iPad Survival Guide: Step-by-Step User Guide for Apple iPad: Getting Started, Downloading FREE eBooks, Using eMail, Photos and Videos, and Surfing Web Toly K 2011-01-01 The iPad Survival Guide organizes the wealth of knowledge about the iPad into one place, where it can be easily accessed and navigated for quick reference. Unlike the official iPad manual, the survival guide is not written like a book in paragraph form. Instead, every instruction is broken down into clear and concise steps. The iPad Survival Guide provides useful information not discussed in the iPad manual, such as tips and tricks, hidden features, troubleshooting advice, as well as advice on how to solve various Wi-Fi issues. You will also learn how to download FREE games and FREE eBooks, how to PRINT right from your iPad, and how to make VOICE CALLS with the use of a simple application. Whereas the official iPad manual is stagnant, this guide goes above and beyond by discussing recent known issues and solutions that may be currently available. This information is constantly revised for a complete, up-to-date manual. This iPad guide includes: Getting Started: - Button Layout - Before First Use - Navigating the Screens - Setting Up Wi-Fi - Setting Up an Email Account - Using Email - Setting Up Your Email Application - Logging In to the Application Store - Photos and Videos - Using iTunes to Import Videos - Sending Pictures via Email - Setting a Picture as Wallpaper - Viewing a Slideshow - Importing Pictures Using iPhoto - Importing Pictures Using a PC - Viewing a Video - Using Skype for Voice Calls and Text Messages Advanced topics: - Downloading Free Applications - Downloading Free Books - Adding Previously Purchased and Free eBooks to iBooks app - Using the Kindle Reader for iPad - Using the iBooks Application - Turning On VoiceOver - Printing Directly from the iPad - Printing Web Pages - Moving a Message to Another Mailbox or Folder - Changing the Default Signature - Setting the Default Account -

Changing How You Receive Email - Saving a Picture or Attachment - Managing Contacts - Using Safari Web Browser - Blocking Pop-Up Windows - Managing Applications - Setting a Passcode Lock - Changing Keyboard Settings - Tips and Tricks - Maximizing Battery Life - Solving WiFi issues - Troubleshooting

Nook Simple Touch Survival Guide: Step-by-Step User Guide for the Nook Simple Touch eReader: Getting Started, Downloading FREE eBooks, and Surfing the Web Using the Hidden Web Browser Toly K 2012-01-14 While the Nook Simple Touch is somewhat similar to the original Nook, its infrared touchscreen makes for a completely different reading experience. The Nook Simple Touch Survival Guide provides you with tips and tricks you can use upon unboxing your new eReader. This guide sorts through all of the unnecessary clutter of the official manual and gives you task-based instructions. Instead of learning which buttons perform which functions, you will learn how to use those buttons to navigate your Nook to buy, read, and mark up your eBooks. Instead of presenting an arbitrary table of gestures you can use on the touchscreen, this book shows you where those gestures are needed by integrating them into the tasks you are doing. Additionally, each set of step-by-step instructions is accompanied by a set of detailed screenshots to help you to confirm that you are on the right track. By reading this book, you will unlock hidden secrets, such as downloading FREE eBooks and surfing the web using the hidden web browser on your Nook Simple Touch. The reference material given in this guide is constantly updated, never stagnant. The next time Barnes and Noble releases a software update, simply re-download this eBook to get the latest version. This Nook guide includes: Getting Started: - Button Layout - Performing First-Time Setup - Connecting the Nook to a PC or Mac - Setting Up Wi-Fi - Looking Up Words in the Built-In Dictionary - Buying eBooks through the Barnes and Noble Store - Subscribing to Magazines and Newspapers - Cancelling Subscriptions - Adding bookmarks and notes - Viewing periodicals Advanced topics: - Using the Wishlist - Lending eBooks - Downloading thousands of free eBooks - Managing eBook Shelves - Archiving eBooks - Setting the Screensaver - Transferring downloaded eBooks to the Nook - List of Nook-friendly websites that save you time typing in long URL addresses - Shortcuts and tips - Conserving Battery Life - Registering Your Nook - Book browsing tips - Using the Hidden Web Browser - Troubleshooting - Live Nook support telephone numbers

