The Promise of the Future Cornelis P. Venema 2000 Though we can never, in our time-bound state, know the future in detail, God in his mercy has not left us in complete ignorance of what is to come. His revelation in Holy Scripture has cast a flood of light on what would otherwise remain an impenetrable mystery. Even among those who accept the Bible's authority, however, there has never been complete agreement on what Scripture teaches in this area. This major new examination of biblical teaching on the future of the individual, of the church and of the universe as a whole will be useful both to theological students and to informed non-specialists. Ranging over the whole field, it interacts extensively with recent literature on disputed issues, such as the nature of the intermediate state, the millennium of Revelation 20 and the doctrine of eternal punishment, always seeking to answer the fundamental question: 'What do the Scriptures teach?' The Christ-centered nature of biblical teaching on the future is emphasized, as is the importance of the church's historic confessions for an understanding of eschatology. The chief note sounded is one of hope: 'God's people eagerly await Christ's return because it promises the completion of God's work of redemption. The future is bright because it is full of promise, the promise of God's Word.' - Jacket flap.

He Shall Have Dominion Kenneth L Gentry 2021-02-22 In this edition of this classic study of postmillennialism, you will sense anew the powerful message of Psalm 72 that Christ "shall have dominion from sea to sea" (Psa 72:8). You will learn that God's word boldly promises that "the whole earth will be filled with his glory" (72:19) so that "all nations will call him blessed" (72:17) - before Christ returns. Many evangelicals today are concerned about those being Left Behind on this Late Great Planet Earth as it collapses into absolute chaos. But the postmillennialist optimistically believes regarding Christ that He Shall Have Dominion throughout the earth. In this book you will find the whole biblical rationale for the postmillennial hope, from its incipient beginning in Genesis to its glorious conclusion in Revelation. Your faith will be re-invigorated as you begin to recognize that "the gospel is the power of God unto salvation" (Rom 1:16) and that our Lord Jesus really meant it when he commanded us to "go and make disciples of all the nations" (Matt 28:19).

Baxter's Explore the Book J. Sidlow Baxter 2010-09-21 Explore the Book is not a commentary with verse-by-verse annotations. Neither is it just a series of analyses and outlines. Rather, it is a complete Bible survey course. No one can finish this series of studies and remain unchanged. The reader will receive lifelong benefit and be enriched by these practical and understandable studies. Exposition, commentary, and practical application of the meaning and message of the Bible will be found throughout this giant volume. Bible students without any background in Bible study will find this book of immense help as will those who have spent much time studying the Scriptures, including pastors and teachers. Explore the Book is the result and culmination of a lifetime of dedicated Bible study and exposition on the part of Dr. Baxter. It shows throughout a deep awareness and appreciation of the grand themes of the gospel, as found from the opening book of the Bible through Revelation.

Think John Piper 2011 Piper demonstrates from Scripture that we don't need to choose between glorifying God with our heart and glorifying him with our mind. It's not heart or mind, but heart and mind.

The Greatness of the Great Commission Kenneth L. Gentry 2013-08 This book carefully studies Jesus' Great Commission (Matt. 28:18-20). It shows that the Christian enterprise in a fallen world is to win men and nations, individuals and whole cultures to the Christian faith. It shows the optimism for success inherent in Jesus' commission, as well as demonstrating the universal applicability of the Christian worldview.

Rose Publishing has produced one of the finest books I have ever seen. Every aspect of the charts, maps and time lines leaps off the page with spectacular color, incredible accuracy and intricate detail. . . . A must for every pastor and teacher who wants to clearly present the truths of the Bible." --Dr. Jerry Falwell, Founder of Liberty University "A compendium of charts, time lines, lists and illustrations to accompany study of the Bible. This visually appealing resource provides a wide array of illustrative and textually concise references, beginning with three sets of charts covering the Bible as a whole, the Old Testament and the New Testament. These charts cover such topics as biblical weights and measures, feasts and holidays and the 12 disciples. Most of the charts use a variety of illustrative techniques to convey lessons and provide visual interest. A worthwhile example is 'How We Got the Bible, ' which provides a time line of translation history, comparisons of canons among faiths and portraits of important figures in biblical translation, such as Jerome and John Wycliffe. The book then presents a section of maps, followed by diagrams to conceptualize such structures as Noah's Ark and Solomon's Temple. Finally, a section on Christianity, cults and other religions describes key aspects of history and doctrine for certain Christian sects and other faith traditions. Overall, the authors take a traditionalist, conservative approach. For instance, they list Moses as the author of the Pentateuch (the first five books of the Hebrew Bible) without making mention of claims to the contrary. When comparing various Christian sects and world religions, the emphasis is on doctrine and orthodox theology. Some chapters, however, may not completely align with the needs of Catholic and Orthodox churches. But the author's leanings are muted enough and do not detract from the work's usefulness. As a resource, it's well organized, inviting and visually stimulating. Even the most seasoned reader will learn something while browsing. Worthwhile reference stuffed with facts and illustrations." -- Kirkus Reviews

