Inside the White Cube Brian O'Doherty 1999 These essays explicitly confront a particular crisis in postwar art, seeking to examine the assumptions on which the modern commercial and museum gallery was based.

Dr. Mütter's Marvels Cristin O'Keefe Aptowicz 2015-09-08 A mesmerizing biography of the brilliant and eccentric medical innovator who revolutionized American surgery and founded the country's most famous museum of medical oddities Imagine undergoing an operation without anesthesia, performed by a surgeon who refuses to sterilize his tools—or even wash his hands. This was the world of medicine when Thomas Dent Mütter began his trailblazing career as a plastic surgeon in Philadelphia during the mid-nineteenth century. Although he died at just forty-eight, Mütter was an audacious medical innovator who pioneered the use of ether as anesthesia, the sterilization of surgical tools, and a compassion-based vision for helping the severely deformed, which clashed spectacularly with the sentiments of his time. Brilliant, outspoken, and brazenly handsome, Mütter was flamboyant in every aspect of his life. He wore pink silk suits to perform surgery, added an unlaut to his last name just because he could, and amassed an immense collection of medical oddities that would later form the basis of Philadelphia's renowned Mütter Museum. Award-winning writer Cristin O'Keefe Aptowicz vividly chronicles how Mütter's efforts helped establish Philadelphia as a global mecca for medical innovation—despite intense resistance from his numerous rivals. (Foremost among them: Charles D. Meigs, an influential obstetrician who loathed Mütter's "overly modern" medical opinions.) In the narrative spirit of *The Devil in the White City*, Dr. Mütter's Marvels interweaves an eye-opening portrait of nineteenth-century medicine with the riveting biography of a man once described as the "[P. T.] Barnum of the surgery room."

From the Mixed-Up Files of Mrs. Basil E. Frankweiler E.L. Konigsburg 2010-12-21 Now available in a deluxe keepsake edition! A Time Best YA Book of All Time (2021) Run away to the Metropolitan Museum of Art with E. L. Konigsburg's beloved classic and Newbery Medal–winning novel From the Mixed-Up Files of Mrs. Basil E. Frankweiler. When Claudia decided to run away, she planned very carefully. She would be gone just long enough to teach her parents a lesson in Claudia appreciation. And she would go in comfort-she would live at the Metropolitan Museum of Art. She saved her money, and she invited her brother Jamie to go, mostly because he was a miser and would have money. Claudia was a good organizer and Jamie had some ideas, too; so the two took up residence at the museum right on schedule. But once the fun of settling in was over, Claudia had two unexpected problems: She felt just the same, and she wanted to feel different; and she found a statue at the Museum so beautiful she could not go home until she had discovered its maker, a question that baffled the experts, too. The former owner of the statue was Mrs. Basil E. Frankweiler. Without her—well, without her, Claudia might never have found a way to go home.

Here on Earth Alice Hoffman 1997 After nineteen years, March Murray returns to the town where she grew up and reunites with her first love. Soon her fantasy romance turns into a living nightmare.

The Dovekeepers Alice Hoffman 2011-10-04 An ambitious and mesmerizing novel from the bestselling author of Rules of Magic. The Dovekeepers is "striking...Hoffman grounds her expansive, intricately woven, and deepest new novel in biblical history, with a devotion and seriousness of purpose" (Entertainment Weekly). Nearly two thousand years ago, nine hundred Jews held out for months against armies of Romans on Masada, a mountain in the Judean desert. According to the ancient historian Josephus, two women and five children survived. Based on this tragic and iconic event, Hoffman's novel is a spellbinding tale of four extraordinarily bold, resourceful, and sensuous women, each of whom has come to Masada by a different path. Yael's mother died in childbirth, and her father, an expert assassin, never forgave her for that death. Revka, a village baker's wife, watched the murder of her daughter by Roman soldiers; she brings to Masada her young grandsons, rendered mute by what they have witnessed. Aziza is a warrior's daughter, raised as a boy, a fearless rider and expert marksman who finds passion with a fellow soldier. Shirah, born in Alexandria, is wise in the ways of ancient magic and medicine, a woman with uncanny insight and power. The lives of these four complex and fiercely independent women intersect in the desperate days of the siege. All are dovekeepers, and all are also keeping secrets—about who they are, where they come from, who fathered them, and whom they love.