Notjohn's Guide to E-Book Formatting N. J. Notjohn 2017-01-01 The self-publisher's bible! In this clear and entertaining ten-step guide, now in its eighth edition, a prolific American author tells how he formats his books using free software for upload to online bookstores. The secret, he explains, is to use the universal "epub" format to create a single e-book file that will be accepted by every digital retailer, from Amazon.com through Barnes & Noble, the Apple iBookstore, and smaller booksellers like the Canada-based Kobo. "Most beginners write their books in Word or Open Office," Notjohn says, "and then they up to upload the same document for conversion to an e-book. Sometimes it works; more often it doesn't, because these programs litter the file with hidden formatting. The result can be a disaster." Instead, the word-processing document should be converted to clean

HTML, the markup language used to create a web page. (All e-books are web pages at heart, and the Kindle and other e-book readers are just special-purpose web browsers.) The conversion from document to HTML file takes seconds. It can then be plugged into a simple template that Notjohn includes in this Guide and also makes available on his blog for anyone to use. He also supplies a style sheet to format the book for best appearance on the Kindle, Fire tablet, the various Kindle apps, as well as on competing tablets and e-book readers. If all else fails, there's Plan B: a stripped-down template for novels and for non-fiction that consists mostly of text. He concludes with a chapter on how best to present your e-book on the Kindle platform, with hints on encrypting the book, copyrighting it, and pricing it for the greatest return. And new this year: a chapter on adapting the e-book to a print edition. With illustrations and screenshots. Revised and updated 2017edition.

How to Publish an Indie Book Asymmetrical Press 2015-04-04 We started Asymmetrical for a laundry list of reasons, but all those reasons point back to one underlying goal: Adding Value. If Asymmetrical has a single objective, that's it. We know that if we add enough value to enough people through Asymmetrical, then we'll be able to raise the tide of Independent Publishing, not just our own work, but Indie Publishing as a whole. That way everyone benefits; a rising tide lifts all boats. Adding Value is the reason we've put together this Guide. We want to prove to you that you needn't worship at the altar of the old guard, that you needn't "submit" to anyone. You can successfully publish on your own, soup to nuts, controlling every morsel of the Process. The present day is the most exciting time in history to be an Author. No longer are you beholden to the gatekeepers; no longer must you compromise your art. For the first time in publishing history, you are in control. We know this first hand. The Authors of this Guide aren't some hacks who just write about writing. Nope. Rather, when we weren't happy with the publishing landscape, we took matters into our own hands; we refused to wait for someone else's permission to publish our work. And guess what: we've been successful. We've published over 30 Books (nonfiction, fiction, and memoirs), several of which have been bestsellers; we've toured internationally; and we've established audiences larger than most Traditionally Published Authors. But that's because we're not just Authors, and neither are you. Over the course of is Guide, we'll show you, based on our own experience as successful Independent Authors, how to publish an Indie Book. This book includes six chapters: 1. How to Write a Book2. How to Edit and Proofread Your Book3. How to Create a Book Cover, Author Bio, and Synopsis for Your Book4. How to Format Your Book for Print, Ebook, and Audiobook5. How to Distribute Your Book via Various Sales Channel6. How to Successfully Promote Your Book to an Audience