The Invisible War Chip Ingram 2015-08-25 Some Christians believe strongly in the existence of demons and spiritual warfare. Others downplay or even ignore the idea. With such divergent views, how are Christians supposed to know the truth about demonic forces at work in this world? The Invisible War examines what every believer needs to know about Satan, demons, and spiritual warfare, offering a balanced look at this controversial subject. This provocative book will help Christians understand what the Bible says about these threats and will show them how they can safeguard themselves and their families through prayer. Now repackaged for a new generation, The Invisible War offers a balanced look at what is going on in the spiritual realm and what believers can do to defend themselves.

Consumption and Spirituality Diego Rinallo 2013 This book sheds light on the consumption of spiritual products, services, experiences, and places through state-of-the-art studies by leading and emerging scholars in interpretive consumer research, marketing, sociology, anthropology, cultural, and religious studies. The collection brings together fresh views and scholarship on a cultural tension that is at the centre of the lives of countless individuals living in postmodern societies: the relationship between the material and the spiritual, the sacred and the profane. The book examines how a variety of agents – religious institutions, spiritual leaders, marketers and consumers – interact and co-create spiritual meanings in a post-disenchanted society that has been defined as a 'supermarket of the soul.' Consumption and Spirituality examines not only religious organizations, but also brands and marketers and the way they infuse their products, services and experiences with spiritual meanings that flow freely in the circuit of culture and can be appropriated by consumers even without purchase acts. From a consumer perspective, the book investigates how spiritual beliefs, practices, and experiences are now embedded into a global consumer culture. Rather than condemning consumption, the chapters in this book highlight consumers' agency and the creative processes through which authentic spiritual meanings are co-created from a variety of sources, local and global, and sacred and profane alike.

The Color of Welfare Jill Quadagno 1996-04-11 Thirty years after Lyndon Johnson declared a War on Poverty, the United States still lags behind most Western democracies in national welfare systems, lacking such basic programs as national health insurance and child care support. Some critics have explained the failure of social programs by citing our tradition of individual freedom and libertarian values, while others point to weaknesses within the working class. In *The Color of Welfare*, Jill Quadagno takes exception to these claims, placing race at the center of the "American Dilemma," as Swedish economist Gunnar Myrdal did half a century ago. The "American creed" of liberty, justice, and equality clashed with a history of active racial discrimination, says Quadagno. It is racism that has undermined the War on Poverty, and America must come to terms with this history if there is to be any hope of addressing welfare reform today. From Reconstruction to Lyndon Johnson and beyond, Quadagno reveals how American social policy has continually foundered on issues of race. Drawing on extensive primary research, Quadagno shows, for instance, how Roosevelt, in need of support from southern congressmen, excluded African Americans from the core programs of the Social Security Act. Turning to Lyndon Johnson's "unconditional war on poverty," she contends that though anti-poverty programs for job training, community action, health care, housing, and education have accomplished much, they have not been fully realized because they became inextricably intertwined with the civil rights movement of the 1960s, which triggered a white backlash. Job training programs, for instance, became affirmative action programs, programs to improve housing became programs to integrate housing, programs that began as community action to upgrade the quality of life in the cities were taken over by local civil rights groups. This shift of emphasis eventually alienated white, working-class Americans, who had some of the same needs—for health care, subsidized housing, and job training opportunities—but who got very little from these programs. At the same time, affirmative action clashed openly with organized labor, and equal housing raised protests from the white suburban middle-class, who didn't want their neighborhoods integrated. Quadagno shows that Nixon, who initially supported many of Johnson's programs, eventually caught on that the white middle class was disenchanted. He realized that his grand plan for welfare reform, the Family Assistance Plan, threatened to undermine wages in the South and alienate the Republican party's new constituency—white, southern Democrats—and therefore dropped it. In the 1960s, the United States embarked on a journey to resolve the "American dilemma." Yet instead of finally instituting full democratic rights for all its citizens, the policies enacted in that turbulent decade failed distally. *The Color of Welfare* reveals the root cause of this failure—the inability to address racial inequality.

