoism. Once a background in Taoism is established, readers can better understand the philosophy behind concepts such as choosing the best colors for each room of the home, room-by-room furniture placement, yin and yang balance, correct lighting, outdoor landscaping, the function of hallways and entrances, and the proper use of mirrors, crystals, fountains, and other feng shui tools. With in-depth examples from the author's private feng shui practice, Taoist Feng Shui can help all readers transform their personal environments to create peace, harmony, health, wealth, and good fortune.