Amazon Fire TV und Fire TV Stick - das inoffizielle Handbuch Matthias Matting 2015-11-19 "Fire TV und Fire TV Stick - das inoffizielle Handbuch. Anleitung, Tipps, Tricks" beschreibt Amazons neueste Streaming-Box Fire TV (inkl. Fire TV 4K) in klarem, kurzweiligem Deutsch, ergänzt von hilfreichen Bildschirmfotos. Es lädt zu einer spannenden Entdeckungstour durch die vielfältigen Funktionen ein und lässt den Leser auch in den Tiefen der Konfiguration nicht im Stich. Die hilfreichen Anleitungen entstammen dem umfangreichen Erfahrungsschatz des Autors mit dem Fire TV. Alle Tipps & Tricks wurden vor Aufnahme in das inoffizielle Handbuch ausführlich überprüft. "Fire TV und Fire TV Stick - das inoffizielle Handbuch. Anleitung, Tipps, Tricks" verrät Ihnen, wie Sie Ihr Fire TV optimal einsetzen. Wie lässt sich das Fire TV zum Spielen nutzen, wie zeigt es Filme und Videos, wofür lässt es sich noch einsetzen? Wie erweitern Sie die Box zum universellen Media-Player, wie arbeitet sie mit Apple-Geräten zusammen? Wie kopieren Sie beliebige Android-Apps auf das Fire TV? Wie nutzen Sie das Fire TV zum Betrachten oder Schreiben von Dokumenten? Lesen Sie Kindle-eBooks auf dem TV, sparen Sie mit Coins und nutzen Sie Online-Speicher – das Fire TV kann weit mehr, als auf der Verpackung steht. Ein großer Index erleichtert den schnellen Zugriff auf Details.

The Rough Guide to the iPad (2nd edition) Peter Buckley 2011-07-01 It's an eBook reader. It's a touch-screen computer. It's a games machine. It's a movie player. It's for browsing the web and sending emails. Whatever you think the Apple iPad is, The Rough Guide to the iPad will show you that it's so much more, and reveal all you need to know about this landmark device. The Rough Guide to the iPad covers everything from buying advice, and the lowdown on the features you get straight out of the box, to advanced tips and reviews of the coolest apps. It really is the one-stop shop for all your iPad questions and needs. As well as reviews of the best new apps appearing in the store, all the new features of iOS 4 and the second-generation iPad are covered, including multi-tasking, AirPrint and FaceTime.

Kindle Fire HD User's Guide 5th Generation Manual Shelby Johnson 2015-11-01 All new Kindle Fire HD Manual for the Kindle Fire HD 5th Generation! Handbook of Research on Big Data Clustering and Machine Learning Garcia Marquez, Fausto Pedro 2019-10-04 As organizations continue to develop, there is an increasing need for technological methods that can keep up with the rising amount of data and information that is being generated. Machine learning is a tool that has become powerful due to its ability to analyze large amounts of data quickly. Machine learning is one of many technological advancements that is being implemented into a multitude of specialized fields. An extensive study on the execution of these advancements within professional industries is necessary. The Handbook of Research on Big Data Clustering and Machine Learning is an essential reference source that synthesizes the analytic principles of clustering and machine learning to big data and provides an interface between the main disciplines of engineering/technology and the organizational, administrative, and planning abilities of management. Featuring research on topics such as project management, contextual data modeling, and business information systems, this book is ideally designed for engineers, economists, finance officers, marketers,

decision makers, business professionals, industry practitioners, academicians, students, and researchers seeking coverage on the implementation of big data and machine learning within specific professional fields.

Digital Publishing with Adobe InDesign CC Sandee Cohen 2014-11-19 Print designers or other creative professionals who need to create digital documents for multiple devices, will be thrilled with the powerful new tools in Adobe InDesign CC. Digital Publishing with Adobe InDesign CC examines not just the How of using the tools, but also the When and Why of choosing among the various digital format options— ePub (both traditional Reflowable and the new Fixed-Layout varieties), tablet app, PDF (with or without interactivity), HTML, and so on. Clear explanations and plenty of full-color graphics will guide the reader through the potentially confusing digital publishing landscape. Written by two longtime publishing experts, the book thoroughly covers the theory and best practices for using the revolutionary new layout features in InDesign CC, including the Adobe® Digital Publishing Suite (DPS), the complete digital publishing solution for tablets.