THE GAP IS NOT A THEORY! Jack W. Langford 2011-12-21 What has been called the "Gap Theory" was a popular and consistent explanation of the first chapter of Genesis among fundamental, evangelical Christians up through the mid 1900s. With the rise of Young Earth Creationism, the gap theory was simply pushed to the background and ridiculed as a past effort to satisfy the claims of modern evolutionary science. In effect, the new teachers buried this doctrine with the debris of Noah's flood deposits. However, we shall see in this study that the YEC effectively left the literal Biblical record of Genesis 1 and leaped into the realm of pseudo-science to claim that Noah's flood deposited all the various sedimentary strata of the whole earth. In addition, they pontifically assert that the whole heavens and earth are only about 6000 years old. This study is going to prove that the YEC are the very ones who do not take the Scriptures literally. This study will prove conclusively that Moses did not make the blunder of either stating or inferring the earth is only 6000 years old. There is an abundance of biblical evidences that the Gap is not a theory, but a fact! In this study you will find that certain of the prophets and an apostle were inspired of God to look back in time, even to the "backside of earth's history," We shall be surprised to find that the past is as captivating as the future. In fact, as we better understand the past, we shall better comprehend the future. The cover picture is from two pages of the Jewish Sarajevo Haggadah, as seen in the Saravejou museum in Spain. This work was done in 1400 CE. The pictures on each page are to be read in the Hebrew manner from right to left. The pictures graphically depict the six-day activity of God in preparing the earth of man's habitation. Two things are to be noted: first, these six days are preceded by a scene of the earth in a chaotic condition as described in the second verse of Genesis 1 (first fame, upper right hand corner); second, on the first day light was made and nothing else (third verse of Genesis 1, second frame). Obviously, this six hundred year old work was not influenced by modern scientific theories, rather it represents a long standing interpretation in Judaism.

Pre-Incident Indicators of Terrorist Incidents Brent L. Smith 2011-01 This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

Without Form and Void Arthur C Custance 2008-08-01 Considered a classic in Christian apologetics, this scholarly analysis of the Biblical phrase "without form and void," from the opening chapter of Genesis, observes the rules of linguistics, of grammar and syntax, and also examines how words are used in the rest of Scripture. This book has been described as the best argument that has ever been written for the Gap Theory. A well respected Canadian scientist himself, and listed in the 1971 American Men in Science, Dr. Custance contends that we should not allow science to determine what Scripture says. Neither should we allow Scripture to determine what the scientist observes in the laboratory. Yet observed fact in the one cannot, ultimately, conflict with revealed fact in the other. Any conflict, then, is in the interpretation of the facts - not in the facts themselves.

The Angelic Conflict R. B. Thieme, Jr. 2012-01-01 The Angelic Conflict rages around us. This is not a world war. This is a war beyond the world—an invisible warfare between the forces of Satan and the forces of God. Ultimately God will win. Long before the advent of human history, Satan arrogantly rebelled against his Creator. He wanted to make himself "like the Most High" and recruited one-third of the angels to follow him. God justly condemned Satan and his fallen angels to spend eternity in the lake of fire. Satan appealed the sentence, claiming unfairness—questioning how a loving God could cast His creatures into hell. Planet Earth is now the battleground where Satan seeks to outmaneuver God, prove the judgment unfair, and foil the execution of his sentence. Satan will not suffer defeat without an intense struggle. God created man to resolve this angelic conflict. Human volition is the focal point of the firestorm. Will man choose God's grace plan of salvation or follow the arrogant system of Satan? Through the freewill decisions of mankind, God proves to Satan His perfect justice and love again and again. As believers, it is imperative we understand this spiritual warfare that surrounds us. Satan uses every ruse at his command to derail and discredit those who are in Christ. For our defense, God has provided an overwhelming advantage in a powerful suit of spiritual armor. With it we can withstand the "flaming missiles of the evil one" and become heroes in the invisible war. God is glorified as we lock shields and stand firm on His power and Word.