Turtle Moon Alice Hoffman 1997-09-01 A "captivating...truly original novel" (Cosmopolitan) from the New York Times bestselling author of The Rules of Magic. "Ms. Hoffman writes quite wonderfully about the magic in our lives and in the battered, indifferent world."—The New York Times Book Review When Keith Rosen runs away from his Florida home—inexplicably taking along a motherless baby—his mother is perplexed, terrified, and ultimately takes off on her own journey to find him. The story of a divorced woman, her disillusioned teenage son, and the events that change their lives in ways both simple and extraordinary, Turtle Moon follows their path, in a suspenseful, beautifully written story that confirms once again the exquisite talent of Alice Hoffman.

The Story Sisters Alice Hoffman 2009-06-02 A spellbinding coming of age novel about three sisters and the relationships and choices that shape their lives from the bestselling author of Reese Witherspoon Book Club pick, The Rules of Magic "This bewitching novel explores the bonds of sisterhood like a haunting modern fairy tale."—Glamour Each of three sisters—Elv, Claire, and Meg—has a fate she must meet alone: one on a country road, one in the streets of Paris, and one in the corridors of her own imagination. Inhabiting their world are a charismatic man who cannot tell the truth, a neighbor who is not who he appears to be, a clumsy boy in Paris who falls in love and stays there, a detective who finds his heart's desire, and a demon who will not let go. What does a mother do when one of her children goes astray? How does she save one daughter without sacrificing the others? How deep can love go, and how far can it take you? These are the questions this luminous novel asks. At once a coming-of-age tale, a family saga, and a love story of sensual longing, The Story Sisters sifts through the miraculous and the mundane as the girls become women and their choices haunt them, change them and, finally, redeem them. It confirms Alice Hoffman's reputation as "a writer whose keen ear for the measure struck by the beat of the human heart is unparalleled" (The Chicago Tribune).

The Owens sisters confront the challenges of life and love in this bewitching novel from the New York Times bestselling author of The Rules of Magic, Magic Lessons, and The Book of Magic. For more than two hundred years, the Owens women have been blamed for everything that has gone wrong in their Massachusetts town. "Splendid...Practical Magic is one of [Hoffman's] best novels, showing on every page her gift for touching ordinary life as if with a wand, to reveal how extraordinary life really is."—Newsweek "[A] delicious fantasy of witchcraft and love in a world where gardens smell of lemon verbena and happy endings are possible."—Cosmopolitan

Seventh Heaven Alice Hoffman 2014-09-23 A New York Times bestseller about a 1950s suburb transformed by the arrival of a divorced mother: "part American Graffiti, part early Updike" (The New York Times). On Hemlock Street, the houses are identical, the lawns tidy, and the families traditional. A perfect slice of suburbia, this Long Island community shows no signs of change as the 1950s draw to a close—until the fateful August morning when Nora Silk arrives. Recently divorced, Nora mows the lawn in slingback pumps and climbs her roof in the middle of the night to clean the gutters. She works three jobs, and when her casseroles don't turn out, she feeds her two boys—eight-year-old Billy and his baby brother, James—Frosted Flakes for supper. She wears black stretch pants instead of Bermuda shorts, owns twenty-three shades of nail polish, and sings along to Elvis like a schoolgirl. Though Nora is eager to fit in on Hemlock Street, her effect on the neighbors is anything but normal. The wives distrust her, the husbands desire her, and the children think she's a witch. But through Nora's eyes, the neighborhood appears far from perfect. Behind every neatly trimmed hedge and freshly painted shutter is a family struggling to solve its own unique mysteries. Inspired by Nora, the residents of Hemlock Street finally unlock the secrets that will transform their lives forever. A tale of extraordinary discoveries, Seventh Heaven is an ode to a single mother's heroic journey and a celebration of the courage it takes to change.

