**Terrors of the Forest** Mark Cheverton 2017-03-14 Gameknight999 reenters Minecraft to find it completely changed. There are new monsters that he’s never seen before: giants and skeleton druids and pinch beetles and king spiders and mistwolves. Villages are larger than ever, and more heavily fortified; Minecraft had become much more dangerous. Even the very trees had changed, with some of them reaching up taller than the User-that-is-not-a-user ever thought was imaginable. There’s a diamond block portal outside of Crafter’s village, and rumors are spreading that a strange user was seen coming out of the portal with a young boy, before they disappeared into another portal, leaving behind a square hole one block deep with a ring of flowers around it. Gameknight recognizes it as the portal to reach the Twilight Forest mod. But how can there be mods here in the vanilla Minecraft? The User-that-is-not-a-user follows the trail, and finds odd mentions of “303” and “White Castle.” But what do the clues mean? Just how dangerous is this new user to Minecraft, and where is he taking the young NPC? Only Gameknight999 will be able to find out. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

**The Rise of Herobrine** Danica Davidson 2016-04-19 Stevie has been having repeated nightmares about the mysterious figure known as “Herobrine.” Some say Herobrine is an old ghost story. Some say he’s a virus. But no one believes he is real...except maybe Stevie, whose nightmares are telling him that Herobrine is going to take over the Overworld. His cousin Alex has come to visit, and during one of her explorations, she finds a music disc that predicts the destruction of the Overworld! Are Stevie’s nightmares and the music disc connected? Stevie and Alex hook up with Stevie’s best friend Maison, and the three quickly begin looking for answers. While they look, Herobrine is drawing ever closer. Someone is stealing the villagers’ most precious belongings, including Stevie’s cat, Ossie. People are angry and turning against one another. And there are mysterious signs appearing around the Overworld. Stevie, Maison, and Alex must unearth more music discs, piece together clues from the nightmares, and, ultimately, confront Herobrine—the most feared being of all—at his dark home in an abandoned temple high atop a forbidding mountain. The fate of the Overworld is depending on them. The computer it resided in was completely destroyed. Without their leader, the few survivors of its evil army were cast away into the shadows. It looked as if there would finally be peace and happiness throughout the servers of Minecraft. But suddenly, and mysteriously, software began misbehaving. Sheep fell from the sky. Snowballs appeared out of nowhere. What seemed at first like harmless glitches quickly became dangerous. Pigs begin walking backwards, it starts to snow in the middle of the desert, and sheep are falling from the sky. Gameknight999, the User-that-is-not-a-user, has no choice but to investigate. But the odd yet harmless pranks are turning deadly, and it’s not long before entire villages are completely destroyed. **Herobrine’s War** Mark Cheverton 2017-01-17 A massive war in Minecraft’s past will determine the fate of the present! One hundred years in Minecraft’s past, foiled by a time-traveling Gameknight999, the evil virus Herobrine has gone mad with rage. Now determined to wipe every NPC alive off the server as punishment for meddling with his plans, he crafts a new monster king to lead a devastating aerial assault. Gameknight, his true identity still a secret, is stunned when a vicious ghost army, commanded by a terrifying monster that the User-that-is-not-a-user remembers all too well, arrives at the village he’s protecting and unleashes wave after wave of unthinkable terror. With his army overpowered and outnumbered, Gameknight realizes they have no chance of defeating Herobrine and this new army out in the open Overworld. If he’s to save Minecraft from complete annihilation (which would destroy everyone in the present day as well) he’ll need to turn the tables on his greatest nemesis. **Herobrine Middle School** John Diary 2016-12-13 Dan is playing Minecraft with his friends, like he always does, when a strange figure, white from head-to-toe, approaches him in the game and drops a book at his feet. Cautiously, Dan reads the book: it's an invitation, to a school. A school for only the very best Minecraft players in the country. It has to be a trick. It's probably just a joke from one of his friends.Dan is thinking just that, when there's a knock at the door. A strange woman, dressed in all white, has arrived at Dan's front door. She introduces herself to his bewildered mom and dad with her angelic voice. Her name is Ms. Fennerby and she's a teacher at Herobrine Middle School, an academy for children gifted in the game of Minecraft. Dan has been selected as one of the builders and designers of his generation.It all seems to good to be true.And maybe it is...Herobrine Middle School is a thrilling middle school adventure filled with real emotions, page-turning excitement and characters that will jump off the page and make you laugh. It is Spy Kids and Harry Potter and The Hunger Games, all set to the backdrop of the mysterious world of Minecraft. Perfect for readers age eight to fourteen with a story that will excite all lovers of Minecraft. Excerpt "DAAANNNNN! It's dinner time!" the voice echoed up the stairs. "I'll be right down!" Dan yelled back. "I've just got to save the world!"Dan's mom, who was making a racket in the kitchen that made Dan think she was throwing every pot on the ground, didn't respond. That was okay.Dan didn't want to have to explain anyways. He was saving the world.Well... a world. The Minecraft world that he and a couple friends had been working on for over a year. They had magnificent houses and had built huge statues of their avatars in the game. Dan's pride and joy was built on the server too: The Cow Cannon 2000. The Cow Cannon 2000 did... well it did exactly what you would expect it to. It fired cows at blinding speed into the far away expanses of Minecraft. It fired them so far that Dan and his friends had never found any remains of the cows or the mine carts that they were fired in. The best part is that the machine worked automatically. It lured cows to the machine and then fired them off as soon as they got close enough. Dan was incredibly proud of it. A work of art, he told himself.And, really, everything had been perfect in that huge-housed, massive-statued, cow-raining world, until the griefers had shown up. Somehow, a bunch of older kids had found the server and at first it was fine. They built their own stuff. That was fine. But soon they were bored of that and started destroying anything and everything they could find.Dan had urged his friends to just not react. The griefers would get bored, he thought, and leave them alone. But they didn't get bored. So, it was time to take more drastic measures. The griefers' next target was Platinum Plateau where Dan's friends' houses were built, along with the Cow Cannon 2000. Dan wasn't going to let the griefers anywhere near it. He had spent the last week building a series of "secret" entrances to the plateau via mine cart. The idea was that the griefers would find the "secret" entrances and not be able to resist riding the mine carts into the centre of the plateau to surprise Dan and friends. But little did they know that the mine cart would take them right to the Cow Cannon 2000, and before they knew it, BAM! They'd be taking a free flight, courtesy of Dan airlines.What are you waiting for? Get reading!