A Glimpse of the Christ Richard J. "Dick" Hill 2016-02-18 The extreme value of what the Lord Jesus Christ accomplished while on earth is based on His true identity. He asked His disciples the piercing question: "Who do men say that I, the Son of Man, am?" His identity continues to be questioned today. The non-Christian community and church members alike struggle to know. Either Jesus Christ is God revealed in human flesh or He is not! This is the very issue that divides the entire human race. Evil powers continue to mount a steady assault upon the character of Christ. To disgrace His character is to destroy the effect of His work on the cross.

The Angelic Conflict Pastor Robert R. McLaughlin 2012-05-03 Robert R. McLaughlin is the pastor of Grace Bible Church in Somerset, Massachusetts and the President of Robert McLaughlin Bible Ministries. Both ministries are non-denominational grace ministries dedicated to teaching the Word of God from the original languages and making it available at no charge throughout the world. For over 30 years Pastor McLaughlin has taught from the original languages of scripture, The Ministry is dedicated to equipping the believers in the Lord Jesus Christ to live the life that the Lord has designed for them. This is a life of contentment and strength as we go through the inevitable problems and challenges that life brings. Like it or not, believe it or not, we are all a part of an Angelic Conflict. One can hardly live in today's society and not come across the concept of good versus evil. Books, movies, video games, news, it is found everywhere. It is actually a measure of Satan's genius that he uses all of these things to disguise, obscure, and pervert the truth. This book explains why most people, including many Christians, are unable to associate the events of their lives

with the big picture, the Angelic Conflict itself. The Bible teaches that before the creation of man, a conflict arose between God and His angels, when Satan attempted to ascend to the Mount of Heaven and wrestle God's ruler-ship away from Him. The resulting battle left the surface of the earth in ruins, at this point the earth was packed in ice. Presumably it was at this time that the trial occurred in which Satan and the angels that followed him were found guilty and sentenced to the Lake of Fire. Since Satan is obviously not yet in the Lake of Fire, the logical conclusion is that he appealed his sentence. We can speculate a number of grounds on which he is making this appeal. One is an accusation against God's character that we hear often enough in life: How can a loving God cast His creatures into hell? To answer this appeal, God created man, a lower being, and set him in the great stadium of earth for all the angels to observe. God would take on the form of this lower being Himself. He would allow sinful man to abuse and mock Him, and finally to nail Him to a Roman Cross in an attempt to destroy Him. Our Lord Jesus Christ would then bear the penalty for the sins of all mankind. By doing so He neutralized the claims His justice had against us, so that we could live with Him and fellowship with Him forever. This book unlocks the secrets of the Angelic Conflict!

The Rice Crisis David Dawe 2012-07-26 The recent escalation of world food prices - particularly for cereals - prompted mass public indignation and demonstrations in many countries, from the price of tortilla flour in Mexico to that of rice in the Philippines and pasta in Italy. The crisis has important implications for future government trade and food security policies, as countries re-evaluate their reliance on potentially more volatile world markets to augment domestic supplies of staple foods. This book examines how government policies caused and responded to soaring world prices in the particular case of rice, which is the world's most important source of calories for the poor. Comparable case studies of policy reactions in different countries, principally across Asia, but also including the USA, provide the understanding necessary to evaluate the impact of trade policy on the food security of poor farmers and consumers. They also provide important insights into the concerns of developing countries that are relevant for future international trade negotiations in key agricultural commodities. As a result, more appropriate policies can be put in place to ensure more stable food supplies in the future. Published with the Food and Agriculture (FAO) Organization of the United Nations

Lectures in Systematic Theology Henry C. Thiessen 2006-11-09 Originally published in 1949 and then revised in 1979, this comprehensive introduction to systematic theology has well served countless students and pastors for more than half a century. In this paperback edition it will continue to instruct serious students of the Bible and theology. Following two introductory chapters delineating the nature, necessity, possibility, and divisions of theology, Henry Clarence Thiessen systematically address a wide range of subjects in eight major sections -- Theism, Bibliology, Theology, Anthropology, Soteriology, Ecclesiology, Angelology, and Eschatology. Also included are two specialized indexes for further study -- an Index of Subjects and an Index of Scriptural References that includes over 4,000 entries.