The Hierophancy Files Richard Leviton 2018-09-27 Beneath the surface details of our planet lies a numbers matrix, and somebody just stole its key, putting our world in jeopardy. In 2050, geomancers and Light grid engineers at the Hierophancy in Sun Valley, Idaho, perfected an algorithm that runs all the Earth's psychic affairs. In 2065, somebody stole it. This is the account of how they got it back. They had to get it back because in the wrong hands, this math formula could take over or end the planet. The Hierophancy is a secret group that works with the planet's subtle energy terrain. You'll know its outer expression as a landscape of sacred sites. Their job is to reveal the Holy Light that comes out of these many nodes and to fix it when there's a problem. Why? They're Hierophants—think of them as engineers of the planet's Light grid. In April 2065, they discovered there was problem, a big one. Hierophancy staff member Frederick Atkinson narrates what they did about it. It's a fairly wild ride involving unsuspected levels of planetary reality, routine cooperation of extraterrestrial colleagues, lots of angels, Ascended Masters, and even a guest consultation with the Chief Architect of All Reality. The result is a concentrated detective hunt across time and space to find that stolen mathematics. The quest for the stolen arithmetic takes the team to sites in Bolivia, Canada, Japan, and Iceland and back to the planet's earliest days and other key moments in its geomantic life as they probe the engineering intricacies that comprise the Earth's esoteric reality. An awful lot is at stake—namely, the fate of five related planets across this and other galaxies because they're directly tied into the Earth and they need those numbers back too.

Find your magic. For the Owens family, love is a curse that began in 1620, when Maria Owens was charged with witchery for loving the wrong man. Hundreds of years later, in New York City at the cusp of the sixties, when the whole world is about to change,

Susanna Owens knows that her three children are dangerously unique. Difficult Franny, with skin as pale as milk and blood red hair, shy and beautiful Jet, who can read other people’s thoughts, and charismatic Vincent, who began looking for trouble on the day he could walk. From the start Susanna sets down rules for her children: No walking in the moonlight, no red shoes, no wearing black, no cats, no crows, no candles, no books about magic. And most importantly, never, ever, fall in love. But when her children visit their Aunt Isabelle, in the small Massachusetts town where the Owens family has been blamed for everything that has ever gone wrong, they uncover family secrets and begin to understand the truth of who they are. Yet, the children cannot escape love even if they try, just as they cannot escape the pains of the human heart. The two beautiful sisters will grow up to be the memorable aunts in Practical Magic, while Vincent, their beloved brother, will leave an unexpected legacy. **Alice Hoffman** delivers “fairy-tale promise with real-life struggle” (The New York Times Book Review) in a story how the only remedy for being human is to be true to yourself.

Property Of Alice Hoffman 2014-09-23 A “hypnotic” novel of love, loss, and teenage girls finding their way on tough streets, by the New York Times–bestselling author of Faithful (The New York Times). On the Night of the Wolf, the Orphans drive south on the Avenue, hunting their rival gang, the Pack. In the lead is McKay, their brooding, courageous President. She waits only for McKay. Drag races, dope, knife fights in the street. To the seventeen-year-old heroine of Alice Hoffman’s stunning first novel, the gritty world of the Avenue is beautiful and enthralling. But her love for McKay is an addiction—one that is never satisfied and is impossible to kick. Deeper and deeper she falls, until the winter’s day when she decides to break the spell once and for all. The Invisible Hour Alice Hoffman 2023-08-15 From the beloved New York Times bestselling author of The Marriage of Opposites and the Practical Magic series comes an enchanting novel about love, heartbreak, self-discovery, and the enduring magic of books. One brilliant June day when Mia Jacob can no longer see a way to survive, the power of words saves her. The Scarlet Letter was written almost two hundred years earlier, but it seems to tell the story of Mia’s mother, Ivy, and their life inside the Community—an oppressive cult in western Massachusetts where contact with the outside world is forbidden, and books are considered evil. But how could this be? How could Nathaniel Hawthorne have so perfectly captured the pain and loss that Mia carries inside her? Through a journey of heartbreak, love, and time, Mia must abandon the rules she was raised with at the Community. As she does, she realizes that reading can transport you to other worlds or bring them to you, and that readers and writers affect one another in mysterious ways. She learns that time is more fluid than she can imagine, and that love is stronger than any chains that bind you. As a girl Mia fell in love with a book. Now as a young woman she falls in love with a brilliant writer as she makes her way back in time. But what if Nathaniel Hawthorne never wrote The Scarlet Letter? And what if Mia Jacob never found it on the day she planned to die? Nathaniel Hawthorne wrote: “A single dream is more powerful than a thousand realities.” This is the story of one woman’s dream. For a little while it came true.