iPod Touch Survival Guide: Step-by-Step User Guide for iPod Touch: Getting Started, Downloading FREE eBooks, Buying Apps, Managing Photos, and Surfing the Web Toly K 2012-02-07 The iPod Touch and iOS 5 introduced many new features not seen in previous iPod generations. This guide will introduce you to the multitude of new features and show you how to use them. This book gives task-based instructions without using any technical jargon. Learning which buttons perform which functions is useless unless you know how it will help you in your everyday use of the iPod. Therefore, this guide will teach you how to perform the most common tasks. Instead of presenting arbitrary instructions in lengthy paragraphs, this book gives unambiguous, simple step-by-step procedures. Additionally, detailed screenshots help you to confirm that you are on the right track. This Survival Guide also goes above and beyond to explain Secret Tips and Tricks to help you accomplish your day-to-day tasks much faster. If you get stuck, just refer to the Troubleshooting section to figure out and solve the problem. The iPod Touch Survival Guide is never stagnant, and always being updated to include the most recent tips and tricks. This iPod guide includes: Getting Started: - Button Layout - Navigating the Screens - Multitasking - Managing Your Contacts - Text Messaging - Copying, Cutting, and Pasting Text - Sending Picture and Video Messages - Using the Safari Web Browser - Managing Photos and Videos - Using the Email Application - Viewing All Mail in One Inbox - Managing Applications - Setting Up an iTunes Account - Sending an Application as a Gift - Using iTunes to Download Applications - Reading User Reviews - Deleting an Application - Reading eBooks using iBooks and the Kindle Reader - How to download thousands of FREE eBooks Advanced Topics include: - Adjusting the Settings - Turning On Voiceover - Setting Alert Sounds - Changing the Wallpaper - Setting a Passcode Lock - Changing Keyboard Settings - Changing Photo Settings - Turning Bluetooth On and Off - Turning Wi-Fi On and Off - Turning Airplane Mode On and Off - Tips and Tricks - Using the Voice Control Feature - Maximizing Battery Life - Taking a Screenshot - Scrolling to the Top of a Screen - Saving Images While Browsing the Internet - Deleting Recently Typed Characters - Resetting Your iPod - Viewing the Full Horizontal Keyboard - Troubleshooting - List of iPod-friendly websites that save you time typing in long URL addresses

Perform powerful data analysis with DAX for Microsoft SQL Server Analysis Services, Excel, and Power BI Master core DAX concepts, including calculated columns, measures, and error handling Understand evaluation contexts and the CALCULATE and CALCULATETABLE functions Perform time-based calculations: YTD, MTD, previous year, working days, and more Work with expanded tables, complex functions, and elaborate DAX expressions Perform calculations over hierarchies, including parent/child hierarchies Use DAX to express diverse and unusual relationships Measure DAX query performance with SQL Server Profiler and DAX Studio

Global Surgery Adrian Park 2017-05-02 This text was developed as a book aimed at surgeons and allied health professionals that provides an introduction to the unmet needs, epidemiological, socioeconomic and even political factors that frame Global Surgery. Following upon an understanding of these issues, the text is a practical guide that enables the reader on several levels: to work cross-culturally, build relationships and negotiate the logistical challenges of bringing surgical care to low resource settings; to develop an approach to the management of various clinical conditions that would be unfamiliar to most "western" surgeons. Global Surgery is a recently coined term that encompasses many potential meanings. Most would agree that it focuses on the growing recognition of the crisis of access to quality surgical care in low resource settings. Such scenarios exist on every continent. Increasingly surgeons, allied health professionals (NGO), Public Health / Health Policy professionals as well as governmental and non-governmental organizations are engaging in this field. Many surgeons have an interest in Global Health and a desire to become involved but feel ill equipped to do so and unsure where to start. Global Surgery: The Essentials serves as a ready resource to equip surgeons to manage clinical scenarios that lie beyond the scope of their training or current practice but that they would reasonably be expected to encounter in the field.

