of teaching and learning in higher education. Students are assessed largely by what they write, and need to learn both general academic conventions as well as disciplinary writing requirements in order to be successful in higher education. *Teaching Academic Writing* is a 'toolkit' designed to help higher education lecturers and tutors teach writing to their students. Containing a range of diverse teaching strategies, the book offers both practical activities to help students develop their writing abilities and guidelines to help lecturers and tutors think in more depth about the assessment tasks they set and the feedback they give to students. The authors explore a wide variety of text types, from essays and reflective diaries to research projects and laboratory reports. The book draws on recent research in the fields of academic literacy, second language learning, and linguistics. It is grounded in recent developments

such as the increasing diversity of the student body, the use of the Internet, electronic tuition, and issues related to distance learning in an era of increasing globalisation. Written by experienced teachers of writing, language, and linguistics, *Teaching Academic Writing* will be of interest to anyone involved in teaching academic writing in higher education.

Critical Thinking, Thoughtful Writing John Chaffee 2012 **CRITICAL THINKING,**

THOUGHTFUL WRITING begins with the premise that thinking well involves using language well, and vice versa. This rhetoric with readings-- written by critical-thinking scholar John Chaffee and English professors Christine McMahon and

Barbara Stout--provides thorough coverage of the writing process, going beyond the traditional rhetoric to teach students how to evaluate sources, images, and arguments. Each chapter focuses on a critical-thinking skill--such as problem solving or analysis of complex issues--that is explored through "Thinking-Writing Activities" and thematically linked readings. The text helps students develop these skills through carefully sequenced pedagogy and a cross-disciplinary approach that asks them to complete writing assignments and critically evaluate readings drawn from a variety of disciplines. The Fifth Edition offers new readings, a new "Thinking Critically About New Media" feature in each chapter, and more photos, which emphasize visual rhetoric.

Outliers Malcolm Gladwell 2008-11-18 From the bestselling author of Blink and The Tipping Point, Malcolm Gladwell's Outliers: The Story of Success overturns conventional wisdom about genius to show us what makes an ordinary person an extreme overachiever. Why do some people achieve so much more than others? Can they lie so

far out of the ordinary? In this provocative and inspiring book, Malcolm Gladwell looks at everyone from rock stars to professional athletes, software billionaires to scientific geniuses, to show that the story of success is far more surprising, and far more fascinating, than we could ever have imagined. He reveals that it's as much about where we're from and what we do, as who we are - and that no one, not even a genius, ever makes it alone. Outliers will change the way you think about your own life story, and about what makes us all unique.

'Gladwell is not only a brilliant storyteller; he can see what those stories tell us, the lessons they contain' Guardian 'Malcolm Gladwell is a global phenomenon ... he has a genius for making everything he writes seem like an impossible adventure' Observer 'He is the best kind of writer - the kind who makes you feel like you're a genius, rather than he's a genius' The Times