The River King Alice Hoffman 2001-07-01 A story about a small town’s surface appearance and the truths submerged below from the New York Times bestselling author of The Rules of Magic. People tend to stay in their place in the town of Haddan. The students at the prestigious prep school don’t mix with locals; even within the school, hierarchy rules as freshman and faculty members find out where they fit in and what is expected from them. But there are minor collisions happening everywhere: An awkward boy, the son of a teacher, is flirting with a pretty classmate, the daughter of a convenience-store cashier. A photographer in plastic flip-flops and an overflowing backpack is about to marry a staid, ambitious historian. And when a body is found in the river behind the school, a local policeman named Abey Grey will walk into this enclosed world and upset it entirely…

The Trail Book Mary Hunter Austin From the time that he had first found, himself alone with them, Oliver had felt sure that the animals could come alive again if they wished. That was one blowy afternoon about a week after his father had been made night engineer and nobody had come into the Museum for several hours. Oliver had been sitting for some time in front of the Buffalo case, wondering what might be at the other end of the trail. The cows that stood midway in it had such agoinglook. He was sure it must lead, past the hummock where the old bull flourished his tail, to one of those places where he had always wished to be. All at once, as the boy sat there thinking about it, the glass case disappeared and the trail shot out like a dark snake over a great stretch of rolling, grass-covered prairie. He could see the tops of the grasses stirring like the hair on the old Buffalo’s coat, and the ripple of water on the beaver pool which was just opposite and yet somehow only to be reached after long travel through the Buffalo Country. The wind moved on the grass, on the surface of the water and the young leaves of the alders, and over all the animals came the start and stir of life. And then the slow, shuffling steps of the Museum attendant startled it all into stillness again. The attendant spoke to Oliver as he passed, for even a small boy is worth talking to when you have been all day in a Museum where nothing is new to you and nobody comes. “You want to look out, son,” said the attendant, who really liked the boy and hadn’t a notion what sort of ideas he was putting into Oliver’s head. “If you ain’t careful, some of them things will come downstairs some night and go off with ye.” And why should MacShea have said that if he hadn’t known for certain that the animalsdidcome alive at night? That was the way Oliver put it when he was trying to describe this extraordinary experience to his sister. Dorcas Jane, who was eleven and a half and not at all imaginative, eyed him suspiciously. Oliver had such a way of stating things that were not at all believable, in a way that made them seem the likeliest things in the world. He was even capable of acting for days as if things were so, which you knew from the beginning were only the most delightful of make-believes. Life on this basis was immensely more exciting, but then you never knew whether or not he might be what some of his boy friends called “stringing you,” so when Oliver began to hint darkly at his belief that the stuffed animals in the Mammal room of the Museum came alive at night and had larks of their own, Dorcas Jane offered the most noncommittal objection that occurred to her.

The Murders in the Rue Morgue Edgar Allan Poe 2017-01-21 Edgar Allan Poe’s The Murders in the Rue Morgue represents the beginning of crime fiction. The mystery was first published in Graham’s Magazine in 1841 and has been recognized as the first detective story. Poe referred to it as one of his “tales of ratiocination”. As the first fictional detective, Poe’s Dupin displays many traits which became literary conventions in subsequent fictional detectives including Sherlock Holmes and Hercule Poirot. Many later characters, for example, follow Poe’s model of the brilliant detective, his personal friend who serves as narrator, and the final revelation being presented before the reasoning that leads up to it. Dupin himself reappears in The Mystery of Marie Rogêt and The Purloined Letter.

The Marriage of Opposites Alice Hoffman 2015-08-04 “A luminous, Marquez-esque tale” (O, The Oprah Magazine) from the New York Times bestselling author of The Museum of Extraordinary Things: a forbidden love story set on a tropical island about the extraordinary woman who gave birth to painter Camille Pissarro—the Father of Impressionism. Growing up on idyllic St. Thomas in the early 1800s, Rachel dreams of life in faraway Paris. Rachel’s mother, a pillar of their small refugee community of Jews who escaped the Inquisition, has never forgiven her daughter for being a difficult girl who refuses to live by the rules. Robin Moore, coping with a divorce and a troubled teen-aged son, impulsively rescues a strange man from a psychiatric ward—a beautiful, uncivilized innocent who has been raised in the wilderness and possesses no more sophistication than a child. But when she brings him home to her perfectly ordered neighborhood, the events that follow cause Robin to question her wisdom and doubt her own heart—and, ultimately, to change all of her ideas about love and humanity. “Her richest and wisest, as well as her boldest, novel to date.”—The New York Times Book Review

Museum Management Milan Jan Půček 2021-11-11 This book centers on museum management with particular focus on risk management. It sees the museum as a modern institution that, in addition to its classical heritage function (collections management), also provides an educational function and implements this education through experience (the experiential function of the museum). It represents a combination of academic excellence and experience from real managers from museums and other public institutions. Additional topics such as strategic and operational museum management and museum research management are discussed and case studies from daily management practice are included.