HTC Droid Incredible Survival Guide - Step-by-Step User Guide for Droid

Using E-books and E-readers for Adult Learning Sandie Gay 2013 With e-books increasingly becoming an everyday and high-profile technology, how can they be

used most effectively to help develop literacy skills, cultivate a love of reading, provide greater accessibility to texts for all, and offer portable access to a vast range of resources? Specifically written with the adult education sector in mind, this invaluable and straightforward guide will take the reader through the advantages and effective features that e-books have to offer. The text covers the necessities in e-book technologies: how to take advantage of the features that e-books offer adult learners * the options available, including dedicated e-readers, tablets, and smartphones * the costs * technical and management issues * real-world case studies of current uses and experiences in adult learning settings * current research and projects * pointers on the innovative uses of e-book technologies. The book also includes a chapter on useful links. It is a timely, original, and practical guide to a popular and increasingly accessible technology, with a specific focus on applications to adult learning.

AARP eReaders For Dummies Corey Sandler 2011-10-25 Never leave home without a good book in hand again – it's easy with an eReader! No more packing a suitcase full of books to read on your beach vacation or lugging a heavy bag of magazines with you to visit the grandkids – your eReader holds them all. Lightweight and ultraportable, eReaders have become one of the most popular gadgets in your technology toolbox, and this one-of-a-kind For Dummies guide is filled with the know-how you need to become savvy with your eReader. From changing preferences and navigating to downloading books and magazines, you'll be ready to enjoy your eReader in no time. Decisions, decisions – discover common eReader features, learn different ways to navigate your device, and sync all your gadgets Start shopping – download your old favorites, find new eBooks to explore, and get fantastic free books to read Mine all mine – customize your eReader settings, change fonts and type sizes, and adjust the lighting Spread your knowledge – share your eBooks with family and friends, and rate and review your recent reads Wait, there's more – go beyond the world of eBooks and subscribe to a newspaper or fill your eReader with your own files Open the book and find: Explanations of different eBook file formats Tips for using touchscreen devices Advice on powering up your eReader and managing battery life How to connect through WiFi Accessories that are worth having Websites to visit for more eBook information Ten differences between a paper book and eBook

Nook Simple Touch Survival Guide: Step-by-Step User Guide for the Nook Simple Touch eReader: Getting Started, Downloading FREE eBooks, and Surfing the Web Using the Hidden Web Browser Toly K 2012-01-14 While the Nook Simple Touch is somewhat similar to the original Nook, its infrared touchscreen makes for a completely different reading experience. The Nook Simple Touch Survival Guide provides you with tips and tricks you can use upon unboxing your new eReader. This guide sorts through all of the unnecessary clutter of the official manual and gives you task-based instructions. Instead of learning which buttons perform which functions, you will learn how to use those buttons to navigate your Nook to buy, read, and mark up your eBooks. Instead of presenting an arbitrary table of gestures you can use on the touchscreen, this book shows you where those gestures are needed by integrating them into the tasks you are doing. Additionally, each set of step-by-step instructions is accompanied by a set of detailed screenshots to help you to confirm that you are on the right track. By reading this book, you will unlock hidden secrets, such as downloading FREE eBooks and surfing the web using the hidden web browser on your Nook Simple Touch. The reference material given in this guide is constantly updated, never stagnant. The next time Barnes and Noble releases a software update, simply re-download this eBook to get the latest

version. This Nook guide includes: Getting Started: - Button Layout - Performing First-Time Setup - Connecting the Nook to a PC or Mac - Setting Up Wi-Fi - Looking Up Words in the Built-In Dictionary - Buying eBooks through the Barnes and Noble Store - Subscribing to Magazines and Newspapers - Cancelling Subscriptions - Adding bookmarks and notes - Viewing periodicals Advanced topics: - Using the Wishlist - Lending eBooks - Downloading thousands of free eBooks - Managing eBook Shelves - Archiving eBooks - Setting the Screensaver - Transferring downloaded eBooks to the Nook - List of Nook-friendly websites that save you time typing in long URL addresses - Shortcuts and tips - Conserving Battery Life - Registering Your Nook - Book browsing tips - Using the Hidden Web Browser - Troubleshooting - Live Nook support telephone numbers

