

Down Syndrome (RLI) teaches language and literacy skills following evidence-based principles adapted to meet the children's specific learning needs. It is designed for pupils with Down syndrome aged 5 to 11 years. The intervention is suitable for beginning readers through to those with reading ages up to 8 years and for students with a wide range of language abilities. Teaching is adapted to meet individual needs through initial assessments of skills and regular monitoring of progress. Together with two accompanying DVDs illustrating teaching techniques and a CD of resources, the handbook offers teachers and teaching assistants the detailed guidance, assessment tools and example teaching materials needed to implement the intervention.
