Confidential Information Sources John M. Carroll 2014-06-28 This edition includes the effects of massive computerization on the collection, storage, and reporting of personal data. For investigations and back-ground checks of any type, this outstanding volume tells how to hire reliable employees, sell to solvent

customers, and purchase from reliable vendors. Carroll also examines troubling issues of ethics, accuracy, and privacy in our age of electronic information

transfer. Discusses the way the nation collects, stores, and uses personal information. Addresses the ethical questions about how personal data should be used. Highlights the changes in information collection brought about by computers.
