I Know I'm a Witch David A Adler 2012-10-01 The heroine of this story is convinced that she is a real witch. After checking her calendar and noting that it is Aunt Ruby's birthday, the girl predicts both a visit to the less-than-loved relative and that her cat won't be allowed to go (without admitting that these events occur each year). For her next trick, the little witch prevents a thunderstorm (and disarmingly invokes her spells against a backdrop of clear blue skies, which in no way diminishes her feat). Her potion to make Aunt Ruby stop pinching cheeks and serving stale cookies is foiled when Aunt Ruby announces that she is not thirsty. With irrefutable logic, Adler's witch stakes her claim to spells and enchantment that happen to be disguised as ordinary events. Children will be charmed by her arguments and

by Stevenson's childlike, colorful drawings, which lend a note of informal gaiety to this cute story. Ages 5-8.

I Will Chomp You! Jory John 2015-08-04 STOP RIGHT THERE. Don't move a muscle, buster. Stay out of this book or I WILL CHOMP YOU! So says the not-so-fierce inhabitant of *I Will Chomp You!*, a tale of deception, greed . . . and cake! In their funny read-aloud, Jory John and Bob Shea bring a fresh twist to a time-tested blueprint as their little monster threatens, reasons, and pleads with readers to go no further in the book because he will NOT share his beautiful, delicious cakes. Children will identify with the monster's high valuation of his possessions, and (importantly) will laugh at the silly measures he takes to protect them. "A monster's reign of terror begins even before the title page: "HEY. GO AWAY." Turn to the title page and there the monster waits, blue-skinned and angry-eyed: "I WILL CHOMP YOU!" As the reader turns the pages, the monster's direct-address threats increase: "If you turn any more pages...I WILL CHOMP YOU, BUSTER!" Another page turn and the monster is even angrier: "NOW QUIT IT!" Until finally, "HEY! I'm warning you! You've been officially WARNED! CHOMP!" Unfortunately for the monster, the reader is just too fast, and its chomp misses the mark. The monster proceeds to bite, yell, and barrel its way through the pages, repeatedly trying to halt-by-chomping the reader from reaching its secret hidden in the back pages of the book (psst, it's cake). This book, written entirely as monster monologue, is all bright colors and sharp edges, creating a feeling of temper-tantrum immediacy that matches the silly-angry words. Shea's illustrations are bold but not too busy, giving the impression of fast movement and strong emotions, and the striped shirt-wearing monster is lovable in an ankle-biting kind of way. The fast pace, funny faces, and silly secret make this a great read-aloud." — Siân Gaetano THE HORN BOOK

Then one night, Andrew discovers that all of the monsters he's drawn have disappeared from the pages.

"Berlan's first book is peppered with jaunty verbs; her chipper, descriptive text provides amusing assistance in vivifying these eponymous creatures." —Publishers Weekly

Mr. Wuffles! David Wiesner 2013-10-01 In a near wordless masterpiece that could only have been devised by David Wiesner, a cat named Mr. Wuffles doesn't care about toy mice or toy

goldfish. He's much more interested in playing with a little spaceship full of actual aliens—but the ship wasn't designed for this kind of rough treatment. Between motion sickness and damaged equipment, the aliens are in deep trouble. When the space visitors dodge the cat and take shelter behind the radiator to repair the damage, they make a host of insect friends. The result? A humorous exploration of cooperation between aliens and insects, and of the universal nature of communication involving symbols, "cave" paintings, and gestures of friendship. A Caldecott Honor book.
