The Complete Guide to High-End Audio Robert Harley 2015 An updated edition of what many consider the "bible of high-end audio" In this newly revised and updated fifth edition, Robert Harley, editor in chief of the Absolute Sound magazine, tells you everything you need to know about buying and enjoying high-quality hi-fi. With this book, discover how to get the best sound for your money, how to identify the weak links in your system and upgrade where it will do the most good, how to set up and tweak your system for maximum performance, and how to become a more perceptive and appreciative listener. Just a few of the secrets you will learn cover high-end sound on a budget, how to do it cheap and still do it right; five system set-up mistakes and how to avoid them; how to make your speakers sound up to 50% better, at no cost; how to choose and set up a computer-based music system; how to find the one speaker in 50 worth owning; and why all 100-watt amplifiers don't sound the

same. Since the first edition's publication in 1994, *The Complete Guide to High-End Audio* has been considered the essential reference on high-quality music reproduction, with more than 150,000 copies sold in five languages.

Car Audio For Dummies Doug Newcomb 2008-04-14 Thinking about a knockout audio system for your car? Not sure what you need, want, or can afford? Car Audio For Dummies is a great place to find some answers! But wait — what if speakers that vibrate your floorboards don't turn you on? What if you're thinking more about hands-free phone access and a DVD player to entertain the kids? Surprise! Car Audio For Dummies can give you a hand there, too. Whether you want to feel as if your favorite band is performing right on top of your dashboard or you want to keep the soccer team entertained on the way to the tournament, this friendly guide can help. From planning your system and buying components to getting them installed and protecting your investment, you'll find plenty of wise advice. Get the scoop on: Figuring out what kind of equipment you need to do what you want Identifying good sound quality when you hear it Adding components to a factory system Choosing a video player, hands-free phone system, amplifiers, speakers, and more Finding a reliable installer (today's automotive electronics systems are so complex that you probably won't want to go it alone) Understanding warranties and returns Protecting and insuring your system Car Audio For Dummies is sort of like that knowledgeable friend you want to take along when you tackle a project like this. Sounds like a good idea, doesn't it?

Digital Buying Guide 2004 Consumer Reports 2003-09-16 Moore's Law states that computer speed will double every eighteen months, and so far, it's true. Computer speeds have been accelerating relentlessly and show little signs of slowing. That's good news, as computers can be used for everything from letter-writing to managing personal finances, and can be the entre to the Internet, giving access to e-mail and hundreds of millions of sites. But your computer can also be the linchpin for scores of other digital equipment: cameras, camcorders, scanners, printers, game boxes, and more. It is also the place where you store, swap, copy, or alter photos, graphics, songs, and games in progress. Given all this, Consumer Reports' expert advice in the 2004 edition of Digital Buying Guide is indispensable. The volume covers: -Shopping for essential services such as Internet providers -Getting off to the right start in digital imaging -Valuable buying guidance on desktops, laptops, PDAs, monitors, printers, fax machines, cameras, scanners, MP3 players, and more -Brand-name Ratings you'll only get from Consumer Reports, plus a comprehensive glossary and profiles of the major home-computer and home-office brands.

The Buying Guide 2004 Consumer Reports 2003-11-29 Whatever your shopping style - diligent researcher, casual browser, or determined time saver - "Consumer Reports" is there with its all-new 2004 edition of "The Buying Guide," Trusted product reviews, comparisons, test results and Ratings of over 800 products combined with the expertise of "Consumer Reports" will help you in making your buying decisions for the entire year.

Consumer Product Innovation and Sustainable Design Robin Roy 2015-10-23 Consumer Product Innovation and Sustainable Design follows the innovation and evolution of consumer products from vacuum cleaners to mobile phones from their original inventions to the present day. It discusses how environmental concerns and legislation have influenced their design and the profound effects these products have had on society and culture. This book also uses the lessons from the successes and failures of examples of these consumer products to draw out practical guidelines for designers, engineers, marketers and managers on how to become more effective at product development, innovation and designing for environmental sustainability.

Essential Digital Video Handbook Pete May 2005-08-15 The digital video revolution has blurred the lines between professional and amateur equipment, with some Hollywood movies being shot and edited using the same technology that families use for their vacation footage. With sales of digital video cameras and computer-based editing systems skyrocketing, more and more people are seeing the potential and are anxious to advance their own personal video production skills to a higher level. The Essential Digital Video Handbook will help you, the beginner and budding professional become a better writer, producer, director, photographer, and editor. Author Pete May's sound advice and no-nonsense approach will help you achieve results that will wow audiences whether they're gathered in the family room or the corporate boardroom. The Essential Digital Video Handbook takes the you through every step of the process, from buying the right equipment to editing footage. This book shares tips on achieving professional quality results by understanding and exploiting visual language, both by initially following the rules and then by breaking them with style and confidence.

Videographers will also learn to sound like professionals by understanding and speaking the language of the business. Instead of narrowly focusing on just the latest equipment and technology, May uses lessons he learned during twenty-five years in the television business to drill down to the most important stuff: the principles that don't change, and the tricks behind making videos that document, entertain, train, motivate, persuade, satisfy, and even have the ability to make money.

Buying Guide 2001 Consumer Reports Books Editors 2000-11 This compact book contains the best buying advice from "Consumer Reports" along with expert strategies for finding many products at the best prices. Includes advice for shopping online, by mail order, or in stores; lab test results; and a preview of the 2001 model-year vehicles.

The Bloomsbury Handbook of Radio Kathryn McDonald 2023-01-26

The Bloomsbury Handbook of Radio presents exciting new research on radio and audio, including broadcasting and podcasting. Since the birth of radio studies as a distinct subject in the 1990s, it has matured into a second wave of inquiry and scholarship. As broadcast radio has partly given way to podcasting and as community initiatives have pioneered more diverse and innovative approaches so scholars have embarked on new areas of inquiry. Divided into seven sections, the Handbook covers: - Communities - Entertainment - Democracy - Emotions - Listening - Studying Radio - Futures The Bloomsbury Handbook of Radio is designed to offer academics, researchers and practitioners an international, comprehensive collection of original essays written by a combination of well-established experts, new scholars and industry practitioners. Each section begins with an introduction by Hugh Chignell and Kathryn McDonald, putting into context each contribution, mapping the discipline and capturing new directions of radio research, while providing an invaluable resource for radio studies.