Kindle Fire Owner's Manual: The ultimate Kindle Fire guide to getting started, advanced user tips, and finding unlimited free books, videos and apps on Amazon and beyond Steve Weber 2014-02-28 Finally ... a quick, easy reference to using your Kindle Fire -- to the max!

.....

Nook Simple Touch GlowLight Survival Guide: Step-by-Step User Guide for the Nook Simple Touch GlowLight eReader: Getting Started, Using Hidden Features, and Downloading FREE eBooks Toly K 2012-09 While the Nook Simple Touch Glowlight is somewhat similar to the original Nook, its infrared touchscreen and Glowlight make

for a completely different reading experience. With the new Glowlight, you can read in pitch black conditions without straining your eyes, as with an LCD screen. The Nook Simple Touch Glowlight Survival Guide provides you with tips and tricks you can use upon unboxing your new eReader. This guide sorts through all of the unnecessary clutter of the official manual and gives you task-based instructions. Instead of learning which buttons perform which functions, you will learn how to use those buttons to navigate your Nook to buy, read, and mark up your eBooks. Instead of presenting an arbitrary table of gestures you can use on the touchscreen, this book shows you where those gestures are needed by integrating them into the tasks you are doing. Additionally, each set of step-by-step instructions is accompanied by a set of detailed screenshots to help you to confirm that you are on the right track. This Nook guide includes: Getting Started: - Button Layout - Performing First-Time Setup - Connecting the Nook to a PC or Mac - Setting Up Wi-Fi - Looking Up Words in the Built-In Dictionary - Buying eBooks through the Barnes and Noble Store - Subscribing to Magazines and Newspapers - Cancelling Subscriptions - Adding bookmarks and notes - Viewing periodicals Advanced topics: - Using the Wishlist - Lending eBooks - Downloading thousands of free eBooks - Managing eBook Shelves - Archiving eBooks - Setting the Screensaver - Transferring downloaded eBooks to the Nook - Shortcuts and tips - Conserving Battery Life - Registering Your Nook - Book browsing tips - Troubleshooting - Live Nook support telephone numbers

Ocean Sailing Paul Heiney 2019-09-05 This is the reassuring voice of the ocean sailing community. Your big adventure starts here. For many sailors, an ocean passage is the big dream. But many will worry that they don't have the right experience, that their boat isn't strong enough, or that it will be prohibitively expensive and difficult. Ocean Sailing will prepare you for an ocean passage by painting a picture of what ocean sailing is really like, through the experiences of others who have gone before. Topics covered range from safety to boat kit and preparations, budgeting to staying in touch with home, equipment breakdowns to health and weather. Members of three great cruising clubs – the Royal Cruising Club, Ocean Cruising Club, and the Cruising Club of America – share their vast wealth of experience, and by focusing on the practicalities of ocean sailing, allay the anxieties and doubts of prospective ocean cruisers to ensure a deeply satisfying ocean voyage.

Free Tools & Freebies for your Kindle Samantha McKee 2015-08-19 Discover tons of free Kindle books! In this quick how-to guide, you will learn some tricks to: 1) open and read any file (ePub, doc, html, pdf) on your Kindle by converting it into the native AZW3 / .mobi format. 2) send any web page, article or blog post to your device. Once you've discovered how to set up your accounts, check your email, and connect to the internet, you learn advanced moves that will make your Kindle Fire use similar to your laptop or desktop computing, granting you an unlimited mobile life.