Modernity and the Museum in the Arabian Peninsula Karen Exell 2016-03-10 Modernity and the Museum in the Arabian Peninsula is dedicated to the recent and rapid high-profile development of museums in the Arabian Peninsula, focusing on the a number of the Arabian Peninsula states: Bahrain, Kuwait, Oman, Qatar and theUAE. These Gulf states are dynamically involved in the establishment of museums to preserve and , represent their distinct national culture and heritage, as well as engaging in the regional and global art worlds through the construction of state-of-the-art art museums. Alongside such developments is a rich world of collection and displaying material culture in homes and private museums that is little known to the outside world. Museum Studies literature has struggled to keep pace with such developments and Modernity and the Museum in the Arabian Peninsula is the first book to coherently present: a contemporary overview of the ever-evolving landscape of museums and related heritage projects in the Arabian Peninsula a critical evaluation of the nature of these museum projects within the political and cultural conditions in the Arabian Peninsula suggestions for productive ways forward for museum developments in the Arabian Peninsula Museums Studies students and museum professionals now have a book that fills an important gap in the picture of the museum worldwide. Contextualising this study in the history and politics of the region, from a scholar working within the region, this in-depth overview and critical analysis of museums in the Arabian Peninsula stands alone as an entry into this important topic.

Practical Magic Alice Hoffman 2003-08-05 *25th Anniversary Edition*—with an Introduction by the Author! The Owens sisters confront the challenges of life and love in this bewitching novel from the New York Times bestselling author of The Rules of Magic, Magic Lessons, and The Book of Magic. For more than two hundred years, the Owens women have been blamed for everything that has gone wrong in their Massachusetts town. Gillian and Sally have endured that fate as well: as children, the sisters were forever outsiders, taunted, talked about, pointed at. Their elderly aunts almost seemed to encourage the whispers of witchery, with their musty house and their exotic concoctions and their crowd of black cats. But all Gillian and Sally wanted was to escape. One will do so by marrying, the other by running away. But the bonds they share will bring them back—almost as if by magic... “Splendid...Practical Magic is one of [Hoffman’s] best novels, showing on every page her gift for touching ordinary life as if with a wand, to reveal how extraordinary life really is.”—Newsweek “[A] delicious fantasy of witchcraft and love in a world where gardens smell of lemon verbena and happy endings are possible.”—Cosmopolitan

Parker Looks Up Parker Curry 2019-10-15 A New York Times bestseller! A visit to Washington, DC’s National Portrait Gallery forever alters Parker Curry’s young life when she views First Lady Michelle Obama’s portrait. When Parker Curry came face-to-face with Amy Sherald’s transcendent portrait of First Lady Michelle Obama at the National Portrait Gallery, she didn’t just see the First Lady of the United States. She saw a queen—one with dynamic self-assurance, regality, beauty, and truth who captured this young girl’s imagination. When a nearby museum-goer snapped a photo of a mesmerized Parker, it became an internet sensation. Inspired by this visit, Parker, and her mother, Jessica Curry, tell the story of a young girl and her family, whose trip to a museum becomes an extraordinary moment, in a moving picture book. Parker Looks Up follows Parker, along with her baby sister and her mother, and her best friend Gia and Gia’s mother, as they walk the halls of a museum, seeing paintings of everyone and everything from George Washington Carver to Frida Kahlo, exotic flowers to graceful ballerinas. Then, Parker walks by Sherald’s portrait of Michelle Obama...and almost passes it. But she stops...and looks up! Parker saw the possibility and promise, the hopes and dreams of herself in this powerful painting of Michelle Obama. An everyday moment became an extraordinary one...that continues to resonate its power, inspiration, and indelible impact. Because, as Jessica Curry said, “anything is possible regardless of race, class, or gender.” **FOREWORD BY ARTIST AMY SHERALD**