Why Did Yahweh and His Son Yahshuah Say What They Said? Dr. Justin G. Prock 2020-05-07 YAHWEH (The LORD God) and His Son YAHSHUAH (Jesus Christ) made statements with regard to Eschatology that have been “Spiritualized” for over a Millennium, which has led to the belief in Universalism, the belief that YAHSHUAH died for EVERYONE. Well, after one studies the original languages of the Hebrew, Aramaic, and Greek, the message of the Kingdom of God was preached to and accepted by a certain House in the Bible. The other House rejected this message, and YAHSHUAH punished that House by taking the Kingdom away from them and giving It to another nation bringing forth fruit. There are only the House of Israel, the House of Judah, and the House of David, mentioned in the Bible. All three existed then, as they do today. However, most of today's Babylonian Priesthood/Churchianity refuses to accept the secular historical position with regard to the House of Israel, and who they are today. The people groups, which YAHWEH and YAHSHUAH addressed, still exist today. However, these people are all mixed-up, and known by different names, but they DO exist. This book goes back to the origin of these people groups in the Bible, and brings them forward to the present using their old names, in order to understand Eschatology. This brings us to the major question of, “Is the Bible only about Israel?” And, if so, how does it affect our Eschatology today? This book answers these hard questions...

Keeping Up with Emerging Technologies Nicole Hennig 2017 This book provides the best practices and skills to keep up with new technologies and to analyze the ability of specific technologies to meet recognized user needs.

HTC Vivid Survival Guide: Step-by-Step User Guide for Droid Vivid: Getting Started, Downloading FREE eBooks, Using eMail, Photos and Videos, and Surfing the Web Toly K 2012-09 The HTC Vivid is a 4G Android smartphone, and one of the first to receive the Android 4.0 Ice Cream Sandwich update. E-books in Libraries Kate Price 2011 Despite the fact that e-books have been in existence for decades in various guises and added to library collections for several years now, there has been a noticeable lack of published manuals on the subject. This is doubtless owing to the rapidly evolving nature of the market. There is now a plethora of different types of digital object that may be termed 'e-books' and a bewildering number of business and access models to match. Moreover the pace of change shows no sign of abating, but there is an increasing amount of popular interest in e-books, and what is needed is practical information to assist library and information professionals managing collections of e-books and doing their best to inform their users right now. The book is divided into five parts: The production and distribution of e-books Planning and developing an e-book collection Delivering e-books to library readers Engaging readers with e-books The future of e-books. Virginia Havergal BA(Hons) MSc MEd FIFL is a Learning Centres and e-Resources Manager for Petroc, a further education college in Devon. Prior to this role she was an e-Learning Advisor with JISC, with a particular focus on Learning Resources. Kate Price BA(Hons) MA MCLIP is Head of E-Strategy and Resources at the University of Surrey.

The Kindle Pocket Guide Scott McNulty 2009-11-16 The Kindle Pocket Guide covers all facets of the Kindle. Everything readers need to know about the device and the software and what's possible. The Kindle for iPhone app for iPhone and iPod Touch are also covered.

Informing with the Case Method T. Grandon Gill 2011 There are a number of marvelous books that address the topic of the case method. If you are interested in facilitating cases, you can look to the classic book *Teaching and the Case Method* by Louis Barnes, C. Roland Christensen and Abby Hansen (1994). The collection of essays on the subject, *Education for Judgment: The Artistry of Discussion Leadership* by C. Roland Christensen, David Garvin and Ann Sweet (1991) is a wonderful and inspiring read as well. If your interest is case-based research, it would be nearly impossible to find a more authoritative source than Robert Yin's (2009, 4th Edition) *Case Study Research: Design and Methods*, which (at last count) has been cited nearly 29,000 times, according to Google Scholar. There is even a new entry to the field, William Ellet's (2007) *The Case Study Handbook: How to Read, Discuss, and Write Persuasively about Cases* that is specifically aimed at the student. At first glance, then, the topic of case studies in education and research seems to be pretty well covered. Do we really need another book on the subject? I write this book believing the answer is yes. While I have great affection for the classics, there are a number of issues facing most business faculty—not to mention faculty members from disciplines outside of business—that these books simply do not address. In writing this book, my intention is to offer some thoughts on some of these. Paradoxically, these omissions arise from the very fact that the authors of the classics are undisputed masters of their craft. Why this is a problem should become clear as I identify the three areas of focus for this book. The first issue that I feel must be considered is using the case method with a novice audience. Consider the following. When I was enrolled in the MBA program at Harvard Business School (HBS) in the early 1980s, the curriculum consisted of nearly 900 case discussion (15 per

week) and—perhaps—as many as 20 class periods given over to lecture-style presentations. When I teach a case-method graduate course at my own institution, on the other hand, I am constrained to 11 case discussions (a 12 week semester). As it happens, I am also the only course in the entire program that employs pedagogy reasonably faithful to the case method, as it is normally defined. The math is very simple. By the last day of my semester, my students have as much experience discussing cases as I did on Thursday afternoon of the first week of my two year MBA program at HBS. With the exception of faculty teaching at those rare institutions that have chosen to widely adopt the case method, the situation I face is commonplace. The second concern that existing books raise for me is their tendency to focus on isolated topics. Specifically, case facilitation, case writing and case research are treated as separable activities. I would argue that these three aspects of the case method—which I define quite broadly—are inseparable. For institutions that wish to achieve the full set of benefits provided by the case method, all three activities must be pursued in parallel. Perhaps this is why so few institutions have achieved success through the case method. In this book, I will argue that achieving such integration is precisely why those rare institutions have been so successful. Once you start believing that the case method can be a key to institutional success, how you get there becomes a real challenge. At leading institutions featuring the case method, such as HBS, the philosophy is largely learned through a period of apprenticeship. For example, I did not encounter any of the references mentioned in the first paragraph—excepting Yin—at any time during my 5 year doctorate at HBS. Instead, I went out and wrote cases, facilitated discussions and did research under the guidance of faculty members who were masters of the craft. How can someone without the benefit of such an experience acquire such mastery? While I cannot offer any promises in this regard, I will at least provide some examples and easy-to-follow checklists that may be of service to individuals getting started.

Reinventing Writing Vicki Davis 2014-05-23 In this much-anticipated book from acclaimed blogger Vicki Davis (Cool Cat Teacher), you'll learn the key shifts in writing instruction necessary to move students forward in today's world. Vicki describes how the elements of traditional writing are being reinvented with cloud-based tools. Instead of paper, note taking, filing cabinets, word processors, and group reports, we now have tools like ePaper, eBooks, social bookmarking, cloud syncing, infographics, and more. Vicki shows you how to select the right tool, set it up quickly, and prevent common mistakes. She also helps you teach digital citizenship and offers exciting ways to build writing communities where students love to learn. Special Features: • Essential questions at the start of each chapter to get you thinking about the big ideas • A chapter on each of the nine essential cloud-based tools--ePaper and eBooks; digital notebooks; social bookmarking; cloud syncing; cloud writing apps; blogging and microblogging; wikis and website builders; online graphic organizers and mind maps; and cartoons and infographics • A wide variety of practical ways to use each tool in the classroom • Alignments to the Common Core State Standards in writing • Level Up Learning--a special section at the end of each chapter to help you review, reflect on, and apply what you've learned • Writing tips to help you make the best use of the tools and avoid common pitfalls • A glossary of key terms discussed in the book • Useful appendices, including reproducible material for your classroom No matter what grade level you teach or how much tech experience you have, you will benefit from Vicki's compelling and practical ideas. As she emphasizes throughout this essential book, teaching with cloud-based tools has never been easier, more

convenient, or more important than right now.
